THE ESOTERIC SUBSTANCE OF VOLTAIRIAN THOUGHT

DENISE BONHOMME

This study concentrates on the identity of ideas between Voltairian philosophy and the Secret Doctrine as presented in the latter part of the XIXth Century by Mme H. P. Blavatsky. A major portion of the book is devoted to the trilogy consisting of *Zodieg*, *Genèse*, and *L'Épique*, a sequence esoterically outlining the tribulations and progress of Man in search of Truth through the ages.

The study of the trilogy is supplemented by the extensive interpretation of *Manu-vidya*, a qualitative survey of the deficits of modern Western knowledge. The work is shown to be a spiritual, scientific manifesto proclaiming the reintegration of "hypophysical" energies in matter and advocating the use of innovative facilities which — alone — can unveil the mysteries of Man and Cosmos.

The veiled identity of ideas represented by Voltaire in *Le Mondain* and in the *Parade des Dieux* of *Lettres* is exposed in detail.

A chapter is devoted to the esoteric significance of Voltairian numbers. Another is devoted to the prophetic message of Voltaire and to identical predictions of other literary "seers."

The book is designed as a manual of esoteric decoding which will allow the sensitive reader to make discoveries of his own in numerous great works of literature. Many "links" are given where the ONE esoteric message of great writers is concerned. Rabelais, Molière, Voltaire, Proust, Colson, and Saint Exupéry are suggested to be no more than a few cases in point.

The Esoteric Substance Of Voltairian Thought:

The Esoteric Substance of Voltairian Thought Denise Bonhomme, 1974 **What Voltaire Tries to Tell Us** Denise Bonhomme, 2000-11 The main focus of this daring study is the veiled message concealed in the trilogy consisting of *Zadig*, *Candide* and *L'Ingénu*. *Micromégas*, *Le Mondain* and the Poem on the Disaster of Lisbon are also examined esoterically. The Voltairian contraband which is the core of those writings was too explosive for overt publication during the lifetime of the author. More dangerous to reveal than his well known subversive socio political views was the spiritual source of his militancy. Accordingly his veiled message was meant for the general reading public of the future. But it never went unnoticed by other literary smugglers. Hints and clues to the presence of hidden material are many. *Zadig* for instance is described by its author as a story that says more than it seems to say, a massive understatement. Voltaire is only one star in a spectacular constellation of similarly inspired writers. Among such luminaries are Rabelais, Vigny, Ibsen, Proust, Sinclair, Lewis and Saint Exupéry. In the words of Marcel Proust, the great writers have never done but one work. Leads are given to encourage the esoteric exploration of the vast domain of esoteric literature. An esoteric Glossary is included in this book. *The Proof By Nine* Denise Bonhomme, 2007-05-04 If you have read and loved *The Little Prince* and if you like riddles, this book will probably interest you. What is the meaning of the magnificent image at the beginning of the first chapter? Most readers do not find it magnificent at all. Yet those who know that the essential is invisible to the eyes see it as an invitation to think and to learn. The hat featured on the same page which actually is something else conveys another hint to look beyond appearance. As you read *The Proof by Nine* you will see what is represented by the Virgin Forest mentioned on the first page of *The Little Prince*. You will grasp the meanings of the pilot, the little prince, the golden muffler of the title character and of the wonderful fox. You will see what the children really are. The war waged by sheep against the rose will make profound sense. You will recognize the universal symbols of the tree, the rope, the wheel and the well of science. You will be edified by the experience of the Turkish astronomer. You will observe how all that is relevant to current events and politics, for as stated by the author of *The Proof by Nine*, all those things are connected. You might even ask yourself an exciting question: Did Saint Exupéry see the future? That is why *The Little Prince* is in the final words of its author so very important. **The Poetic Enigma of Alfred de Vigny** Denise Bonhomme, 2003 This book is devoted to the veiled message transmitted in the works of famous authors over a period of centuries. Esoteric literature is the massive body of Western and other writings containing a philosophical contraband ever the same under a deceptive variety of surfaces or veils. In the words of Marcel Proust, the great writers have never done but one work. Alfred de Vigny, a nineteenth century poet, novelist and playwright belongs to the literary brotherhood involved in the transmission of the concealed message. Rabelais, Voltaire, Anatole France, Ibsen and Proust are only a few of his fellow smugglers. English and American literatures have their share of such writers. So does the literary heritage of other European nations and of Latin America. This book contains a glossary of major key words of the verbal

algebra used by esoteric writers Sensitive readers are encouraged to read the biography and the glossary first and the poetry of Vigny next This will enable some of them to discover by and for themselves the full beauty and depth of the texts
 Extraordinary findings await the esoteric readers of the literary production of Vigny There are hints of the greatness of Atlantis There is a vast panorama of Time and Space There are suggestions of a startling view of the inner structure of planet Earth a view that is also reflected in the various utopias of classical authors Last but not least there is the generally unsuspected radiant reality of the works and the life of Vigny Please visit www.degn.org Bonhomme
