Travellers in Eighteenth Century Europe Julie Peakman, 2025-01-16 Travellers in Eighteenth Century Europe is an edited collection with contributions by leading scholars brought together by a prolific author with expertise in eighteenth century culture The Grand Tour was considered a part of the education of a young gentleman Travellers included blossoming scholars poets writers and scientists Visits were made to Greece and Italy via France and Switzerland often taking in Turkey But women also traveled extensively though these accounts have been under explored The book will examine first hand accounts of the impact of foreign travel on both women and men seen through their letters travel diaries journals and their creative response in poems music and art Its originality is seen in its exploration of a comparison between the views of women and men abroad and the differences in what they deemed interesting and worthy of comment The book is especially relevant in light of the many past and current xenophobic views of the foreigner Here we more often see travellers viewing their experience of otherness and exoticism in a positive light a cultural appreciation rather than a cultural appropriation This book examines how men and women saw these new worlds opening up before them what delighted them what influenced them and their interaction with others in the light of domesticity antiquity politics work science sex and friendships

Johnson in Japan Kimiyo Ogawa, Mika Suzuki, 2020-10-16 The study and reception of Samuel Johnson's work has long been embedded in Japanese literary culture The essays in this collection reflect that history and influence underscoring the richness of Johnson scholarship in Japan while exploring broader conditions in Japanese academia today In examining Johnson's works such as the Rambler 1750-52 Rasselas 1759 Lives of the Most Eminent English Poets 1779-81 and Journey to the Western Islands of Scotland 1775 the contributors all members of the half century old Johnson Society of Japan also engage with the work of other important English writers namely Shakespeare Mary Shelley Jane Austen and Matthew Arnold and later Japanese writers including Natsume Soseki 1867-1916 If the state of Johnson studies in Japan is unfamiliar to Western academics this volume offers a unique opportunity to appreciate Johnson's centrality to Japanese education and intellectual life and to reassess how he may be perceived in a different cultural context Published by Bucknell University Press Distributed worldwide by Rutgers University Press

Women's Poetry in the Enlightenment Isobel Armstrong, Virginia Blain, 2016-02-02 This collection of twelve critical essays on women's poetry of the eighteenth century and enlightenment is the first to range widely over individual poets and to undertake a comprehensive exploration of their work Experiment with genre and form the poetics of the body the politics of gender revolutionary critique and patronage are

themes of the collection which includes discussions of the distinctive projects of Mary Leapor Ann Yearsley Helen Maria Williams Joanna Baillie Charlotte Smith Anna Barbauld and Lucy Aikin Samuel Johnson, the Ossian Fraud, and the Celtic Revival in Great Britain and Ireland Thomas M. Curley, 2009-04-16 A detailed investigation of Johnson's response to the Ossian controversy with a transcription of a rare anti-Ossian pamphlet he co-authored Family Fictions Christopher Flint, 2002-02 By revealing the investment of eighteenth-century British prose fiction in contemporary debates about domestic ideology this book addresses the multiple ways in which traditional notions of the family were estranged reconstituted as novel concepts and then finally presented as national social norms It focuses on works by Aphra Behn Daniel Defoe Samuel Richardson Eliza Haywood Horace Walpole Laurence Sterne and Mary Wollstonecraft addressing a number of narratives that historians of the novel have overlooked while linking such better-known works as Robinson Crusoe and Pamela to their often neglected sequels Challenging competing critical claims that the household either experienced a revolution in form or that it remained essentially unchanged the author argues that eighteenth-century writers employed a set of complementary strategies to refashion the symbolic and affective power of bourgeois domesticity Whether these writers regarded the household as a supplement to such other social institutions as the Church or the monarchy or as a structure resisting these institutions they affirmed the family's central role in managing civil behavior At a time however when the middle class was beginning to scrutinize itself as a distinct social entity its most popular form of literature reveals that many felt alienated from the most intimate and yet explosive of social experiences family life Prose fiction sought to channel these disturbingly fluid domestic feelings yet was in itself haunted by the specter of unregulated affect Recovering the period's own disparate perceptions of household relations the book explains how eighteenth-century British prose fiction which incorporates elements from conduct books political treatises and demographic material used the family as an instrumental concept in a struggle to resolve larger cultural tensions at the same time it replicated many of the rifts within contemporary family ideology **Bluestockings** E. Eger, 2010-01-20 This study argues that female networks of conversation correspondence and patronage formed the foundation for women's work in the higher realms of Shakespeare criticism and poetry Eger traces the transition between Enlightenment and Romantic culture arguing for the relevance of rational argument in the history of women's writing **The Reformist Ideas of Samuel Johnson** Stefka Ritchie, 2017-03-07 This book explores what remains an under-studied aspect of Samuel Johnson's profile as a person and writer namely his attitude to social improvement The interpretive framework provided here is cross-disciplinary and applies perspectives from social and cultural history legal history architectural history and of course English literature This allows Johnson's writings to be read against the peculiarities of their historical milieu and reveals Johnson in a new light as an advocate of social improvement for human betterment Considering the multiplicity of narrative modes that have been employed the book points to the blurred boundaries and overlapping between history testimony and fiction and argues that a future biography of

Samuel Johnson has to recognise that throughout his life he valued the utilitarian aspect of his manifesto as a writer to impart a more charitable attitude in the pursuit of a more caring society 1650-1850 Kevin L. Cope,2020-02-14 1650 1850 publishes essays and reviews from and about a wide range of academic disciplines literature philosophy art history history religion and science Interdisciplinary in scope and approach 1650 1850 emphasizes aesthetic manifestations and applications of ideas and encourages studies that move between the arts and the sciences **Sentimental Memorials** Melissa Sodeman,2014-11-12 During the later eighteenth century changes in the meaning and status of literature left popular sentimental novels stranded on the margins of literary history While critics no longer dismiss or ignore these works recent reassessments have emphasized their interventions in various political and cultural debates rather than their literary significance Sentimental Memorials by contrast argues that sentimental novels gave the women who wrote them a means of clarifying protesting and finally memorializing the historical conditions under which they wrote As women writers successfully navigated the professional marketplace but struggled to position their works among more lasting literary monuments their novels reflect on what the elevation of literature would mean for women s literary reputations Drawing together the history of the novel women s literary history and book history Melissa Sodeman revisits the critical frameworks through which we have understood the history of literature Novels by Sophia Lee Ann Radcliffe Charlotte Smith and Mary Robinson she argues offer ways of rethinking some of the signal literary developments of this period from emerging notions of genius and originality to the rise of an English canon And in Sodeman s analysis novels long seen as insufficiently literary acquire formal and self historicizing importance
