EVOLVING HUMAN ANNIVERSARY WITH Penny Kelly, 2017-02-05 We are designed to unfold into great beings of power wisdom and unlimited consciousness This is the true story of awakening kundalini and the massive transformations of consciousness it generates in the body mind system The Evolving Human Penny L. Kelly, 2005-06-01 The Evolving Human is the compelling true story of one woman's struggle with a sudden spontaneous awakening of kundalini the ancient Eastern term for a massive awakening of the powers of consciousness From the surprising beginning through the confusing sometimes life threatening events that unfold to its profound conclusion it gradually becomes clear that the awakening of consciousness is the entry into true spiritual development What is unexpected however is the fact that we are all designed and built to evolve in this way and that the evolution of human beings into truly spiritual creatures is a far more extensive and life changing process than anyone may have suspected **The Sikh Review**, 1989 **Kundalini** Gopi Krishna, 2018-03-27 A classic account of spiritual awakening that sheds new light on the transformative power of the divine feminine energy kundalini Coiled like a snake at the base of the spine kundalini is the spiritual force that lies dormant in every human being Once awakened often through meditation and yoga practices it rises up the spine and finds expression in the form of spiritual knowledge mystical vision psychic powers and ultimately enlightenment This is the classic first person account of Gopi Krishna an ordinary Indian householder who at the age of thirty four after years of unsupervised meditation suddenly experienced the awakening of kundalini during his morning practice The story of this transformative experience and the author's struggle to find balance amid a variety of powerful physiological and psychic side effects forms the core of the book His detailed descriptions of his dramatic inner experiences and symptoms such as mood swings eating disorders and agonizing sensations of heat and of how with the help of his wife he finally stabilized at a higher level of consciousness make this one of the most valuable classics of spiritual awakening available Gopi Krishna was a pioneer in the land of spirituality Deepak Chopra M D *Higher Consciousness* Gopi Krishna, 1976 Kundalini, Evolution and Enlightenment John White, 1979 A wide ranging anthology of the most insightful writings on harnessing the vital life force present in all human beings With an emphasis on theory and personal practice this book will appeal to a wide range of people interested in Kundalini concepts Serpent of Fire Darrel Irving, 1995 Serpent of Fire is a ground breaking book about Kundalini and its relationship to psychological vitality and spiritual transformation Through author Darrel Irving's own experience Joseph Campbell's documentation of kundalini and the case histories of Gopi Krishna and others readers learn that kundalini is more than a spiritual concept a religious illusion or a new age fantasy Kundalini is real It is a subtle energy at the base of the spine that when unleashed becomes a powerful force leading to altered and higher states of consciousness Kundalini is a curative process if approached with knowledge and understanding for kundalini is healing it is the mechanism of evolution contained in the human body The potential for the kundalini experience exists in every person on the planet Back cover **Energies**

His autobiography, along with his unique experiences, is particularly shared in the book *Physiology Philosophy A Modern Kundalini Tantra A Yogi's Love Story* written in Hindi. The matching equivalent of this book in English is *Love story of a Yogi*, what Patanjali says. This book is the most prominent and ambitious book of his life. He is like a polymorphic man who has no fixed form of his own. His actual form depends on the size and type of the trance Samadhi that he is continuously experiencing in his mind, no matter what he looks like from outside. He is enlightened, self-realized, and his Kundalini has also awakened. He had self-realization or enlightenment naturally through love yoga and Kundalini awakening through artificial means.
