The Add Answer How To Help Your Child Now:

The ADD & ADHD Answer Book Susan Ashley Ph.D.,2005-09-01 The ADD ADHD Answer Book helps you understand your child's illness and develop a plan to help them succeed What can I do to help my child now What are the symptoms of ADD What questions will the doctor ask me about my child Do children with AD HD qualify for special education Should I medicate my child ADD and ADHD are estimated to affect at least 3 to 7 percent of school age children and the amount of information available on the subject can be overwhelming confusing and oftentimes conflicting The ADD ADHD Answer Book is a reassuring authoritative reference for you and your family providing sound advice and immediate answers to your most pressing questions The book also includes questionnaires and checklists to help you get the most out of your child's evaluation Written in an easy to read question and answer format The ADD ADHD Answer Book helps you understand your child's illness and develop a plan to help them succeed

The ADD Answer Frank Lawlis,2005-08-30 Every year 17 million new cases of attention deficit disorder or ADD are diagnosed in children But medications designed to treat the disorder don't work for many children and often leave families frustrated and searching for more options In The ADD Answer Dr Frank Lawlis draws upon his thirty five years of experience as a clinical and research psychologist to show parents how they can reclaim their central role in healing their children with comprehensive step by step advice on dealing with the problems of ADD His approach blends the latest medical nutritional and psychological treatments that can increase brain function with expert insight into the emotional and spiritual support kids need Including assessment tests geared to help parents understand their child's particular needs and practical information on proven treatment options The ADD Answer explores The role of nutrition in treating the disorder The positive effects of counseling and goal setting Advances in the field of biofeedback The importance of sleep and much more An inspiring and essential guide The ADD Answer will help every family facing the challenges of ADD create a more loving healthy environment necessary for their child to thrive

Current Directions in ADHD and Its Treatment Jill M. Norvilitis,2012-02-15 The treatment of Attention Deficit Hyperactivity Disorder is a matter of ongoing research and debate with considerable data supporting both psychopharmacological and behavioral approaches Researchers continue to search for new interventions to be used in conjunction with or in place of the more traditional approaches These interventions run the gamut from social skills training to cognitive behavioral interventions to meditation to neuropsychologically based techniques The goal of this volume is to explore the state of the art in considerations in the treatment of ADHD around the world This broad survey covers issues related to comorbidity that affect the treatment choices that are made the effects of psychopharmacology and non medication treatments with a special section devoted to the controversial new treatment neurofeedback There is something in this volume for everyone interested in the treatment of ADHD from students examining the topic for the first time to researchers and practitioners looking for inspiration for new research questions or potential interventions
