Backwoodsmen as Ecocritical Motif in French Canadian Literature Anne Rehill, 2016-08-30. In New France and early Canada, young men who ventured into the forest to hunt and trade with Amerindians, *coureurs de bois* (runners of the woods), later traveling in big teams of canoes, *voyageurs* were known for their independence. Often described as half-wild themselves, they linked the European and Indian societies, eventually helping to form a new culture with elements of both. From an ecocritical perspective, they represent both negative and positive aspects of the human historical trajectory because, in addition to participating in the environmentally abusive fur trade, they also symbolize the way forward through intercultural connections and business relationships. The four novels analyzed here: Joseph Charles Taché's *Forestiers et voyageurs* (1863), Louis Hémon's *Maria Chapdelaine* (1916), Louis Paul Desrosiers' *Les Engagés du Grand Portage* (1938), and Antonine Maillet's *Pégasus la Charrette* (1979) portray the backwoodsmen operating in a collaborative mode within the realistic context of the need to make money. They entered folklore through the 19th-century literary efforts of Taché and others to construct a distinct French Canadian national identity, then in an unstable and continually disrupted process of formation. Their entry into literature necessarily brought their Amerindian business and personal partners, thus making intercultural connections a foundation of the national identity that Taché and others strove to construct, and also mirror. As figures in literature, they embody changing ideas of the self and of the cultures and ethnicities that they connect, both physically and in an abstract sense. Because constructions of self-identity result in behavior, studying this dynamic contributes to ecocritical efforts to better understand human behavior toward both ourselves and our environment. The woodsmen and their Amerindian partners occupy the intriguing position of contributing to both damage and greater acceptance of the cultural Other, the latter of which holds the promise of collaboration and joint searches for sustainable solutions. Thus *coureurs de bois* and *voyageurs*, far from perfect models, can continue to serve as guides today.

Betwixt the Crowns Pasquale De Marco. In the heart-wrenching tale of *Betwixt the Crowns*, we journey back to a time of turmoil and displacement where the Acadian people, a proud and resilient community, faced the wrath of imperial powers. From their ancestral lands in Acadia, stretching along the Atlantic coast of North America, they were forcibly uprooted and scattered across distant shores. Amidst the clash of empires, the Acadians' refusal to pledge allegiance to the British Crown ignited a fuse of conflict. In 1755, the British military unleashed a campaign of ethnic cleansing, tearing families apart and exiling thousands to far-flung corners of the world. Their story is a testament to the indomitable spirit of a people determined to preserve their identity and traditions. Despite the hardships they endured, the Acadians clung fiercely to their language, culture, and faith. They carried their heritage with them as they embarked on a new chapter, rebuilding their lives in unfamiliar lands. From the windswept shores of Nova Scotia to the fertile valleys of Louisiana,

the Acadians persevered establishing vibrant communities that thrived amidst adversity Their legacy lives on in the rich tapestry of North American culture a testament to their unwavering resilience and determination Betwixt the Crowns is a poignant exploration of the human cost of war and displacement a story of loss and renewal that resonates across time It sheds light on a forgotten chapter of history reminding us of the resilience of the human spirit in the face of adversity With vivid prose and meticulous research this book brings to life the struggles and triumphs of the Acadian people It is a powerful narrative that delves into the complexities of identity belonging and the enduring power of cultural heritage If you like this book write a review [The Knickerbocker](#) ,1857 **Radio History Ship Shore** Spurgeon G.
