passages in the teaching of Jesus that can be regarded as clearly ethical and should itself help to make more objective the results of the inquiry as well as more completely insure that the teaching itself should be unfolded rather than simply talked about While I have tried to keep constantly in mind the ethical aspect of the teaching as the one problem of this book it should not be forgotten that Jesus teaching is so completely permeated with the religious spirit that it is impossible wholly to ignore the religious and still do justice to the ethical teaching Jesus has no dual standpoint corresponding to a sharp separation of the two realms of the religious and the ethical About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
