The American Ambassadors Resided in Dublin:

The American Ambassador's Residence--Dublin Elizabeth Shannon, 1979

The Lamplighters of the Phoenix Park James Flanagan, Frank Flanagan, Donal Fallon, 2023-10-19 The Phoenix Park in Dublin holds a special place in the collective memory of Irish people. From the assassinations of 1882 and the destruction of several imperial monuments to the arrival of Douglas Hyde as Ireland's first president and Pope John Paul's 1979 visit, it has been at the centre of Irish society for centuries. But the park is also part and parcel of daily life for many Dubliners, none more so than the Flanagan family who have been lighting the gas lamps within its walls since 1890. Here historian Donal Fallon speaks to brothers Frank and James Flanagan, lamplighters of the park, to give us a snapshot of a fading tradition and a unique history of one of Ireland's most beloved places. With stunning photographs, historical events, and personal stories, *The Lamplighters of the Phoenix Park* shines a light on the park at the centre of our national identity through the prism of this singular family whose histories have been intertwined for more than 150 years.

The Green & White House Lynne Kelleher, 2022-03-01 Carefully researched and excellently written, a wonderful account of the special relationship between Ireland and the USA. BERTIE AHERN: Anybody with an interest in Irish American politics and personalities will want to read *The Green and White House*. DICK SPRING: Intimate, complex, long-lasting, the links between Ireland and US presidents extend much further and deeper than JFK. From Andrew Jackson in 1829 to Woodrow Wilson in 1913 and Joe Biden in 2021, Ireland's sway in the White House is hugely significant. Handwritten letters, weatherworn tombstones, shipping records, and even an old desk unlock the ancestral secrets of 23 presidents. Spanning the centuries from covered wagons to the American Revolution, the birth of the Irish Republic to JFK's heady glamour, *The Green and White House* takes in political machinations and the firebrands who pushed for freedom, justice, and peace for Ireland. For centuries, Irish emigrants crossed the Atlantic by boat, but an intense diplomatic bromance has seen American commanders in chief returning to remote Irish villages via Air Force One and armoured limousines. Incredible stories spring from these presidential visits: High-tech phones are installed in an ancient cemetery while an Aran cardigan is treated like a hostile device. Anti-personnel nets produce a bumper catch of salmon, but a Secret Service gun is lost, then found, amid a jubilant crowd. Each homecoming, always conducted with a twinkle in the eye, turns local people into international media darlings. But this transatlantic courtship, forged over the unearthed mysteries of sprawling family trees, has secured Ireland an annual invite to the White House, something no other nation can rival.

THE GREEN AND WHITE HOUSE takes a wry look at the special relationship one tiny nation shares with the world's greatest superpower.

The Letters of John McGahern John McGahern, 2021-08-31 I am no good at letters, John McGahern, 1963. John McGahern is consistently hailed as one of the finest Irish writers since James Joyce and Samuel Beckett. This volume collects some of the witty, profound, and unfailingly brilliant letters that he exchanged with family, friends, and literary luminaries such as Seamus Heaney, Colm Tóibín, and Paul Muldoon over the course of a well-travelled life. It is one of the major contributions to the study

of Irish and British literature of the past thirty years acting not just as a crucial insight into the life and works of a much revered writer but also a history of post war Irish literature and its close ties to British and American literary life One of the greatest writers of our era Hilary Mantel McGahern brings us that tonic gift of the best fiction the sense of truth the sense of transparency that permits us to see imaginary lives more clearly than we see our own John Updike **The Phoenix Park Murders** Senan Molony, 2006 06 May 1882 the Number One administrator of the British government in Ireland and his Number Two are assassinated by men wielding deadly surgical knives while the pair are walking in the Phoenix Park The killings are witnessed from the Viceregal Lodge now Aras an Uachtarain the official residence of her majesty's representative in Ireland One of the dead men is Lord Frederick Cavendish who is married to the niece of the prime minister William Ewart Gladstone The other man is Thomas Henry Burke the head of the Irish Civil Service a man denounced by Nationalists as the leading Castle Rat in the British occupation The British government must solve this crime But there are no clues The witness descriptions are inconclusive and the local police do not know where to begin *JFK's Last Hundred Days* Thurston Clarke, 2013-07-16 A Kirkus Best Book of 2013 A revelatory minute by minute account of JFK's last hundred days that asks what might have been Fifty years after his death President John F Kennedy's legend endures Noted author and historian Thurston Clarke argues that the heart of that legend is what might have been As we approach the anniversary of Kennedy's assassination JFK's Last Hundred Days reexamines the last months of the president's life to show a man in the midst of great change finally on the cusp of making good on his extraordinary promise Kennedy's last hundred days began just after the death of two day old Patrick Kennedy and during this time the president made strides in the Cold War civil rights Vietnam and his personal life While Jackie was recuperating the premature infant and his father were flown to Boston for Patrick's treatment Kennedy was holding his son's hand when Patrick died on August 9 1963 The loss of his son convinced Kennedy to work harder as a husband and father and there is ample evidence that he suspended his notorious philandering during these last months of his life Also in these months Kennedy finally came to view civil rights as a moral as well as a political issue and after the March on Washington he appreciated the power of Reverend Martin Luther King Jr for the first time Though he is often depicted as a devout cold warrior Kennedy pushed through his proudest legislative achievement in this period the Limited Test Ban Treaty This success combined with his warming relations with Nikita Khrushchev in the wake of the Cuban missile crisis led to a détente that British foreign secretary Sir Alec Douglas Home hailed as the beginning of the end of the Cold War Throughout his presidency Kennedy challenged demands from his advisers and the Pentagon to escalate America's involvement in Vietnam Kennedy began a reappraisal in the last hundred days that would have led to the withdrawal of all sixteen thousand U S military advisers by 1965 JFK's Last Hundred Days is a gripping account that weaves together Kennedy's public and private lives explains why the grief following his assassination has endured so long and solves the most tantalizing Kennedy mystery of all not who killed him but who he was when he was killed and where he would have led us
