**The sky** Jean-Pierre Verdet,1992      The Sky Jean-Pierre Verdet,1992-01-01      **People of Kituwah** John D. Loftin,Benjamin E. Frey,2024-04-30 According to Cherokee tradition Kituwah is located at the center of the world and is home to the most sacred and oldest of all beloved or mother towns Just by entering Kituwah or indeed any village site Cherokees reexperience the creation of the world when the water beetle first surfaced with a piece of mud that later became the island on which they lived People of Kituwah is a comprehensive account of the spiritual worldview and lifeways of the Eastern Cherokee people from that beginning to today Building on vast primary and secondary materials native and non native John D Loftin and Benjamin E Frey show how Cherokee religious life evolved both before and after the calamitous coming of colonialism This book offers an in depth understanding of Cherokee culture and society Page 4 of cover      The Order War L. E. Modesitt, Jr.,2010-10-12 L E Modesitt Jr s The Order War continues his bestselling fantasy series the Saga of Recluce which is one of the most popular in contemporary epic fantasy The deadly White Wizards of Fairhaven wielding the forces of chaos threaten the ancient matriarchy of Sarronnyn the last bastion of order in Candar When Sarronnyn falls despite the assistance of the Black Order mages Justen a young Black Engineer must escape the city and master forbidden technology that harness chaos itself Even so it may not be enough to halt conquest of the White Wizards An intriguing fantasy in a fascinating world Robert Jordan New York Times bestselling author of The Wheel of Time series Saga of Recluce 1 The Magic of Recluce 2 The Towers of Sunset 3 The Magic Engineer 4 The Order War 5 The Death of Chaos 6 Fall of Angels 7 The Chaos Balance 8 The White Order 9 Colors of Chaos 10 Magi i of Cyador 11 Scion of Cyador 12 Wellspring of Chaos 13 Ordermaster 14 Natural Order Mage 15 Mage Guard of Hamor 16 Arms Commander 17 Cyador s Heirs 18 Heritage of Cyador 19 The Mongrel Mage Story Collection Recluce Tales Other Series by L E Modesitt Jr The Imager Portfolio The Corean Chronicles The Spellsong Cycle The Ghost Books The Ecolitan Matter At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied      **The Monist** Paul Carus,1918 Vols 2 and 5 include appendices      *Torah Mora* Philippe Chouraki,2005 To Jews the first five books of the Old Testament The Torah is the law God s direct communication to Moses about the origins of the world man s place in it and how we should live Non Jews may not recognize the name Torah but as the basis of both the Christian Bible and of Judeo Christian culture the stories scenarios and commandments of Torah have a profound archetypal influence on the worldview and daily experience of most westerners The thesis of Torah Mora makes Torah the emotional DNA God provided for our use and benefit Just as DNA instructs the body on its proper functioning Torah instructs us on how to function emotionally within ourselves our relationships and society and gives us a deep view into how the universe functions as well For example the Hebrew word for love ohev alef he bet is very similar to the word for father alef bet and to enemy alef youd bet If we assume a logical pattern behind Torah s words and letters we can deduce that love is simply a parental energy with the letter he added and that an

enemy is a parental energy with the letter youd added In looking across Torah at how the letters he and youd consistently function we find that he often signifies the larger universe outside the self while youd denotes the individual s inner consciousness Hence love is a fatherly energy that is supported and upheld by the outer universe while an enemy is a paternalizing person whose dominance is upheld only by his own inner drive      **Creation Accounts** Mira

Donnelly,AI,2025-05-06 Creation Accounts explores humanity s enduring quest to understand our origins by examining creation narratives from diverse cultures Grounded in linguistic and archaeological evidence the book moves beyond simple storytelling to analyze the cultural historical and societal contexts that shaped these origin stories Readers will discover recurring motifs such as the emergence of land from water which appear across geographically distant cultures hinting at a universal human need to explain existence The book uniquely emphasizes linguistic and archaeological methodologies demonstrating how language families reveal connections between cultures and how archaeological findings can corroborate or challenge traditional narratives It begins by introducing key concepts and methodologies progresses through in depth case studies of creation accounts from Mesopotamia Egypt Greece India and Mesoamerica and synthesizes findings to reveal the prevalence of certain motifs and the evolution of creation narratives across time This approach provides a solid foundation for understanding the psychological and cultural significance of these myths Ultimately Creation Accounts argues that underlying structural and thematic similarities in creation stories point to shared cognitive patterns offering insights into fundamental human concerns This comprehensive study is valuable for anyone interested in world history religion and mythology providing a nuanced analysis that moves beyond simplistic comparisons to offer a deeper understanding of our shared human story      **Divine Knowledge** Brian Gregory Baumann,2008 In an original and compelling examination of

traditional mathematics this comprehensive study of the anonymous Manual of Mongolian Astrology and Divination published by A Mostaert in 1969 takes on the fundamental problem of the post enlightenment categorization of knowledge in particular the inherently problematic realms of religion and science as well as their subsets medicine ritual and magic In the process of elucidating the rhetoric and logic shaping this manual the author reveals not only the intertwined intellectual history of Eurasia from Greece to China but also dismantles many of the discourses that have shaped its modern interpretations

E. Modesitt, Jr., 2014-05-20 Destined to command his future ruler brother s defense army Lerial the second son of Duke Kiedron discovers during his training that he has a rare power to harness both Order and Chaos      World Monarchies and Dynasties John Middleton, 2015-06-01 Throughout history royal dynasties have dominated countries and empires around the world Kings queens emperors chiefs pharaohs czars whatever title they ruled by monarchs have shaped institutions rituals and cultures in every time period and every corner of the globe The concept of monarchy originated in prehistoric times and evolved over centuries right up to the present Efforts to overthrow monarchies or evade their rule such as the American French Chinese and Russian revolutions are considered turning points in world history Even today many countries retain their monarchies although in vastly reduced form with little political power One cannot understand human history and government without understanding monarchs and monarchies This fully illustrated encyclopedia provides the first complete survey of all the major rulers and ruling families of
