The Enterprising Americans A Business History Of The United States:

The Enterprising Americans: a Business History of the United States John Chamberlain, 1974 An exciting history of American business beginning with colonial times that includes short sketches of important figures The Enterprising Americans John Rensselaer Chamberlain, 1961 The Birth of Big Business in the United States, 1860-1914 David O. Whitten, Bessie E. Whitten, 2005-11-30 The economic and cultural roots of contemporary American business can be traced directly to developments in the era between the Civil War and World War I The physical expansion of the country combined with development of transportation and communication infrastructures to create a free market of vast proportion and businesses capable of capitalizing on the accompanying economies of scale through higher productivity lower costs and broader distribution The Birth of Big Business in the United States illuminates the conditions that changed the face of American business and the national economy giving rise to such titans as Standard Oil United States Steel American Tobacco and Sears Roebuck as well as institutions such as the United States Post Office During this period commercial banking and law also evolved and as the authors argue business and government were not antagonists but partners in creating mass consumer markets process innovations and regulatory frameworks to support economic growth The Birth of Big Business in the United States is not only an incisive account of modern business development but a fascinating glimpse into a dynamic period of American history **The Americans: The National Experience** Daniel J. Boorstin, 1967-02-12 This second volume in The Americans trilogy deals with the crucial period of American history from the Revolution to the Civil War Here we meet the people who shaped and were shaped by the American experience the versatile New Englanders the Transients and the Boosters Winner of the Francis Parkman Prize The Enterprising American John Chamberlain, 1963 The Science of Economic Development and Growth: The Theory of Factor Proportions C.C. Onyemelukwe, 2016-07-08 A theoretical framework aiming to facilitate study of development economics The author presents his theory in three sections how advanced nations developed a proposed third dimension in addition to labour and capital and why capital accumulation is unnecessary even potentially harmful **The Trumps** Gwenda Blair, 2015-10-06 The definitive family biography of President Donald Trump The revealing story of the Trumps mirrors America's transformation from a land of striving immigrants to a world in which the aura of wealth alone can guarantee a fortune The Trumps begins with a portrait of President Trump's immigrant grandfather who as a young man built hotels for miners in Alaska during the Klondike gold rush His son Fred took advantage of the New Deal using government subsidies and loopholes to construct hugely successful housing developments in the 1940s and 1950s The profits from Fred's enterprises paved the way for President Trump's roller coaster ride through the 1980s and 1990s into the new century With his talent for extravagant exaggeration he calls it truthful hyperbole President Trump turned the deal making know how of his forebears into an art form By placing this much publicized life within the context of family Gwenda Blair adds a new dimension to the larger than life figure who ascended to

the American Presidency **Film Histories** Paul Grainge, 2007-01-11 An introduction to film history this anthology covers the history of film from 1895 It is arranged chronologically and each chapter contains an introduction on the key developments within the period Various types of film history are undertaken to enable students to become familiar with different types of film historical research **Congressional Record** United States. Congress, 1981 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 Rethinking Consumer Protection Thomas Tacker, 2019-07-15 For many decades consumer protection laws have focused on preventing bad choices Though that approach has some value this book explains we are much more often harmed even killed by the needless delay of new inventions that could save lives or vastly improve life quality Thomas Tacker explains how we can revamp regulation to embrace inventions that save and improve lives while still holding companies accountable for actions that harm consumers Case studies include price gouging the FDA approval process airport passenger screening and occupational licensing particularly as it relates to Uber This book demonstrates that enacting appropriate liability laws and providing information to guide consumers rather than strictly controlling their choices will save thousands of lives annually increase consumer freedom and make life more enjoyable
