Keith F. Otterbein

The Executioners War:

The Executioner's War Book Don Pendleton, 1977 **The Executioners Bible** Steve Fielding, 2008-11-12 The Executioner's Bible tells the story of these working class men who carried out this gruesome profession until its abolition in the late 1960s. Despite often being unassuming and quiet professionals, men like Albert Pierrepont, William Billington, and many other Chief and Assistant executioners made a name for themselves in a world hungry for salacious and gruesome news. Read about the bungling hangmen sacked for incompetence, drunken executioners dismissed for brawling, one hangman driven to suicide, and another who got out just in time to be the last man to pull the lever at the height of the swinging sixties. They were the last of their kind, the hangmen of the 20th Century. And this is their fascinating, sometimes repugnant, always enthralling story. The secrets of over six controversial decades of capital punishment are finally revealed. **My Father's Wars** Alisse Waterston, 2024-09-17 Winner International Congress of Qualitative Inquiry Outstanding Book Award 2016 My father was born into war. This remarkable saga in Alisse Waterston's intimate ethnography is a story that is also twentieth-century social history. This is an anthropologist's vivid account of her father's journey across continents, countries, cultures, languages, generations, and wars. It is a daughter's moving portrait of a charming, funny, wounded, and difficult man, his relationships with those he loved, and his most sacred beliefs. And it is a scholar's reflection on the dramatic forces of history, the experience of exile and immigration, the legacies of culture, and the enduring power of memory. This book is for Anthropology and Sociology courses in qualitative methods, ethnography, violence, migration, and ethnicity. **Tales of the Executioners, Volume One** Joleene Naylor, 2018-10-29 Fifteen short stories of love, death, heartbreak, and blood. Meet the Executioners, elite enforcers of the vampires' laws. Walk with them through origin stories, follow them across the sea to the colonies, and run with them through the wilds as they try to bring civilization to a land ruled by day-sleeper clans. Fifteen interwoven stories tell the beginning of The Guild, set under the watchful and sometimes malevolent gaze of the ancient Malick, whose heavy shadow stretches even across the sea. Meet his favorite son, his willful daughter, his child-like pet, and many more whose jealousies, hatreds, and loves twist together to create consequences they can't foresee. Look for Tales of the Executioners Volume Two where the story continues. **The Anthropology of War** Keith F. Otterbein, 2009-03-24 Keith Otterbein, a long-time authority on anthropological studies of warfare, provides a rich synthesis of theory, literature, and findings developed by anthropologists and scholars from other disciplines. This in-depth yet concise look at warfare opens with two well-known ethnographic examples of warring peoples: the Dani and the Yanomamö. The origins and evolution of war, types of warfare, weapons, and tactics, military organizations, and the social bases of war structure are discussed within the text. Analyses of historical events and case studies inform readers of different perspectives about why people go to war, how societies can be identified as having war, the elements necessary for war, and how war might be avoided. Otterbein concludes the text by presenting the concept of Positive Peace, promoting peace as a goal of human existence, as a way for humans to

eliminate the fatal consequences of war *The Execution of Admiral John Byng as a Microhistory of Eighteenth-Century Britain* Joseph J. Krulder, 2021-04-26 According to Voltaire's *Candide* Admiral John Byng's 1757 execution went forward to encourage the others. Of course the story is more complicated. This microhistorical account upon a macro event presents an updated revisionist and detailed account of a dark chapter in British naval history. Asking what was Britain like the moment Byng returned to Portsmouth after the Battle of Minorca 1756 not only returns a glimpse of mid eighteenth century Britain but provides a deeper understanding of how a wartime admiral the son of a peer of some wealth a once colonial governor and sitting member of parliament came to be scapegoated and then executed for the failings of others. This manuscript presents a cultural social and political dive into Britain at the beginning of the Seven Years War. Part 1 focuses on ballad newspaper and prize culture. Part 2 makes a turn towards the social where religion morality rioting and disease play into the Byng saga. Admiral Byng's record during the 1755 Channel Campaign is explored as is the Mediterranean context of the Seven Years War troubles elsewhere in the empire and then the politics behind Byng's trial and execution **Faulkner and War** Noel Polk, Ann J. Abadie, 2004 A critical exploration of the effects and influence of America's wars upon the works of the Nobel Prize laureate **A World History of War Crimes** Michael S. Bryant, 2021-01-28 The greatly expanded and enhanced 2nd edition of *A World History of War Crimes* provides an authoritative and accessible introduction to the global history of war crimes and the laws of war. Tracing human efforts to limit warfare from codes of war in antiquity designed to maintain a religiously conceived cosmic order to the gradual use in the modern age of the criminal trial as a means of enforcing universal humanitarian norms Michael S Bryant's book is a masterful one volume account of the subject. This new edition includes for the first time Two chapters providing extensive coverage of the Americas Africa and the Middle East Strengthened chronological boundaries a new chapter on the Incas Aztecs Mayan and North American Indian tribes as well as more material across all regions in ancient times discussion of contemporary war crimes committed in Afghanistan Iraq Myanmar and Syria A historiographical essay to broaden your understanding of the field An added final chapter focusing on the social cultural and psychological aspects of the subject *A World History of War Crimes* is vital reading for anyone needing to understand the history of war in one of its most significant contexts *Peace Advocacy in the Shadow of War* Francis Shor, 2024-01-05 For peace advocates a corollary to Clausewitz's dictum that war is politics by other means might be that other politics could prevent war. By highlighting both individual peace advocates and antiwar peace organizations from World War I through the wars of the 21st century the chapters will provide insights into how these individuals and organizations articulated their opposition to and mobilized against specific wars and international regional conflicts. Organized roughly in chronological order each chapter will illuminate the socio historical conditions under which such peace advocacy contested state aggression and armed combat at the national and or transnational levels. Beyond understanding the specific socio historical circumstances within which these antiwar and peace advocates and organizations operated and their resultant

achievements and failures the book as a whole will examine the kind of politics that perpetuate war and those that offer a challenge to that perpetuation Scholars students and the general public interested in the history of modern and contemporary wars peace and conflict studies and ethical political perspectives in the 20th and 21st centuries should find much to reflect upon in this book
