

DEFOE TO THE VICTORIANS

Two Centuries of
the English Novel

DAVID SKILTON

The English Novel Defoe To The Victorians

C Cleary

The English Novel Defoe To The Victorians:

The English Novel David Skilton, 1977 **Defoe to the Victorians** David Skilton, 1985 **The English Novel, 1700-1740** Robert Letellier, 2003-02-28 The English novel written between 1700 and 1740 remains a comparatively neglected area In addition to Daniel Defoe whose Robinson Crusoe and Moll Flanders are landmarks in the history of English fiction many other authors were at work These included such women as Penelope Aubin Jane Barker Mary Davys and Eliza Haywood who made a considerable contribution to widening the range of emotional responses in fiction These authors and many others continued writing in the genres inherited from the previous century such as criminal biographies the Utopian novel the science fictional voyage and the epistolary novel This annotated bibliography includes entries for these works and for critical materials pertinent to them The volume first seeks to establish the existing studies of the era along with anthologies It then provides entries for a wide ranging selection of works which cover fictional theoretical historical political and cultural topics to provide a comprehensive background to the unfolding and understanding of prose fiction in the early 18th century This is followed by an alphabetical listing of novels their editions and any critical material available on each The next section provides a chronological record of significant and enduring works of fiction composed or translated in this period The volume concludes with extensive indexes **The Cambridge Companion to the Victorian Novel** Deirdre David, 2001 In The Cambridge Companion to the Victorian Novel first published in 2000 a series of specially commissioned essays examine the work of Charles Dickens the Brontës George Eliot and other canonical writers as well as that of such writers as Olive Schreiner Wilkie Collins and H Rider Haggard whose work has recently attracted new attention from scholars and students The collection combines the literary study of the novel as a form with analysis of the material aspects of its readership and production and a series of thematic and contextual perspectives that examine Victorian fiction in the light of social and cultural concerns relevant both to the period itself and to the direction of current literary and cultural studies Contributors engage with topics such as industrial culture religion and science and the broader issues of the politics of gender sexuality and race The Companion includes a chronology and a comprehensive guide to further reading *The Oxford Handbook of the Victorian Novel* Lisa Rodensky, 2013-07-11 Much has been written about the Victorian novel and for good reason The cultural power it exerted and to some extent still exerts is beyond question The Oxford Handbook of the Victorian Novel contributes substantially to this thriving scholarly field by offering new approaches to familiar topics the novel and science the Victorian Bildungroman as well as essays on topics often overlooked the novel and classics the novel and the OED the novel and allusion Manifesting the increasing interdisciplinarity of Victorian studies its essays situate the novel within a complex network of relations among for instance readers editors reviewers and the novelists themselves or among different cultural pressures the religious the commercial the legal The handbook's essays also build on recent bibliographic work of remarkable scope and detail responding to the growing attention to print culture With a detailed

introduction and 36 newly commissioned chapters by leading and emerging scholars beginning with Peter Garside's examination of the early nineteenth century novel and ending with two essays proposing the last Victorian novel the handbook attends to the major themes in Victorian scholarship while at the same time creating new possibilities for further research Balancing breadth and depth the clearly written nonjargon laden essays provide readers with overviews as well as original scholarship an approach which will serve advanced undergraduates graduate students and established scholars As the Victorians get further away from us our versions of their culture and its novel inevitably change this Handbook offers fresh explorations of the novel that teach us about this genre its culture and by extension our own

Legal Narratives in Victorian Fiction Joanne Bridget Simpson, 2023-03-31 The law holds up a mirror to society and reflects that society and its ongoing preoccupations This book establishes legal interpretation as a mode of literary interpretation contextualising the opinions and sociological background of literature within the context of the law of its period and examines the inherent role of the law in the construction of the narrative in the literature of the nineteenth century From the approach to the operation of jurisprudence and legal application to the prosecution of the poor the criminological approach to moral panics and the use of the affirmative defence to mitigate women within society this book explores the ways in which the authors of the period used the novel form as a way of challenging and critiquing the legal operating model of the world in which their characters found themselves examining the way in which the authors of the period used the novel as a means of critiquing the nature of the role of the law within society its impact upon the general public and the reciprocity which exists between legal ideals and the society which manifests those ideals through thought and action This is a useful text for students of nineteenth century literature or the law

English Fiction of the Victorian Period Michael Wheeler, 2014-01-14 Professor Wheeler's widely acclaimed survey of the nineteenth century fiction covers both the major writers and their works and encompasses the genres and minor fiction of the period This excellent introduction and reference source has been revised for this second edition to include new material on lesser known writers and a comprehensively updated bibliography

Defoe's Fiction Ian A. Bell, 2021-12-16 First published in 1985 Defoe's Fiction explores Defoe's work by considering it in the context of its genre The book highlights the difficulty of placing Defoe's fiction in the most appropriate context due to it being aimed primarily at a popular market in contrast to the more literary productions of Pope Swift or Addison It also comments on the trend of focusing on Defoe's irony or emphasising his mimetic power In doing so it seeks to explain rather than judge Defoe's achievement by looking at his whole body of work in the context of its genre Defoe's Fiction will appeal to those with an interest in Defoe comparative literature and the history of literary criticism

A Victorian Art of Fiction John Olmsted, 2016-03-10 First published in 1979 this collection of thirty nine essays on the novel drawn from seventeen periodicals demonstrates the primary concerns of those discussing the nature and purpose of prose fiction in the period from 1870 to 1900 The essays reflect what was thought and said about the art of fiction and reveal what journalists of these

periodicals thought were the most urgent critical concerns facing the working reviewer Including an introduction which assesses the issues raised by the best periodicals at the time this anthology is designed to provide students of Victorian fiction and critical theory with a collection of essays on the art of fiction in a convenient and durable form **A Victorian Art of Fiction** John Charles Olmsted, 2021-03-11 First published in 1979 each volume contains a collection of essays on the novel drawn from periodicals which demonstrates the primary concerns of those discussing the nature and purpose of prose fiction in the period from 1830 to 1900 The essays reflect what was thought and said about the art of fiction and reveal what journalists of these periodicals thought were the most urgent critical concerns facing the working reviewer Including an introduction which assesses the issues raised by the best periodicals at the time each anthology is designed to provide students of Victorian fiction and critical theory with a collection of essays on the art of fiction in a convenient and durable form
