

INDIVIDUALITY

The image is a dense collage of the word "INDIVIDUALITY" repeated many times. The words are in various colors (white, blue, green, orange, grey) and are oriented in different directions (horizontal, vertical, diagonal). A single, large, white rectangular box with an orange border is centered in the image, containing the word "INDIVIDUALITY" in a bold, black, sans-serif font. This central box stands out from the background of smaller, overlapping, and multi-colored text.

The World and the Individual: Nature, man, and the moral order Josiah Royce,1901 **The real Christ is Buddhi-Manas, the glorified Divine Ego** Helena Petrovna Blavatsky,2018-03-17 The real Saviours of Mankind all descend to the Nether World the Kingdom of Darkness of temptation lust and selfishness And after having overcome the Chrest condition or the tyranny of separateness their astral or worldly ego is enlightened by Lucifer the Glorified Divine Ego Buddhi Manas who is the real Christ in every man Pythagoras Buddha Apollonius were Initiates of the same Secret School The Sun is the external manifestation of the Seventh Principle of our Planetary System while the Moon is its Fourth Principle Shining in the borrowed robes of her Master she is saturated with and reflects every passionate impulse and evil desire of her grossly material body our earth Jesus as Son of God and Saviour of Mankind was not unique in the world s annals The infallible Churches made up history as they went along building up the Apostolic Church on a jumble of contradictions See how the Fathers have falsified Jesus last words and made him a victim of his own success My God my Sun thou hast poured thy radiance upon me concluded the thanksgiving prayer of the Initiate the Son and the Glorified Elect of the Sun The Baptism in the Jordan is the Rite of Initiation and the final purification when Christos and Sophia Divine Intelligence Wisdom enter the Initiate by transference from Guru to Chela leave the physical body upon death of the latter and re enter the Nirmanakaya the Astral Ego of the new Adept The baptism or Initiation of Jesus stands for the descent of the Higher Self or Soul Atma Buddhi on Manas the Higher Ego And the union of Christos with Chrestos establishes a conscious communication of the Universal Individuality with the transcendent personality Theophania the Adept Jesus was crucified by his own Church not by Scripture The key to the hitherto unfathomable mystery of Jesus is hidden in the paronomasia of Chrestos and Christos He who will not ponder over and master the great difference between the meaning of the two Greek words Chrestos and

Christos must remain blind for ever to the true esoteric meaning of the Gospels that is to say to the living Spirit entombed in the sterile dead letter of the texts the very Dead Sea fruit of lip Christianity Jesus was Chrestos a virtuous man in his trial of life and candidate to initiation Not yet Christos as he had not passed the third degree of initiation to become Epoptes Chrestos the neophyte is admitted into the Christos condition at the end of his last incarnation when Manas is fully merged with Buddhi His real temple is the awakened soul in the sanctuary of the heart The real Christ is the Serpent or Dragon of Wisdom falling from on high into the hearts and minds of men Christos is a Ray of Logos Passive Wisdom in Heaven and Self Active Conscious Wisdom on Earth Though the two are one the permanent can never merge with the impermanent It is only when the impermanent begins loving the permanent sufficiently to give up its ephemeral self and being that a spiritual union of the Heavenly man with the Virgin of the World is accomplished and a new Saviour of Humanity is born here on earth but without sin Alas few are they who are fit to join that Holy Brotherhood where each in order to gain admittance must be at one with the Christ within him Deity in Man is symbolised by Tau a double glyph Tau is formed from the figure Seven and the Greek letter Gamma symbols of divine and earthly life respectively In its terrestrial attachment Tau is the Sun shorn of his beams In Greek Mythology Tau is the iron lathe of Procrustes the Attican Vishvakarman Christos is Prometheus a personification of the Great Logoic Sacrifice On sending out its personal ray Christos or Higher Manas becomes crucified between two thieves the lower impure tendencies that after death dissipate in Kama Loka and the higher aspirations that survive death and reascend the cyclic arc Vishvakarman the creator and carpenter of gods and men crucifies Vikartana on a lathe and cutting off the eighth part of his rays deprives his head of its effulgence and creates round it a dark aureole Christos is the Man God of Plato who crucifies himself for an eternity in the darkness of matter for the redemption of the Spirit of Light from the Kingdom of Darkness As Deity and Man are One so Christ is the God in Space and Man s Saviour on Earth Christos is the eternal real Individuality or Universal Altruism whereas Jesus Chrestos is the ephemeral false individuality or Egotism Man is Deity on Earth whose body is the cross of flesh on through and in which he is ever crucifying and putting to death Christ the Divine Logos who is his benefactor and true friend Chrest is a Ray made manifest from that Centre of Life which is hidden from the eyes of Humanity for and in Eternity That Centre is the real Christ crucified as a body of flesh and bones The great mystery is at last unravelled Christos incarnating in Chrestos becomes for certain purposes a willing candidate for a long series of tortures mental and physical Chrestos is the mortal man who by crucifying the man of flesh and his passions on the Procrustean bed of torture is reborn Immortal and leaves the animal man behind him tied on the Cross of Initiation like an empty chrysalis Then his Higher Soul becomes as free as a butterfly

Spinoza and the Sciences Marjorie Grene, Debra Nails, 2012-12-06 Prefatory Explanation It must be remarked at once that I am editor of this volume only in that I had the honor of presiding at the symposium on Spinoza and the Sciences at which a number of these papers were presented exceptions are those by Hans Jonas Richard Popkin Joe VanZandt and our four European contributors in that I have given some editorial advice on details of some of the papers including translations and finally in that my name appears on the cover The choice of speakers and of additional contributors is entirely due to Robert Cohen and Debra Nails and nearly all the burden of readying the manuscript for the press has been borne by the latter In the introduction to another anthology on Spinoza I opened my remarks by quoting a statement of Sir Stuart Hampshire about interpretations of Spinoza's chief work All these masks have been fitted on him and each of them does to some extent fit But they remain masks not the living face They do not show the moving tensions and unresolved conflicts in Spinoza's Ethics Hampshire 1973 p 297 The double theme of moving tensions and unresolved conflicts seems even more appropriate to the present volume What is Spinoza's relation to the sciences The answers are many and they criss cross one another in a number of complicated ways
