The Eucharistic Memorial Max Thurian, John Gordon Davies, 1960 Eucharistic Memorial Max Thurian, 2002 This book is an essay in liturgical theology writes Max Thurian It is in fact a study in biblical theology which seeks to provide a firm basis for the eucharistic liturgy in the great Judaeo Christian tradition represented by the Scriptures From the insights which came to him within the Brotherhood of Taizé in France Max Thurian believes that the real presence of Christ must be studied within the liturgical action and not isolated as a separate theological problem In the Reformed tradition of Taizé he turns therefore to a study of the Scriptures and opens the Scriptural meaning of the Eucharistic memorial as seen in the Old and New Testaments Volume II deals with the New Testament background The Eucharistic Memorial (2 Vols.) Max Thurian, 1962 **The Celebration of Eucharist** Enrico Mazza, 2016-03-24 Eucharistic liturgy has differed through the centuries and in different Churches Because of these differences it is essential that eucharistic liturgy be studied from a historical perspective In The Celebration of the Eucharist Enrico Mazza offers a thorough account of the theology of the Eucharist and presents a historical analysis of the origin and variety of eucharistic liturgies and their development in the Church Beginning with the Last Supper Father Mazza weaves his way through interpretations elaborated by the Fathers of the Church and medieval writers to provide the rich tapestry of concepts and categories adopted by Vatican Council II Complete with an appendix including Jewish texts and early Eucharistic Prayers abbreviations bibliography and notes The Celebration of the Eucharist is a comprehensive source for those who have an interest in the theology of the Eucharist in the course of history Chapters are Old Testament Sacrifices and Ritual Meal The Origin of the Christian Eucharist From the Jewish Liturgy to the Christian Eucharist Primitive Anaphoras From the Didache to the Mystical Eucharist Primitive Anaphoras Developments of the Eucharistic Liturgy Thematic Developments in the Eucharistic Liturgy The Early Patristic Period Tertullian and Cyprian The Fourth Century The Early Middle Ages The Scholastic High Middle Ages The Eucharist and the Relics of the Saints The Reformation and the Council of Trent The Liturgical Reform of Vatican Council II The Implementation of the Liturgical Reform The Parts of the Eucharistic Prayer and The Last Supper and the Church's Eucharist Enrico Mazza is professor of liturgical history at the Università Cattolica del Sacro Cuore in Milan He is the author of *Mystagogy A Theology of Liturgy in the Patristic Ages* Eucharistic Prayers of the Roman Rite and The Origins of the Eucharistic Prayer published by The Liturgical Press *Become What You Receive: A Systematic Study of the Eucharist* John H. McKenna, CM, 2022-01-07 In this remarkable book theologian and teacher Rev John McKenna examines our use of

sign and symbol as it pertains to the study of the Eucharist the source and summit of the Church In clear and accessible language he clarifies the use of sign and symbol from anthropological phenomenological Old and New Testament perspectives He expertly analyzes historical backgrounds as well as current eucharistic theologies *Christian Celebration: The Mass* J.D. Crichton, 1993-01-01 This text covers changes in the Mass since publication in 1971 including the 1985 reprint revisions notably Eucharistic Prayers and Eucharistic Prayers from Masses with children It also describes the rites of the Church in the context of their theological and historical background and in relation to pastoral practice It is aimed at theology students students on liturgy courses especially those following the syllabus for liturgical formation issued by the Liturgy Office and all those seeking a deeper understanding of the Mass **Sacraments of Initiation, Second Edition** Liam G. Walsh OP, 2022-01-07 This title is no longer available The original edition of this book presented a theology of sacraments that emerged out of a Church stirred into new life by the Second Vatican Council It is a theology that can claim to have been continuously received in the Catholic Church since then It is the theology that has been widely practiced and preached in pastoral life has been given catechetical shape in the Catechism of the Catholic Church However during the past 23 years some trends developed in pastoral theology and practice that were taking directions that seemed hard to reconcile with the decisions of the Council This new edition examines the way some theological counter currents have developed over those years both in theory and in practice The sacramental theology contained in this study maintains the broad on going agreement between what it proposes and mainstream Church teaching and practice The book examines the tradition of sacramental practice and teaching Biblical and historical studies continue to uncover new riches of the tradition and recent findings are discussed A careful listening to the tradition of rite and word is truly indispensable for sacramental theology It was out of such listening that Vatican II teaching on sacraments emerged and provision was made for recovering the full richness of the tradition Not all of the recent theological speculations and pastoral strategies given an equally serious acknowledgement to the tradition The liturgies that are studied in this book have been given to the Church in the wake of Vatican II The historical chapters will show the liturgies to be a contemporary expression of fidelity to core values of the Apostolic Tradition The chapters on the rite of each sacrament are mainly descriptive and historical but also include anthropological reflections that unveil the human significances of the various rites The chapters on the word examine the biblical and traditional word spoken in the churches about each sacrament and conclude with what is called a systematic essay The bibliography has updated to reflect the development in the field
