The Hermeneutic Of Dogma:

The Hermeneutic of Dogma Thomas B. Ommen,1975 History of Dogma Adolf von Harnack,1895 **The Hermeneutic Imagination** Josef Bleicher,2014-08-13 In his previous book Contemporary Hermeneutics Josef Bleicher offered an introduction to the subject locating it mainly within the philosophy of social science and looking at the profound impact it is having on a wide range of intellectual pursuits This book follows on from this and expounds the author's view that the development of the hermeneutic imagination is an indispensable condition for reflexive sociological work and emancipatory social practice Dr Bleicher examines the various approaches to sociology empiricist functionalist structuralist interpretive critical by reference to a hermeneutic paradigm and shows how the hermeneutic imagination leads to a redirection in sociology away from scientific presuppositions and towards an awareness of the dialogue which links the subject and object in the study of social phenomena He argues that by allowing the hermeneutic imagination to develop it is possible to counter the steering of social processes on the basis of technocratic imperatives and to provide a rational anticipation of a better future **A Passage to the Idea for a Hermeneutic Philosophy of Science** Dimitri Ginev,2023-03-13 In this book the author has brought together his long standing interests in theory of scientific rationality and hermeneutic ontology by developing a hermeneutic alternative to analytic and naturalist epistemology of science The hermeneutic philosophy of science is less the name of a new field of philosophical than a demand for a repetition of the basic philosophical questions of science from hermeneutic point of view The book addresses chiefly two subjects I The hermeneutic response to the models of rational reconstruction of scientific knowledge II The specificity of hermeneutic ontological approach to the cognitive pluralism in science **The Congregation as Hermeneutic of the Gospel** Shawn P. Behan,2024-10-31 Lesslie Newbigin's concept of the congregation as hermeneutic of the gospel has been used for over thirty years to discuss the overlap of mission and ecclesiology This book provides the contextual background to the congregation as hermeneutic of the gospel then discusses the important components of this concept and how they connect with Newbigin's lifetime of writings on the nature and identity of the church Within this discussion there are three key elements to Newbigin's ecclesiology as it pertains to the congregation as hermeneutic of the gospel the relationship between the Holy Spirit and the local congregation the kingdom of God and the local congregation and the local congregation within itself These three components can be found throughout Newbigin's discussions about the nature of the church ranging from the 1940s until the 1990s Pulling all these components together and showing how they shed light on Newbigin's intended meaning by calling the local congregation the hermeneutic of the gospel for their society provides a new interpretation of this concept that will both strengthen and challenge contemporary uses of this concept within the church today **Correctly Handling the Word of Truth** Mees te Velde, Gerhard H. Visscher,2014-10-24 How should the Word of God be interpreted and applied today Does our modern culture affect how we read the Bible Can certain passages be interpreted in different contexts and in different

ways all the while acknowledging that God speaks with a clear and consistent voice These are the enduring challenges of hermeneutics In this volume no less than sixteen Reformed scholars from four different countries join together to tackle the hard questions that often arise when we busy ourselves with the weighty responsibility of interpreting Holy Scripture As iron sharpens iron so also these Reformed scholars challenge each other and their readers to ask not only how hermeneutics can be done but ultimately how it should be done so that God's Word of Truth may be handled correctly 2 Tim 2 15

The Preached God Gerhard O. Forde, 2017-01-01 The Preached God speaks directly to preachers calling them to deliver the truths of forgiveness life and salvation through both word and sacrament to all who listen

International Theological Commission, Vol II Catholic Church. Commissio Theologica Internationalis, 2009-01-01 This is one of a two volume collection of texts and documents issued by the International Theological Commission ITC a body of theologians that advises the Vatican's Congregation for the Doctrine of the Faith The texts and documents of the ITC address pressing theological issues drawing upon theological experts from around the world who represent differing branches of theology yet who share a common commitment to authentically Catholic theological reflection Volume 2 1986 2007 includes texts and documents exploring the following themes faith and inculturation the interpretation of dogma eschatology God the Redeemer Christianity and world religions the Church and the faults of the past the diaconal ministry human beings as the image of God and the hope for the salvation of unbaptized infants The special contribution of the Commission is to gain a hearing for the common voice of theology amid all the diversities that exist For notwithstanding the legitimate pluralism of theological cultures in the Church the unity of theology must remain and empower theologians to offer some common account of their subject In these pages therefore one will not find the exciting theses of innovative individuals If there is excitement here it lies in the discovery that even in our contemporary situation it is possible to say something together despite all our differences and so to take part together in a further exploration of the one faith of the Church All the texts which follow are the fruit of a long and often difficult dialogue In that dialogue not only have various disciplines methods and ways of thought found a common path Over and above that the wider dialogue of theologians with the bishops as well as between bishops and the Petrine office in the Church has found a voice It is precisely for this reason that the Theological Commission represents an authentic continuation of the great experience of the Council and a clarification of its true bearing Joseph Cardinal Ratzinger from the Preface to Volume One

The Collected Works of Edward Schillebeeckx Volume 6 Edward Schillebeeckx, 2014-09-25 The existence of the historical Jesus cannot be doubted But who was Jesus of Nazareth And who is he for us today In this controversial work Schillebeeckx offers his experiment an informative and sustained hermeneutical reflection on the story of Jesus It became a bestseller and would become the first volume of Schillebeeckx trilogy on Jesus Christ He presents a Christology from below rooted in the synoptic gospels but especially in Mark and in the Q tradition At the same time he is clearly interested in portraying the historical Jesus as both Proclaimer and Proclaimed In this major work

Schillebeeckx tries to answer questions such as Is the promise of salvation only to be found in Jesus Christ because he was a gift from God as the Gospels tell us What can we say about the inspiration of so many who do not attend church or adhere to any believe they find in Jesus Christ Schillebeeckx takes us into his promising quest that leads to the ultimate question of what religious truth actually is Theological Studies William James McGarry, John Courtney Murray, 1974
