The American Legion An Official History 1919 1989:

The American Legion Thomas A. Rumer,1990 **American Legion Baseball** William E. Akin,2021-12-15 In the wake of the 1919 White Sox scandal and the suspension for life of eight players baseball saw a precipitous decline in popularity especially among America s youth To combat this a group of World War I veterans who were members of the newly formed American Legion created an organization to promote teenage interest in baseball Led by John L Griffith who became the first commissioner of the Big Ten Conference the Legion undertook the revival of baseball In the 1920s and through the Great Depression and World War II Legion baseball grew steadily By 1950 it had become the principal training ground for major league players boasting at its peak more than 16 000 teams across the country Tracing the long history of this uniquely American institution this work details each year s American Legion World Series and the ups and downs of participation over nearly a century **Uncle Sam Wants You** Christopher Capozzola,2010-04-12 A powerful account of America s first mass mobilization revealing how the homefront tensions of World War I dramatically changed the modern American state

Government and Public Health in America Ronald Hamowy,2008-01-01 How involved should the government be in American healthcare Ronald Hamowy argues that to answer this pressing question we must understand the genesis of the five main federal agencies charged with responsibility for our health the Public Health Service the Food and Drug Administration the Veterans Administration the National Institutes of Health and Medicare In examining these he traces the growth of federal influence from its tentative beginnings in 1798 through the ambitious infrastructures of today and offers startling insights on the current debate The author contends that until the twentieth century governmental involvement in health care policy was nominal With the sweeping food and drug reforms of 1906 and the Medicare amendments to Social Security in 1965 a whole new system of health care was brought to the American public A careful analysis of the various programs generated by this legislation however shows a different picture of pet projects budgetary lobbying competitive bureaucracy and discord between the agencies and their opposition Government and Public Health in America provides an illuminating look at the complicated forces that created these institutions and provokes discussion about their usefulness in the future Hamowy s thoroughly researched analysis fills a substantial gap in the history of health policy Economists political scientists historians sociologists and health professionals concerned with the interface between government and health care will find much to recommend in this highly readable account of a fascinating topic **Failing Our Veterans** Mark

Boulton,2014-08 Returning Vietnam veterans had every reason to expect that the government would take care of their readjustment needs in the same way it had done for veterans of both World War II and Korea But the Vietnam generation soon discovered that their G I Bills fell well short of what many of them believed they had earned Mark Boulton s groundbreaking study provides the first analysis of the legislative debates surrounding the education benefits offered under the Vietnam era G I Bills Specifically the book explores why legislators from both ends of the political spectrum failed to

provide Vietnam veterans the same generous compensation offered to veterans of previous wars Failing Our Veterans should be essential reading to scholars of the Vietnam War political history or of social policy Contemporary lawmakers should heed its historical lessons on how we ought to treat our returning veterans Indeed veterans wishing to fully understand their own homecoming experience will find great interest in the book's conclusions **Liberty, Equality, and Justice** Ross Evans Paulson, 1997 A history of social change at a critical period in American history from the end of the Civil War to the early days of the Depression **A Spirit of Sacrifice** Aaron Noble, Keith Swaney, Vicki Weiss, 2017-12-04 New York's pride is the pride of things done Her leadership is no more due to her great wealth or her large population than to the patriotism of her citizens and the uses to which her wealth is put In every war in which this country has engaged she has shown a spirit of sacrifice that has made her preeminent among the States It was with these words that New York State Governor Charles S Whitman urged his fellow New Yorkers to purchase Liberty Bonds in support of the war effort on April 6 1918 He reminded New Yorkers and the nation that the Empire State once again led all others in the numbers of men the amount of money and the tonnage of material supplied to American forces during World War I A companion catalog to the New York State Museum exhibition of the same name A Spirit of Sacrifice documents the statewide story of New York in World War I through the collections of the State's Office of Cultural Education comprised of the New York State Museum Library and Archives Within these world class collections are the nearly 3 600 posters of the Benjamin W Arnold World War I Poster Collection at the New York State Library By interweaving the story of New York in the Great War and utilizing the tremendous artifacts within the pictorial history revealed by the posters of the era and primary source documentation this exhibition catalog serves as both a display of poster art and a more comprehensive examination of the primacy of the state's contributions to America's foray into World War I Posters and objects from museums libraries and historical societies from across New York State as well as iconic artifacts and images are all included here Brought together they tell the story of New York State's essential role in the First World War Alvin York Douglas V. Mastriano, 2014-03-25 Alvin C York 1887 1964 devout Christian conscientious objector and reluctant hero of World War I is one of America's most famous and celebrated soldiers Known to generations through Gary Cooper's Academy Award winning portrayal in the 1941 film Sergeant York York is credited with the capture of 132 German soldiers on October 8 1918 in the Meuse Argonne region of France a deed for which he was awarded the Congressional Medal of Honor At war's end the media glorified York's bravery but some members of the German military and a soldier from his own unit cast aspersions on his wartime heroics Historians continue to debate whether York has received more recognition than he deserves A fierce disagreement about the location of the battle in the Argonne forest has further complicated the soldier's legacy In Alvin York Douglas V Mastriano sorts fact from myth in the first full length biography of York in decades He meticulously examines York's youth in the hills of east Tennessee his service in the Great War and his return to a quiet civilian life dedicated to charity By reviewing artifacts recovered from the battlefield using military terrain

analysis forensic study and research in both German and American archives Mastriano reconstructs the events of October 8 and corroborates the recorded accounts On the eve of the WWI centennial Alvin York promises to be a major contribution to twentieth century military history

First Class Christopher W. Shaw, 2021-11-09 Investigating the essential role that the postal system plays in American democracy and how the corporate sector has attempted to destroy it With First Class The U S Postal Service Democracy and the Corporate Threat Christopher Shaw makes a brilliant case for polishing the USPS up and letting it shine in the 21st century John Nichols national affairs correspondent for The Nation and author of Coronavirus Criminals and Pandemic Profiteers Accountability for Those Who Caused the Crisis First Class is essential reading for all postal workers and for our allies who seek to defend and strengthen our public Postal Service Mark Dimondstein President American Postal Workers Union AFL CIO The fight over the future of the U S Postal Service is on For years corporate interests and political ideologues have pushed to remake the USPS turning it from a public institution into a private business and now with mail in voting playing a key role in local state and federal elections the attacks have escalated Leadership at the USPS has been handed over to special interests whose plan for the future includes higher postage costs slower delivery times and fewer post offices policies that will inevitably weaken this invaluable public service and source of employment Despite the general shift to digital communication the vast majority of the American people and small businesses still rely heavily on the U S postal system and many are rallying to defend it First Class brings readers to the front lines of the struggle explaining the various forces at work for and against a strong postal system and presenting reasonable ideas for strengthening and expanding its capacity services and workforce Emphasizing the essential role the USPS has played ever since Benjamin Franklin served as our first Postmaster General author Christopher Shaw warns of the consequences for the country and for our democracy if we don't win this fight Praise for First Class Piece by piece an essential national infrastructure is being dismantled without our consent Shaw makes an eloquent case for why the post office is worth saving and why for the sake of American democracy it must be saved Steve Hutkins founder editor of Save the Post Office and Professor of English at New York University The USPS is essential for a democratic American society thank goodness we have this new book from Christopher W Shaw explaining why Danny Caine author of Save the USPS and owner of the Raven Book Store Lawrence KS Shaw's excellent analysis of the Postal Service and its vital role in American Democracy couldn't be more timely First Class should serve as a clarion call for Americans to halt the dismantling and to instead preserve and enhance the institution that can bind the nation together Ruth Y Goldway Retired Chair and Commissioner U S Postal Regulatory Commission responsible for the Forever Stamps In a time of community fracture and corporate predation Shaw argues a first class post office of the future can bring communities together and offer exploitation free banking and other services Robert Weissman president of Public Citizen

Renegotiating First World War Memory Ashley Garber, 2021-06-29 First World War based ex servicemen's organisations found themselves facing an existential crisis with the onset of the

Second World War This book examines how two such groups the British and American Legions adapted cognitively to the emergence of yet another world war and its veterans in the years 1938 through 1946 With collective identities and socio political programmes based in First World War memory both Legions renegotiated existing narratives of that war and the lessons they derived from those narratives as they responded to the unfolding Second World War in real time Using the previous war as a learning experience for the new one privileged certain understandings of that conflict over others inflecting its meaning for each Legion moving forward Breaking the Second World War down into its constituent events to trace the evolution of First World War memory through everyday invocations this unprecedented comparison of the British and American Legions illuminates the ways in which differing international national and organisational contexts intersected to shape this process as well as the common factors affecting it in both groups The book will appeal most to researchers of the ex service movement First World War memory and the cultural history of the Second World War
