Counselling and Psychotherapy **Person-Centred Therapy** Paul Wilkins, 2015-12-14 Person centred therapy rooted in the
experience and ideas of the eminent psychotherapist Carl Rogers is widely practised in the UK and throughout the world It
has applications in health and social care the voluntary sector and is relevant to work with people who are severely mentally
and emotionally distressed As well as being a valuable sourcebook and offering a comprehensive overview this edition
includes updated references and a new section on recent developments and advances The book begins with a consideration
of the principles and philosophy underpinning person centred therapy before moving to a comprehensive discussion of the
classical theory upon which practice is based Further areas of discussion include The model of the person including the
origins of mental and emotional distress The process of constructive change A review of revisions of and additions to person
centred theory Child development styles of processing and configurations of self The quality of presence and working at
relational depth Criticisms of the approach are addressed and rebutted and the application of theory to practice is discussed
The new final section is concerned with advances and developments in theory and practice including Counselling for
Depression The Social Dimension to Person Centred Therapy Person Centred Practice with People experiencing Severe and
Enduring Distress and at the Difficult Edge A Review of Research Throughout the book attention is drawn to the wider
person centred literature to which it is a valuable key Person Centred Therapy will be of particular use to students scholars
