UFOs and the Alien Presence Michael Lindemann, Null Null, 1998-02 Taken all together the evidence for an alien presence on earth is enormous Few people know that evidence better or have thought

about it more carefully than the researchers who speak in the pages of this book All of them are successful in fields outside of ufology None of them claims any final truth about UFO s Yet they all accept the risks inherent in speaking aloud their uncomfortable thoughts Why Find out here from them [UFOs and the Alien Presence](#) Michael Lindemann, *UFOs and the Alien Presence* Michael Lindemann, 1991 **Federal Register** ,2013 *Immigration Law and Procedure: USCIS Policy Manual and Adjudicator's Field Manual* Charles Gordon, Stanley Mailman, Stephen Yale-Loehr, Ronald Y. Wada, 2023-05-12 This ebook provides the user with convenient access to the USCIS Policy Manual PM and the USCIS Adjudicator s Field Manual AFM While USCIS is in the process of converting its guidance from the AFM to the PM this publication will contain those portions of the AFM that USCIS indicates are superseded in an AFM archive Available separately but also included with Immigration Law and Procedure Business Immigration Module Updated four times a year This eBook features links to Lexis Advance for further legal research options [Alien Presence Confirmed - We Are Not in Control](#) Pane Andov, 2019-05-20 Both benevolent and hostile extraterrestrials have been present in this solar system for a very long time The current human civilization is not the only one that existed on planet Earth and certainly not the most advanced one It is the author s personal opinion that the legends about Atlantis and Lemuria are true and that on this planet once walked humanoids with far more functional genetics that we have today and with increased abilities of consciousness Some had bigger body sizes some elongated skulls some even three eyes long ears more arms or legs etc In those days the Earth had the so called Optimal Genetic Expression the best of the RNA DNA what organism can have However the negative extraterrestrials found a way to cause a major interplanetary conflict in the solar system a conflict which Earth was also involved This conflict happened sometime around 11 600 years ago and it resulted with such devastation that most of Lemuria and Atlantis were destroyed The water in the oceans destabilized and the entire Earth was flooded It took a while until Earth recovered to a livable environment and the survivors of Lemuria and Atlantis rebuilt some of the ancient world However now the extraterrestrials were in charge and after a relatively peaceful coexistence that lasted around 7 600 years another major conflict appeared This conflict is described in Mahabharata and Ramayana Numerous fights of the ancient humanoids with the gods were described The flying vimanas were mostly destroyed by the alien flying crafts and most of the ancient humans were wiped out Negative extraterrestrials introduced special kind of radiation weapons that downgraded the genetic functionality of the ancient humanoids They went through genetic mutation and become what we are today The Optimal Genetic Expression was lost In other words during the last conflict around 4 000 ago the biological gigantism on planet Earth was lost the DNA abundance was no longer possible and the human genetic functionality was downgraded With only 5 sense input and higher abilities of consciousness deactivated the humankind became an easy target for many abusive ET species that stayed in the solar system Humans became beings without purpose Confused and in state of amnesia The impulse to use brutal aggressiveness for dominance became the main driving force behind most of the actions taken by those

who were not fortunate enough to depart the solar system on time and avoid been exposed to the dangerous radiation that caused genetic mutation Every new generation was falling deeper into the confusion and unawareness becoming more and more out of sync with the Divine Source Consciousness which holds the fabric of the Universe together The Dark Ages began Despite the previous records the modern humans started to become more aware that there is an extraterrestrial presence on planet Earth during World War II At the time they didn't know who they are dealing with where are they coming from and what they want This book deals with some of the UFO observations around and after World War II and progresses towards the present time It contains an abundance of evidence and the reader is left to make his her own conclusion of what is happening on this planet and why

An Alien Presence Jorge L. Perez-jara, 2012-03-01 Humanity had finally received an answer to the age old question Are we truly alone The answer was an undeniable and resounding NO Unfortunately Earth's First Contact with an alien civilization has been interrupted by human quarrelling and mistrust Hostilities have broken out above and on the surface of Earth The alien visitors have arrived in a time of high tension and have front row seats to humanity's oldest profession WAR Major Myles Webb of the American Federated States Space Marines is once again caught between his loyalty to the AFS and the trust the aliens have placed upon him which he dares not betray He is the only person that has full access to the aliens who now call Mars home He also has their full trust in being the mediator between Humanity and the Hee Umana by being appointed as Earth's Ambassador But with hostilities breaking out on the planet's surface he must also balance his responsibilities of being an AFS Space Marine and newly appointed Sub Commander within the alien ranks A role he was given without preamble and is expected to perform while the aliens remain within the Solar System He also has to figure out why the aliens are in a hurry to increase their numbers and military strength All of their preparations suggest that they are worried about something unknown which they refuse to share the secret with their human counterparts All Major Webb knows it is something that even frightens their current visitors the Hee Umana An alien race that knows all about war and is harden to face the unknown but this unforeseen force is even something they agonize about He may not know what it is but he is certain of one thing They will face it together But before they can even do that they have to resolve the tension on the planet's surface
