The Essence Of Gnostics:

The Essence of the Gnostics Bernard Simon, 2005-03-01 For what is it that the All lacked if not the knowledge of the Father Gnostic text from the Gospel of Truth Long before there was a system of belief called Gnosticism there were those who reached for a special intimate knowledge of God and His mysterious ways The possession of such knowledge they believed would bring salvation from suffering All religious traditions acknowledged that the world is imperfect Where they differ is in the explanations they offer for this imperfection and in what they suggest might be done about it While many religionists hold that humans are to be blamed for these imperfections the Gnostics believed that the world is flawed because it was created in a flawed manner thereby implicating the creator Such a perspective was regarded as blasphemous by fellow Christians at the dawn of the new religion and led to the sect's persecution Equally concerning were the Gnostics liberal views regarding sex the role of women and toleration of other faiths In *The Essence of the Gnostics* Bernard Simon offers a fascinating insight into this ancient and yet in many ways surprisingly contemporary faith and explores the reasons for its current renaissance

The Voudon Gnostic Workbook Michael Bertiaux, 2007-07-01 A long awaited new edition of the seminal text on the spiritual system that is a convergence of Gnosticism and Haitian voodoo The Voudon Gnostic Workbook is a singular sacred work that is comprehensive in scope from how to be a lucky Hoodoo to how magick and voodoo intersect energetically to esoteric time travel Complete with charts and graphs and instructive interdimensional physics The Voudon Gnostic Workbook is an object of desire among students of the occult Weiser's long anticipated republication of this rare text will be an event in the annals of esoteric publishing as the book itself is somewhat of an unholy grail There are listservers devoted to it and much discussion of the mysteries held within its pages While The Voudon Gnostic Workbook has remained a controversial book considered important for masters of metaphysics it recently came into popular culture and renewed popularity when Grant Morrison revealed it had been the inspiration for his cult comics The Invisibles using the cribbed time travel from Bertiaux's masterwork Voodoo is not an evil religion and is much misunderstood It derives from the Dahomean Gods called the Loa Esoteric voodoo is actually a highly practical procedure for leading us into making contact with the deepest levels of our being and most ancient modes of consciousness Michael Bertiaux's Voudon Gnostic Workbook is the most comprehensive and illuminating contemporary book on the subject Launched out of a correspondence course and series of classes for students and followers of Voudon Gnosticism and the OTO this seminal text is at once one of the most mysterious and magnificent of all esoteric books

Christian Gnosis Ferdinand Christian Baur, 2023-01-26 Ferdinand Christian Baur's *Die Christliche Gnosis* first published in 1835 is considered by many to be the most important book on Gnosticism published in the nineteenth century and is a pivotal work within Baur's canon Baur's unique thesis of a link between ancient and modern religious philosophy as well as his conception of Gnosticism developed through dialogues with his predecessors and contemporaries consolidate Christian Gnosis as an important contribution to Christian theology In this

seminal work written over a hundred years before the manuscript discovery at Nag Hammadi Baur classifies the gnostic systems in terms of how they conceive the relationship of Christianity to Judaism and paganism describing them in detail He then goes on to describe the criticism of and reaction to gnosis in church history before contending with the modern religious philosophy of his time discussing Boehme Schelling Schleiermacher and Hegel Christian Gnosis is Baur s first great religious historical study and Robert Brown s masterful translation ensures the work is as impactful today as it was on its first publication

Gnosis Robert Haardt,1971 An anthology of gnostic writings [The Gnostics](#) Jacques Lacarriere,2014-08-01 Gnostics have always sought to know rather than to accept dogma and doctrine often to their peril This inquiry into Gnosticism examines the character history and beliefs of a brave and vigorous spiritual quest that originated in the ancient Near East and continues into the present day Lawrence Durrell writes This is a strange and original essay more a work of literature than of scholarship though its documentation is impeccable It is as convincing a reconstruction of the way the Gnostics lived and thought as D H Lawrence s intuitive recreation of the vanished Etruscans [Gnostic Religion in Antiquity](#) Roelof van den Broek,2013-01-24 Gnostic religion is the expression of a religious worldview which is dominated by the concept of Gnosis an esoteric knowledge of God and the human being which grants salvation to those who possess it Roelof van den Broek presents here a fresh approach to the gnostic current of Late Antiquity within its historical and religious context based on sources in Greek Latin and Coptic including discussions of the individual works of preserved gnostic literature Van den Broek explores the various gnostic interpretations of the Christian faith that were current in the second and third centuries whilst showing that despite its influence on early Christianity gnostic religion was not a typically Christian phenomenon This book will be of interest to theologians historians of religion students and scholars of the history of Late Antiquity and early Christianity as well as specialists in ancient gnostic and hermetic traditions

Ferdinand Christian Baur and the History of Early Christianity Martin Bauspiess,Christof Landmesser,David Lincicum,2017-02-10 Ferdinand Christian Baur 1792 1860 has been described as the greatest and at the same time the most controversial theologian in German Protestant theology since Schleiermacher The controversy was epitomized by a nineteenth century British critic who wrote that his theory makes of Christianity a thing of purely natural origin calls in question the authenticity of all but a few of the New Testament books and makes the whole collection contain not a harmonious system of divine truth but a confused mass of merely human and contradictory opinions as to the nature of the Christian religion The contributors to this volume however regard Baur as an epoch making New Testament scholar whose methods and conclusions though superseded have been mostly affirmed during the century and a half since his death This collection focuses on the history of early Christianity although as a historian of the church and theology Baur covered the entire field up to own time He combined the most exacting historical research with a theological interpretation of history influenced by Kant Schelling and Hegel The first three chapters discuss Baur s relation to Strauss M hler and Hegel Then a central core of chapters considers

his historical and exegetical perspectives Judaism and Hellenism Gnosticism New Testament introduction and theology the Pauline epistles the Synoptic Gospels John the critique of miracle and the combination of absoluteness and relativity The final chapters view his influence by analyzing the reception of Baur in Britain Baur and Harnack and Baur and practical theology This work offers a multi faceted picture of his thinking which will stimulate contemporary discussion *Modern Gnosis and Zionism* Yotam Hotam,2013 This book explores the connections between Zionism and Life Philosophy and argues that Life Philosophy represents a modern secularized version of gnostic dualism between God and world and that this was a particular secular impulse that lay at the core of the Zionist political mission Consisting of two main sections the book first shows the manner in which Life Philosophy should be understood as a modern secularized gnostic theology before concluding by discussing its political Zionist interpretation **Gnostic Wars** Stefan Rossbach,2019-08-07 Stefan Rossbach reminds us of the philosophical and spiritual underpinnings of the Cold War era drawing on the traditions of apocalypticism millenarianism and Gnostic spirituality *The New Akashic Records* Cheryl Trine,2010 Trine presents an in depth yet easily understood history of the Akashic Records and uncovers the ancient connection to divine memory judgment and destiny as the Book of Life She reaches into Hinduism Buddhism and Tibetan Bn to understand the Akasha
