Alternative Papers Elliott Shore, Patricia J. Case, Laura Daly, 1982 **The Alternative Press Annual**, 1983

Routledge Revivals: Homosexuality: A Research Guide (1987) Wayne R. Dynes, 2017-02-17 First published in 1987 this book encompasses a broad range interdisciplinary research into homosexuality displaying a full spectrum of points of view and given that the major traditions of modern homosexual research began in Europe is not restricted to works in English In general topics that are densely covered in the literature are presented in this guide selectively with some less studied topics such as Economics and Music fleshed out with signposts to more comprehensive research It seeks to not only mirror existing publications but also to stimulate new work by pinpointing neglected themes and methods This book will be of interest to students of sociology **Anti-Americanism** Paul Hollander, In its domestic manifestations anti Americanism may be equated with alienation or an embittered radical social criticism Abroad it may take the form of nationalism anti capitalism and protest against modernity This volume examines the phenomenon within American society and aboard especially among intellectuals *The Alternative Press Annual, 1983* Patricia J. Case, 1985-02 *Up from Invisibility* Larry Gross, 2001-12-26 A half century ago gay men and lesbians were all but invisible in the media and in turn popular culture With the lesbian and gay liberation movement came a profoundly new sense of homosexual community and empowerment and the emergence of gay people onto the media s stage And yet even as the mass media have been shifting the terms of our public conversation toward a greater acknowledgment of diversity does the emerging visibility of gay men and women do justice to the complexity and variety of their experience Or is gay identity manipulated and contrived by media that are unwilling and perhaps unable to fully comprehend and honor it While positive representations of gays and lesbians are a cautious step in the right direction media expert Larry Gross argues that the entertainment and news media betray a lingering inability to break free from proscribed limitations in order to embrace the complex reality of gay identity While noting major advances like the opening of the Oscar Wilde Memorial Bookstore the first gay bookstore in the country or the rise of The Advocate from small newsletter to influential national paper Gross takes the measure of somewhat more ambiguous milestones like the first lesbian kiss on television or the first gay character in a newspaper comic strip

Newspapers Richard A. Schwarzlose, 1987-11-13 This is an extensive bibliographic essay on the history practice and impact of newspapers on American society Organized into nine chapters the book analyzes more than 1 700 books and journals for their value in newspaper research Especially useful to librarians is the chapter that describes reference sources including online services covering newspapers published in the United States and available in most university libraries Each chapter consists of a comparative review essay followed by a bibliography of the sources mentioned Two appendices provide a selected chronology of newspapers and a guide to major newspaper research collections ISBN 0 313 23613 5 55 00 For use only in the library *Underground Times* Ron Verzuh, 1989 **The Press and America** Edwin Emery, Michael C.
