The Alms Bazaar Altruism Under Fire Nonprofit Organizations And International Development:

The Alms Bazaar Ian Smillie, 1995 PART TWO NGOs TODAY *A Historical Guide to NGOs in Britain* M. Hilton, N. Crowson, J. Mouhot, J. McKay, 2012-07-20 Aiming to furnish the reader with the historical data to engage with the debates surrounding the Cameron government's Big Society and civil society this book gives the reader a greater and more informed historical consciousness of how the NGO sector has grown and influenced **Routledge Handbook of Diplomacy and Statecraft** B.J.C. McKercher, 2012-03-12 Despite post Cold War arguments about their demise Great Powers not only continue to thrive with lesser Powers they form the basis of the constellation of global politics This topical new Handbook illustrates how and why the new international order has evolved and is still evolving since the end of the Cold War through the application of diplomacy and statecraft Including cutting edge contributions from over 40 scholars the handbook is structured around seven sections Context of Diplomacy Great Powers Middle Powers Developing Powers International Organisations and Military Alliances International Economy Issues of Conflict and Co operation Through analysis of a wide range of case studies the Handbook assesses the diplomacy and statecraft of individual powers offering insights into how they function their individual perception of national interests and the roles they play in modern statecraft The contributors also seek to evaluate the organizations and contemporary issues that continue to influence the shaping of the new international order A comprehensive survey of diplomacy across the world this work will be essential reading for scholars and professionals alike **When Rambo Meets the Red Cross** Stanislava P. Mladenova, 2024-04-01 Non governmental organizations and militaries are notorious for their difficult relationship The military is mostly understood through the prism of its lethality and NGOs are perceived as idealistic do gooders ready to save the world Stanislava P Mladenova traces the changing character of interaction between both of these entities She argues that the boundaries which once separated their functions are fading Fragile ungoverned and insecure spaces need both of what these actors can provide As a result they have drawn closer together and have everything at their disposal for a collaborative efficient and productive civil military partnership which is contrary to what many observers and leaders in the conflict and development space have long believed Mladenova makes a convincing case that it is high time both sets of actors put aside their differences bringing to light a fast changing landscape of vicious poverty insecurity and climate change where the conventional way of doing business will become the exception not the rule **Routledge Handbook of African Security** James J. Hentz, 2013-08-22 This new Handbook examines the issues challenges and debates surrounding the problem of security in Africa Africa is home to most of the world's current conflicts and security is a key issue However African security can only be understood by employing different levels of analysis the individual human security the state national state security and the region regional international security Each of these levels provides analytical tools for understanding what could be called the African security predicament and these debates are animated by the new security issues immigration small arms transfers gangs and

domestic crime HIV AIDS transnational crime poverty and environmental degradation African security therefore not only presents concrete challenges for international security but provides a real world context for challenging conventional conceptions of security Drawing together contributions from a wide range of key thinkers in the field the Routledge Handbook of African Security engages with these debates and is organized into four parts Part I The African security predicament in the twenty first century Part II Understanding conflict in Africa Part III Regionalism and Africa Part IV External influences This Handbook will be of great interest to students of African politics human security global security war and conflict studies peacebuilding and IR in general

International Aid, Administrative Reform and the Politics of EU Accession Artan Karini, 2018-09-11 This book provides a detailed analysis of the dimensions and dynamics of the role of international aid in the reform and capacity development of public service in post communist Albania It challenges the technocratic results based management frameworks used by aid organizations and reports of official donors operating in the country context and offers a qualitative and critical assessment of the role of aid in administrative reform and capacity building Secondly the book highlights the specificity of the national politico administrative context and its ability to modify the process of policy transfer from aid organizations to the Albanian bureaucracy In doing so it illustrates the domestic challenges in the transfer process towards policy learning and makes a valuable contribution to the debate over the voluntary vs coercive administrative reform in Southeast Europe in relation to the politics of EU accession

Beyond UN Subcontracting Thomas G. Weiss, 2016-07-27 Beyond UN Subcontracting sheds light through a series of post Cold War case studies on whether one United Nations efforts both to devolve responsibility for security to regional institutions and the delivery of some of their services to international nongovernmental organisations are a step toward or away from better global governance The cases are designed to explore patterns of interaction and to provide lessons for the future

Humanitarianism Tim Allen, Anna Macdonald, Henry Radice, 2018-06-27 The field of humanitarianism is characterised by profound uncertainty by a constant need to respond to the unpredictable and by concepts and practices that often defy simple or straightforward explanation Humanitarians often find themselves not just engaged in the pursuit of effective action but also in a quest for meaning That is the starting point for this book Humanitarian action has in recent years confronted geopolitical challenges that have upended much of its conventional modus operandi and presented threats to its foundational assumptions and legal frameworks The critical interrogation of the purpose practice and future of humanitarian action has yielded a rich new field of enquiry humanitarian studies and many thoughtful books articles and reports So the question arose as to the most useful way to provide a critical overview that might serve to bring some definitional clarity as well as analytical rigor to the waves of critique and shifting sands of humanitarian action Humanitarianism A Dictionary of Concepts provides an authoritative analysis that attempts to rethink rather than merely problematize or define the issues at stake in contemporary humanitarian debates It is an important moment to do so Just about every tenet of humanitarianism is
