**William P. Woodard**

## **The Allied Occupation Of Japan 1945-1952 And Japanese Religions:**

The Allied occupation of Japan 1945-1952 and Japanese religions William P. Woodard, 2024-05-06      The Allied Occupation of Japan 1945-1952 and Japanese Religions William P. Woodard, 1972      **The Allied occupation of Japan 1945-1952, and Japanese religions** William P. Woodard, 1972      **A Companion to Japanese History** William M. Tsutsui, 2009-07-20 A Companion to Japanese History provides an authoritative overview of current debates and approaches within the study of Japan's history Composed of 30 chapters written by an international group of scholars Combines traditional perspectives with the most recent scholarly concerns Supplements a chronological survey with targeted thematic analyses Presents stimulating interventions into individual controversies      *The Allied Occupation of Japan, 1945-1952* Frank Joseph Shulman, Joint Committee on Japanese Studies, 1974      **The Oxford Handbook of the Bible in America** Paul Gutjahr, 2017-11-01 Early Americans have long been considered A People of the Book Because the nickname was coined primarily to invoke close associations between Americans and the Bible it is easy to overlook the central fact that it was a book not a geographic location a monarch or even a shared language that has served as a cornerstone in countless investigations into the formation and fragmentation of early American culture Few books can lay claim to such powers of civilization altering influence Among those which can are sacred books and for Americans principal among such books stands the Bible This Handbook is designed to address a noticeable void in resources focused on analyzing the Bible in America in various historical moments and in relationship to specific institutions and cultural expressions It takes seriously the fact that the Bible is both a physical object that has exercised considerable totemic power as well as a text with a powerful intellectual design that has inspired everything from national religious and educational practices to a wide spectrum of artistic endeavors to our nation's politics and foreign policy This Handbook brings together a number of established scholars as well as younger scholars on the rise to provide a scholarly overview rich with bibliographic resources to those interested in the Bible's role in American cultural formation      To Dream of Dreams David M. O'Brien, 1996-04-01 Prior to World War II State Shinto which was centered on the worship of the emperor and Yasukuni Shrine's cult of war dead was established in support of the government and militarism Since the end of the Occupation Japanese conservatives have sought to restore State Shinto's institutions even as expanded military budgets have placed Japan among the top five countries in defense spending This timely book focuses on the struggles against government attempts to revive the emperor system and Japan's prewar military presence Organized around case studies and based on extensive interviews To Dream treats the operations of the Japanese court system thoroughly and uncovers important cases regarding religious liberty that remain little known even among specialists on modern Japanese history and society It shows that litigation has been brought by pacifists liberals and others fiercely opposed to renewed militarism and to governmental support for the symbolism and institutions of State Shinto Throughout the author offers important information on the composition of courts involved and the attitudes of specific judges

and provides translated texts of significant judicial decisions in the process dispelling the stereotype of the Japanese as reluctant litigants

**On Understanding Japanese Religion** Joseph Mitsuo Kitagawa, 1987-10-21 Joseph Kitagawa one of the founders of the field of history of religions and an eminent scholar of the religions of Japan published his classic book *Religion in Japanese History* in 1966 Since then he has written a number of extremely influential essays that illustrate approaches to the study of Japanese religious phenomena To date these essays have remained scattered in various scholarly journals This book makes available nineteen of these articles important contributions to our understanding of Japan s intricate combination of indigenous Shinto Confucianism Taoism the Yin Yang School Buddhism and folk religion In sections on prehistory the historic development of Japanese religion the Shinto tradition the Buddhist tradition and the modern phase of the Japanese religious tradition the author develops a number of valuable methodological approaches The volume also includes an appendix on Buddhism in America Asserting that the study of Japanese religion is more than an umbrella term covering investigations of separate traditions Professor Kitagawa approaches the subject from an interdisciplinary standpoint Skillfully combining political cultural and social history he depicts a Japan that seems a microcosm of the religious experience of humankind

**Capital as Will and Imagination** Mark Metzler, 2013-04-09 With this book Mark Metzler continues his investigation into the economic history of twentieth century Japan that he began in *Lever of Empire* In *Capital as Will and Imagination* he focuses on the successful stabilization of Japanese capitalism after the Second World War How did a defeated and heavily damaged nation manage reconstruction so rapidly What economic beliefs resulted in the miracle years of high speed economic growth Metzler argues that the inflationary creation of credit was key to Japan s postwar success and its eventual demise due to its instability over the long term To prove his case Metzler explores heterodox ideas about economic life in particular Joseph Schumpeter s realization that inflation is intrinsic to capitalist development Schumpeter s ideas widely ignored within standard American neoclassical economic theory were shaped by his experience of Austria s reconstruction after 1918 They were highly influential in Japan and Metzler traces their impact in the period from the Allied Occupation starting in 1945 through the Income Doubling Plan of 1960 Japan after defeat Metzler argues illustrates the critical importance of inflationary credit creation for increased production

**Beyond Zen** John Breen, Sueki Fumihiko, Yamada Shōji, 2022-09-30 *Beyond Zen* D T Suzuki and the Modern Transformation of Buddhism is an accessible collection of multidisciplinary essays which offer a genuinely new appraisal of the great Zen scholar practitioner D T Suzuki 1870-1966 Suzuki s writings and lectures continue to exert a profound influence on how Zen Buddhism more broadly and indeed Japanese culture as a whole are understood in the United States Europe and across the globe With the publication of *Beyond Zen* we have at last in a single volume a comprehensive assessment of Suzuki that locates him and his legacy in the context of the turbulent age in which he lived Now is the perfect moment for reflection and stocktaking The fiftieth anniversary of Suzuki s death passed just a few years ago the copyright on his literary output has expired and his selected

works have recently been published by a major American university press The work comprises twelve essays by some of the best Zen scholars in the world Anglophone and Japanese seasoned and young They take a fresh look at Suzuki his life and legacy and their themes range broadly Readers will find here explorations of Suzuki as he engaged with Zen and Mah y na Buddhism nationalism and international relations war and peace religion literature and the media the individual and society and family friends and animals Beyond Zen is structured chronologically to reveal the development in Suzuki s thought during his long and eventful life All in all this collection offers a compelling provocative and multidimensional reappraisal of an extraordinary man and his times
