The Faber Of Poems And Places:

The Faber Book of Poems and Places Geoffrey Grigson, 2008-08 Places enter poems sometimes incidentally sometimes penetrating the poems as if place were their whole substance It is not surprising After all in places we grow up Place is our external condition place is garden field landscape woods fells springs rivers estuaries beaches valleys villages towns streets Place is sunshine rain snow ice It is west east north and south It is where the seasons change Our feeling flows into places and an accumulation of feeling historical cultural and personal flows back from places into our consciousness So Geoffrey Grigson introduces an anthology of poems in which place is prominent which ranges not only geographically over the entire British Isles and the whole history of poetry in English but includes sections on the landscape of France and Italy there are poems in French about London and in English about Sorrento Tennyson said A known landscape is to me an old friend that continually talks to me of my own youth and half forgotten things This and the related feelings for place find their expression and evocation in a selection of nearly three hundred poems which cannot fail to give pleasure to those who share those feelings poetry lovers or not and shows Geoffrey Grigson's gifts as an anthologist to full advantage *The Columbia Granger's Guide to Poetry Anthologies* William A. Katz, Linda Sternberg Katz, Esther Crain, 1994 Reference guide to poetry anthologies with descriptions and evaluations of each anthology *Poems of Places and People* George Barker, 1971-01-01

John Clare and the Place of Poetry Mina Gorji, 2008-01-01 Traditional accounts of Romantic poetry have depicted John Clare as a peripheral figure an original genius whose talents removed him from the mainstream This volume helps to show that far from being brilliant yet isolated Clare was deeply involved in the rich cultural life of both his village and the larger metropolis Offering an account of Clare's poems as they relate to the literary culture and burgeoning literary history of his day Mina Gorji defines the context in which Clare's work can best be understood in relation to eighteenth century traditions as they persisted and developed in the Romantic period The Columbia Granger's Dictionary of Poetry Quotations Edith P. Hazen, 1992 Why do smokers claim that the first cigarette of the day is the best What is the biological basis behind some heavy drinkers belief that the hair of the dog method alleviates the effects of a hangover Why does marijuana seem to affect one's problem solving capacity Intoxicating Minds is in the author's words a grand excavation of drug myth Neither extolling nor condemning drug use it is a story of scientific and artistic achievement war and greed empires and religions and lessons for the future Ciaran Regan looks at each class of drugs describing the historical evolution of their use explaining how they work within the brain's neurophysiology and outlining the basic pharmacology of those substances From a consideration of the effect of stimulants such as caffeine and nicotine and the reasons and consequences of their sudden popularity in the seventeenth century the book moves to a discussion of more modern stimulants such as cocaine and ecstasy In addition Regan explains how we process memory the nature of thought disorders and therapies for treating depression and schizophrenia Regan then considers psychedelic drugs and their perceived mystical properties and traces the history of

placebos to ancient civilizations Finally Intoxicating Minds considers the physical consequences of our co evolution with drugs how they have altered our very being and offers a glimpse of the brave new world of drug therapies **Knowing One's Place in Contemporary Irish and Polish Poetry** Magdalena Kay,2012-02-23 Are we allowed to choose where we belong What pressures make us feel that we should belong somewhere This book brings together four major poets Heaney Mahon Zagajewski and Hartwig who ask themselves these questions throughout their lives They start by assuming that we can choose not to belong but know this is easier said than done Something in them is awry leading them to travel emigrate and return dissatisfied with all forms of belonging Writer after writer has suggested that Polish and Irish literature bear some uncanny similarities particularly in the 20th century but few have explored these similarities in depth Ireland and Poland with their tangled histories of colonization place a large premium upon knowing one's place What happens though when a poet makes a career out of refusing to know her place in the way her culture expects This book explores the consequences of this refusal allowing these poets to answer such questions through their own poems leading to surprising conclusions about the connection of knowledge and belonging roots and identity Hugh MacDiarmid's Poetry and Politics of Place Scott Lyall,2006-08-28 By examining at length for the first time those places in Scotland that inspired MacDiarmid to produce his best poetry Scott Lyall shows how the poet's politics evolved from his interaction with the nation exploring how MacDiarmid discovered a hidden tradition of radical Scottish Republicanism through which he sought to imagine a new Scottish future Adapting postcolonial theory this book allows readers a fuller understanding not only of MacDiarmid's poetry and politics but also of international modernism and the social history of Scottish modernism "My Rebellious and Imperfect Eye" C. C. Barfoot,R. M. Healey,2002 This volume acknowledges and celebrates Geoffrey Grigson 1905 1985 as an all round man as a distinctive lyrical poet as the exact observer of nature and of men in the past and in the present as a pioneering literary critic and art critic as an unrivalled anthologist as a ground breaking editor as a broadcaster as a botanist the list could be extended **The Poems of T. S. Eliot, Volume II** T. S. Eliot,2024-03-26 The second volume of the first paperback edition of The Poems of T S Eliot featuring Old Possum's Book of Practical Cats and his translation of Anabase This two volume critical edition of T S Eliot's poems establishes a new text of the Collected Poems 1909 1962 rectifying accidental omissions and errors that have crept in during the century since Eliot's astonishing debut The Love Song of J Alfred Prufrock In addition to the masterpieces The Poems of T S Eliot contains the poems of Eliot's youth which were rediscovered only decades later poems that circulated privately during his lifetime and love poems from his final years written for his wife Valerie Calling upon Eliot's critical writings as well as his drafts letters and other original materials Christopher Ricks and Jim McCue have provided a commentary that illuminates the imaginative life of each poem Following the collected and uncollected poems of the first volume this second volume opens with the two books of verse of other kinds that Eliot issued the children's verse of Old Possum's Book of Practical Cats and Anabasis his translation of St John Perse's

Anabase This volume then gathers the verses that Eliot contributed to the learnedly lighthearted exchanges of Noctes Binanian and others that he wrote off the cuff or for intimate friends Each of these sections is accompanied by its own commentary Finally pertaining to the entire edition there is a comprehensive textual history that contains not only variants from all known drafts and the many printings but also extended passages amounting to hundreds of lines of compelling verse
