Sacramental Theology for a Modern and Future World Michael Debus, 2022-01-28 What Christ Jesus taught is not what is most important but rather what he has given humanity His resurrection is the birth of a new faculty within human nature Rudolf Steiner There are many books on sacramental theology some of which focus on a specific denomination while others aspire to rigorous academic objectivity Some also serve as an introduction to a particular branch of Christianity and Michael Debus's book serves that purpose well Nevertheless the author's integration of theological developments through the centuries with a discussion of the evolution of consciousness makes this book unique He addresses the fact that anyone looking for a new or renewed relationship to Christian religiosity must come to understand the center of religious cognitive consciousness and practical life the sacraments Is baptism merely a symbolic act or is it a reality that affects one's life Does a final unction affect a person's future stages of destiny How should we understand the transformation of bread and wine What spiritual processes are expressed in rituals The Christian Community working since 1922 as a conscious movement for religious renewal offers answers to these and other crucial questions Michael Debus speaks to readers who wish to understand more deeply the spiritual foundations of The Christian Community and its place in theological history and its role in Christianity today In *Sacramental Theology for a Modern and Future World* Michael Debus makes complex topics and

concepts accessible to all who wish to understand the background and sacraments of The Christian Community and the Movement for Christian Renewal This book is a translation of Auferstehungskraft im Schicksal Die Sakramente der Christengemeinschaft Urachhaus 2011 Cover Image Ascension 45 cm x 45 cm watercolor painting by Ninetta Sombart used with the kind permission of Raffael Verlag and the artist's family photograph copyright by Thomas Spalinger *Rethinking Economics* Rudolf Steiner, 2013-06-01 Rudolf Steiner gave this complex sequence of dense subtle multileveled lectures and seminars to students of economics in Dornach Switzerland during the summer of 1922 The course reflects a lifetime of thinking on the subject and marks the conclusion of his intense five year period of activism in the service of social political and economic issues During this time which began as World War I was ending in 1917 he worked tirelessly to promote the cause of what he called threefolding Dreigliederung by which he meant rethinking the social order on the basis of clear separation and independence of the three fundamental spheres of activity that make up a society He proposed three independent systems 1 an autonomous rights sphere limited to judicial and political matters 2 an autonomous economic sphere cooperative or associative by nature and 3 an autonomous spiritual cultural sphere The autonomy of these three spheres he believed would make possible a free healthy productive society and open the possibility of a lasting peace *Rethinking Economics* is essential reading for anyone who wants to understand the true nature of an economy and how it works Steiner presents the basic elements of what it would take to create a just socially responsible and ecologically aware economy today **The New Essential Steiner** Rudolf Steiner, Robert A. McDermott, 2009-10 12 lectures Hamburg May 5 31 1908 CW 103 During Pentecost 1908 seven years after he had given the world his book *Christianity As Mystical Fact* and the first intimation of the consequences of his Christ experience Rudolf Steiner began his great work of renewing humanity's understanding of the Mystery of Golgotha and its meaning for human and earthly evolution Accordingly he turned to the deepest most spiritual of the Gospels that of the initiate St John In this lecture course readers will find that the incarnation death and resurrection of the Divine Word or Logos reveals the mission of the Earth Love We learn of the mysteries behind Lazarus resurrection the I AM sayings and the seven degrees of initiation We come to understand that the Gospel of St John is a continuing spiritual presence to be recalled meditated and permeated with one's own life In doing so we realized that our purpose and that of all humankind is to become the Virgin Sophia a receptacle for the Holy Spirit All of Steiner's work as Marie Steiner writes in her introduction was to pave the way to Christ Indeed at the conclusion of these lectures Rudolf Steiner said It will come to be understood that Christianity is only beginning its influence and will fulfill its real mission only when it is understood in its true spiritual form The more these lectures are understood in this sense the better they will be understood as they were intended This volume is essential if one is to truly understand Rudolf Steiner's understanding of esoteric Christianity and its place in the world today and in the future This volume is a translation of *Das Johannes Evangelium* GA 103 *The Esoteric Aspect of the Social Question* Rudolf Steiner, 2001 Many decades ago Rudolf Steiner

suggested new ways of organising society and engaging with social questions This book presents his inner esoteric perspective on such concerns *Social Threefolding* Rudolf Steiner, 2018-10-15 In the aftermath of the devastating First World War Rudolf Steiner gained a reputation as a leading social thinker One mainstream reviewer of his book *Towards Social Renewal* referred to it as perhaps the most widely read of all books on politics appearing since the war Steiner's proposals for the reconstruction of Europe and the rebuilding of society's crumbling social structure were thus publicly discussed as a serious alternative to both Communism and Capitalism Steiner's threefold ideas involved the progressive independence of society's economic political and cultural institutions This would be realised through the promotion of human rights and equality in political life freedom in the cultural realm and associative cooperation in economics or business In this carefully assembled anthology of Steiner's lectures and writing Stephen E Usher gathers key concepts and insights to form a coherent picture of social threefolding Apart from fundamental lectures on the theme the volume also features the full content of Steiner's unique Memoranda of 1917 The original texts are complemented with the Editor's introduction commentary and notes **Toward a Pedagogy of Facilitation** Phillip Wagner, 2006 Becoming Somebody Philip Wexler, Warren Crichlow, June Kern, Rebecca Matusiewicz, 2005-06-21 First published in 1992 Routledge is an imprint of Taylor Francis an informa company Liberating Society from the State and Other Writings Erich Mühsam, 2011-09-01 Erich Mühsam 1878-1934 poet bohemian revolutionary is one of Germany's most renowned and influential anarchists Born into a middle class Jewish family he challenged the conventions of bourgeois society at the turn of the century engaged in heated debates on the rights of women and homosexuals and traveled Europe in search of radical communes and artist colonies He was a primary instigator of the ill fated Bavarian Council Republic in 1919 and held the libertarian banner high during a Weimar Republic that came under increasing threat by right wing forces In 1933 four weeks after Hitler's ascension to power Mühsam was arrested in his Berlin home He spent the last sixteen months of his life in detention and died in the Oranienburg Concentration Camp in July 1934 Mühsam wrote poetry plays essays articles and diaries His work unites a burning desire for individual liberation with anarcho communist convictions and bohemian strains with syndicalist tendencies The body of his writings is immense yet hardly any English translations have been available before now This collection presents not only *Liberating Society from the State* What Is Communist Anarchism Mühsam's main political pamphlet and one of the key texts in the history of German anarchism but also some of his best known poems unbending defenses of political prisoners passionate calls for solidarity with the lumpenproletariat recollections of the utopian community of Monte Verit debates on the rights of homosexuals and women excerpts from his journals and essays contemplating German politics and anarchist theory as much as Jewish identity and the role of intellectuals in the class struggle An appendix documents the fate of Zenl Mühsam who after her husband's death escaped to the Soviet Union where she spent twenty years in Gulag camps
