silent era to the new century The alternative aesthetics are closely linked to the indigenous Chinese ontology of cinema namely shadowplay yingxi The author presents an alternative account through a close examination of four distinct visual narrative and stylistic devices or themes that recur in different periods of Chinese film history the dream representation the doubling of characters the device of self reflexivity and the allegorical construction of space By considering specific films and scenes as problematic sites where history politics and aesthetics collide this book also seeks to elucidate the relationship between cinema and the multifaceted experiences of Chinese modernity with respect to subjectivity ideology identity and nationality This book will be of interest to scholars and students of Chinese cinemas realism and modernism **Hysterical!**

***Stoogeology*** Peter Seely, Gail W. Pieper, 2007-05-15. In the world of slapstick comedy, few are more beloved than the Three Stooges. Throughout their 190 short films, they consistently delivered physical, verbal, and situational comedy in new and creative ways. Following the trio from outer space to ancient Rome, this volume provides an in-depth look at their comedy and its impact on twentieth-century art, culture, and thought. This analysis reveals new insights into the language, literary structure, politics, race, gender, ethnicity, and even psychology of the classic shorts. It discusses the elements of surrealism within the Stooges' films, exploring the many ways in which they created their own reality regardless of time and space. The portrayal of women and minorities and the role of the mistake in Stooges works are also addressed. Moreover, the book examines the impact that the Columbia Studios style and the austerity of its Short Subjects Department had on the work of the Three Stooges' films that ironically have outlasted more costly and celebrated productions.

***The Psychology of Humor*** Jon Roeckelein, 2002-02-28. This work traces the origins and evolution of the concept of humor in psychology from ancient to modern times, with an emphasis on an experimental, empirical approach to the understanding of humor and sense of humor. In addition to more than 3,000 important citations and references pertaining to the history, theories, and definitions of the concept of humor, this reference guide contains more than 380 recent, post-1970 annotated entries on the psychology of humor in its bibliographic section. The book describes various psychological, nonpsychological, and philosophical theories and definitions of humor and focuses on the methodological concerns of psychologists regarding the scientific investigation of humor. ***Vaudeville on the Diamond*** David M. Sutera, 2014-01-09. Over the last couple of decades, minor league baseball games have shown substantial attendance figures, with more than forty-one million spectators in both 2010 and 2011. With all the high-tech, live-streaming, fast-paced entertainment available to consumers, what is it about minor league baseball that still holds appeal with today's audiences? With access to major league games broadcast on countless cable networks, what draws fans to small stadiums to watch obscure players struggle to make the big time? Sports historian David M. Sutera set out to answer these questions by visiting fourteen minor league baseball parks around the country. In *Vaudeville on the Diamond*, Sutera discusses the lure of minor league baseball with fans, players, and team representatives, examining how teams have survived and thrived in today's competitive entertainment world. Combining interviews with game-day observations, Sutera argues that minor league baseball's key to survival lies in the creation of on- and off-field attractions that invoke the traditions of vaudeville with their unique and quirky spectacle. From inviting fans to participate in dizzy bat

competitions and races against the mascot to featuring Star Wars theme nights and monkeys riding border collies teams have created a multifaceted form of entertainment that transcends the game itself Part study and part travelogue Vaudeville on the Diamond features numerous photographs of on field entertainment showcasing the vaudevillian side of minor league baseball A light hearted and engaging look at the minor leagues this book will appeal not only to scholars and students of popular culture sports and leisure studies and sports management but to all fans of baseball and minor league sports

### **The Cinema of Attractions Reloaded**

Wanda Strauven, 2006 Twenty years ago noted film scholars Tom Gunning and Andr  Gaudreault introduced the phrase cinema of attractions to describe the essential qualities of films made in the medium's earliest days those produced between 1895 and 1906 Now The Cinema of Attractions Reloaded critically examines the term and its subsequent wide ranging use in film studies The collection opens with a history of the term tracing the collaboration between Gaudreault and Gunning the genesis of the term in their attempts to explain the spectacular effects of motion that lay at the heart of early cinema and the pair's debts to Sergei Eisenstein and others This reconstruction is followed by a look at applications of the term to more recent film productions from the works of the Wachowski brothers to virtual reality and video games With essays by an impressive collection of international film scholars and featuring contributions by Gunning and Gaudreault as well The Cinema of Attractions Reloaded will be necessary reading for all scholars of early film and its continuing influence
