Tyeer,2016-09-10 This book approaches the Qur an as a primary source for delineating the definition of ugliness and by extension beauty and in turn establishing meaningful tools and terms for literary criticism within the discipline of classical Arabic literature adab Focusing on the aesthetic dimension of the Qur an this methodology opens up new horizons for reading adab by reading the tradition from within the tradition and thereby examining issues of decontextualisation and the untranslatable This approach in turn invites Comparatists as well as Arabists to consider other means and perspectives for approaching adab besides the Bakhtinian carnival Applying this critical strategy to literary works as diverse as One Thousand and One Nights and The Epistle of Forgiveness Sarah R bin Tyeer aims to prove two major points how Bakhtin s aesthetics is anachronistic and therefore theoretically inappropriate when applied to certain literary works and how ultimately this literary methodology is sometimes used as a proxy for ungrounded and sometimes unfair arguments by other scholars
