Worship of the Heart Ehud Z. Benor, 2012-02-01 Benor's study offers a systematic Aristotelian account of Maimonides philosophy of religion that reconciles the ideals of rabbinic Judaism with the sensibilities of a medieval Jewish philosopher coherently unifies his work and shows where Maimonides uncompromising radicalism presents enduring and challenging insights to the history and the philosophy of religion Worship of the Heart explores Maimonides contribution to the understanding of prayer examining it against the background of two contrasting notions dialogue and contemplation The author argues that Maimonides integrates fundamental elements of these conceptions with his own insights to forge a mediating conception of prayer a conception as constitutive of a world view

Turning Toward the Victim Thomas Gates, 2025-06-10 Part primer on René Girard's groundbreaking mimetic theory part Bible study through the lens of mimetic theory and part dialogue with early and contemporary Quakers Turning Toward the Victim demonstrates how these three perspectives can mutually inform one another in unexpected ways Contemporary liberal Friends Quakers have largely drifted away from the Bible due in part to its

seeming sanction of divine violence Girard by contrast sees the themes of sacred violence and its overcoming as central to the biblical witness and so can provide the means by which Quakers and others might reengage with the Scriptures Girard's claim that the biblical God has nothing to do with violence will resonate with Friends traditional commitment to nonviolence and peacemaking Girard's insights into the scapegoat mechanism can also help us to understand the witness of early Friends who functioned as the scapegoat caste in seventeenth century England Using the traditional Quaker framework of conviction convincement and conversion Thomas Gates explores the relevance of these concepts for Friends and other Christians today
