

Beautiful Eyes Poem

*Her eyes, like two pools of liquid light,
Reflect the secrets of her soul so bright.*

*In their depths, a universe untold,
A narrative of emotions, beautifully scrolled.*

*With just a glance, I am hypnotized,
Lost in the depths of her beautiful eyes.
A kaleidoscope of feelings, colors unseen,
A glimpse of the soul, serene and keen.*

The Eyes Of A Poem:

N the eyes of a poet's heart Antawn Chinn,2011-11-09 N the eyes of a poet s heart is a book about a collection of personal poetry and stash of my drawings based upon my life of good times and bad times with my experinece with my life *The Eye of the Poet* Amy Golahny,1996 The ten essays in The Eye of the Poet examine poetic texts on real or imaginary painting and sculpture Written by both art historians and literary historians this collection is truly interdisciplinary between the sister arts of painting and poetry or image and word Methodologically diverse the essays combine current critical approaches with historical ones Unifying the essays is a prime emphasis of the analyses of viewer and reader artist and audience meaning in text and image and criticism and its history All of these concerns relate to ekphrasis as an interpretive strategy Providing a variety of case studies involving poetic texts from the Renaissance to the present this collection responds to the need for intensive analysis of critical instances of poetic interpretation of imagery and offers significant advances in the growing field of text image study BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Chinese Theories of Reading and Writing Ming Dong Gu,2006-06-01 A groundbreaking work that uncovers an implicit system of hermeneutics in traditional Chinese thought and aesthetics **Love: Through the Eyes of a Poet** Damion Thompson,2010-02-01 A collection of love poems **T. S. Eliot: The Poems** Martin Scofield,1988-03-10 The poems some of the poetic drama particularly Sweeney Agonistes and relevant sections of prose criticism are discussed in detail and placed in relation to the development of Eliot s oeuvre and more briefly to his life and a wider context of philosophical and religious enquiry Introduction The Eyes of a Poet Karen Anne Rainey,2011-01-07 **The Poetry of T. S. Eliot** D. E. S. Maxwell,2015-12-22 In this fascinating and revealing book first published in 1952 Maxwell shows the development of Eliot s poetry and poetic thought in the light of his political and religious attachments This study traces Eliot s style from the earliest poems to the Quartets and examines the characteristics of Eliot s earlier work adumbrate that of his maturity The Poetry of T S Eliot is essential reading for students of literature **In the Eye of the Animal** Patricia Cox Miller,2018-06-15 Early Christian theology posited a strict division between animals and humans Nevertheless animal figures abound in early Christian literature and art from Augustine s renowned wonder at the agility of the mosquito on the wing to vivid exegeses of the six days of creation detailed in Genesis and when they appear the distinctions between human and animal are often dissolved How asks Patricia Cox Miller does one account for the stunning zoological imagination found in a wide variety of genres of ancient Christian texts In the Eye of the Animal complicates the role of animals in early Christian thought by showing how textual and artistic images and interpretive procedures actually celebrated a continuum of human and animal life Synthesizing early Christian studies contemporary philosophy animal studies ethology and modern poetry Miller identifies two contradictory strands in early Christian thinking about animals The dominant thread viewed the body and soul of the human being as dominical or the crowning achievement of creation animals with their defective souls related

to humans only as reminders of the brutish physical form However the second strand relied upon the idea of a continuum of animal life which enabled comparisons between animals and humans This second tendency explains Miller arises particularly in early Christian literature in which ascetic identity the body and ethics intersect She explores the tension between these modes by tracing the image of the animal in early Christian literature from the ethical animal behavior on display in Basil of Caesarea's *Hexaemeron* and the anonymous *Physiologus* to the role of animals in articulating erotic desire and from the idyllic intimacy of monks and animals in literature of desert ascetism to early Christian art that envisions paradise through human animal symbiosis

The Language of the Eyes Daryl Ogden, 2006-06-01 While Darwinian and Freudian theories of vision and sexuality have represented women as lacking visual agency Daryl Ogden's *The Language of the Eyes* argues that the gaze is not merely a masculine phenomenon and that women have powerfully desiring eyes as well Ogden offers a comprehensive cultural history of female visuality in England by analyzing scientific writings conduct books illustrated periodicals poetry painting and novels and he makes important and hitherto unrecognized connections between literary history cultural studies and science studies In so doing Ogden accomplishes what numerous feminist critics especially film theorists have not the recovery of the modern female spectator from historical obscurity
