Subject Guide to Books in Print ,1996 *Scouting with the Buffalo Soldiers* John P. Langellier,2020-10-15 On a hot summer s day in Montana a daring frontier cavalry officer Powhatan Henry Clarke died at the height of his promising career A member of the U S Military Academy s Class of 1884 Clarke graduated dead last and while short on academic application he was long on charm and bravado Clarke obtained a commission with the black troops of the Tenth Cavalry earning his spurs with these Buffalo Soldiers He evolved into a fearless field commander at the troop level gaining glory and first hand knowledge of what it took to campaign in the West During his brief action packed career Clarke saved a black trooper s life while under Apache fire and was awarded the Medal of Honor A chance meeting brought Clarke together with artist Frederic Remington who brought national attention to Clarke when he illustrated the exploit for an 1886 Harper s Weekly The officer and artist became friends and Clarke served as a model and consultant for future artwork by Remington Remington s many depictions of Clarke added greatly to the cavalryman s luster In turn the artist gained fame and fortune in part from drawing on Clarke as his muse The story of these two unlikely comrades tells much about the final stages of the Wild West and the United States emergence on the international scene Along the way Geronimo The Apache Kid Texas John Slaughter and others played their roles in Clarke s brief but compelling drama Encyclopedia of Frontier Biography: G-O Dan L. Thrapp,1991-08-01 Includes biographical information on 4 500 individuals associated with the frontier The United States Army and Navy Journal and Gazette of the Regular and Volunteer Forces ,1905 **Pony Express Courier** ,1949 **The Zulus at War** Adrian Greaves,Xolani Mkhize,2018-03-06 By tracing the long and turbulent history of the Zulus from their arrival in South Africa and the establishment of Zululand The Zulus at War is an important and readable addition to this popular subject area It describes the violent rise of King Shaka and his colorful successors under whose leadership the warrior nation built a fearsome fighting reputation without equal among the native tribes of South Africa It also examines the tactics and weapons employed during the numerous intertribal battles over this period They then became victims of their own success in that their defeat of the Boers in 1877 and 1878 in the Sekunini War prompted the well documented British intervention Initially the might of the British empire was humbled as never before by the shock Zulu victory at Isandlwana but the 1879 war ended with the brutal crushing of the Zulu Nation But as Adrian Greaves reveals this was by no means the end of the story The little known consequences of the division of Zululand the Boer War and the 1906 Zulu Rebellion are

analyzed in fascinating detail. An added attraction for readers is that this long awaited history is written not just by a leading authority but thanks to the coauthor's contribution from the Zulu perspective using much completely fresh material. Warrior Nations Roger L. Nichols, 2013-10-08 During the century following George Washington's presidency the United States fought at least forty wars with various Indian tribes averaging one conflict every two and a half years. *Warrior Nations* is Roger L. Nichols's response to the question Why did so much fighting take place? Examining eight of the wars between the 1780s and 1877 Nichols explains what started each conflict and what the eight had in common as well as how they differed. He writes about the fights between the United States and the Shawnee Miami and Delaware tribes in the Ohio Valley the Creek in Alabama the Arikara in South Dakota the Sauk and Fox in Illinois and Wisconsin the Dakota Sioux in Minnesota the Cheyenne and Arapaho in Colorado the Apache in New Mexico and Arizona and the Nez Perce in Oregon and Idaho. Virtually all of these wars Nichols shows grew out of small scale local conflicts suggesting that interracial violence preceded any formal declaration of war. American pioneers hated and feared Indians and wanted their land. Indian villages were armed camps and their young men sought recognition for bravery and prowess in hunting and fighting. Neither the U.S. government nor tribal leaders could prevent raids, thievery and violence when the two groups met. In addition to U.S. territorial expansion and the belligerence of racist pioneers Nichols cites a variety of factors that led to individual wars: cultural differences, border disputes, conflicts between and within tribes, the actions of white traders and local politicians, the government's failure to prevent or punish anti-Indian violence and Native determination to retain their lands, traditional culture and tribal independence. The conflicts examined here Nichols argues need to be considered as wars of U.S. aggression, a central feature of that nation's expansion across the continent that brought newcomers into areas occupied by highly militarized Native communities ready and able to defend themselves and attack their enemies. *Continental Reckoning* Elliott West, 2023-02 Elliott West lays out the main events and developments that together describe and explain the emergence of the American West and situates the birth of the West in the broader narrative of American history between 1848 and 1880. **Scientific American**, 1861
