Slave Trade And Slavery:

A Forgotten History ,2008 *The Atlantic Slave Trade* Johannes Postma,2003-06-30 Drawing on surviving firsthand accounts the author explains the context of the slave trade from the moment of enslavement in Africa to the sale of the slaves in American markets

The Dutch Slave Trade, 1500-1850 ,2006 Dutch historiography has traditionally concentrated on colonial successes in Asia However the Dutch were also active in West Africa Brazil New Netherland the present state of New York and in the Caribbean In Africa they took part in the gold and ivory trade and finally also in the slave trade something not widely known outside academic circles P C Emmer one of the most prominent experts in this field tells the story of Dutch involvement in the trade from the beginning of the 17th century much later than the Spaniards and the Portuguese and goes on to show how the trade shifted from Brazil to the Caribbean He explains how the purchase of slaves was organized in Africa records their dramatic transport across the Atlantic and examines how the sales machinery worked Drawing on his prolonged study of the Dutch Atlantic slave trade he presents his subject clearly and soberly although never forgetting the tragedy hidden behind the numbers the dark side of the Dutch Golden Age which makes this study not only informative but also very readable

Transformations in Slavery Paul E. Lovejoy,2011-10-10 This history of African slavery from the fifteenth to the early twentieth centuries examines how indigenous African slavery developed within an international context Paul E Lovejoy discusses the medieval Islamic slave trade and the Atlantic trade as well as the enslavement process and the marketing of slaves He considers the impact of European abolition and assesses slavery's role in African history The book corrects the accepted interpretation that African slavery was mild and resulted in the slaves assimilation Instead slaves were used extensively in production although the exploitation methods and the relationships to world markets differed from those in the Americas Nevertheless slavery in Africa like slavery in the Americas developed from its position on the periphery of capitalist Europe This new edition revises all statistical material on the slave trade demography and incorporates recent research and an updated bibliography

The Suppression of the African Slave Trade to the United States of America: 1638-1870 W.E.B. Du Bois, 2018-02-06 This monograph was begun during my residence as Rogers Memorial Fellow at Harvard University and is based mainly upon a study of the sources i e national State and colonial statutes Congressional documents reports of societies personal narratives etc The collection of laws available for this research was I think nearly complete on the other hand facts and statistics bearing on the economic side of the study have been difficult to find and my conclusions are consequently liable to modification from this source The question of the suppression of the slave trade is so intimately connected with the questions as to its rise the system of American slavery and the whole colonial policy of the eighteenth century that it is difficult to isolate it and at the same time to avoid superficiality on the one hand and unscientific narrowness of view on the other While I could not hope entirely to overcome such a difficulty I nevertheless trust that I have succeeded in rendering this monograph a small contribution to the scientific study of slavery and the American Negro William Edward Burghardt W E B Du Bois 1868 1963 was an American sociologist historian civil rights activist Pan Africanist author writer and editor Born in Great Barrington Massachusetts Du Bois grew up in a relatively tolerant and integrated community After completing graduate work at the University of Berlin and Harvard where he was the first African American to earn a doctorate he became a professor of history sociology and economics at Atlanta University Du Bois was one of the co founders of the National Association for the Advancement of Colored People in 1909

Slave Trade and Slavery John Henrik Clarke, Vincent Harding, 1970

Black Cargoes Daniel P. Mannix, Malcolm Cowley, 2025-05-06 A carefully understated but chilling account of the whole 3 1 2 centuries during which 15 million Africans were snatched from their homes and delivered into slavery in the New World Time In 1518 the Atlantic slave trade began with the landing in the West Indies of the first enslaved people directly from Africa These were the victims of a forced migration that was more callous and immensely larger in the end than any other such movement of modern or ancient times Written in 1962 Black Cargoes attempts to tell where these exploited people came from how they were enslaved in Africa how they were purchased by sea captains how they were packed into the hold like merchandise although with greater losses in transit and how the survivors were sold in West Indian and American markets Author Daniel P Mannix brings the horrifying spectacle to life devoting attention to the engrossing and often fatal adventures of sea captains smugglers African agents and sailors But he never wavers from delivering a clear and frightening record of man s ability to allow the lust for money to deaden his sensibilities The Journal of African American History Both fascinating and horrifying It embodies the most careful research and it also possesses literary charm Allan Nevins Pulitzer Prize winning author A sound book on a rich subject it is the long needed single volume covering all the salient angles of the evil old trade The New York Times Book Review It translates the slave trade from statistics and conclusions into the sum total of individual human experiences Los Angeles Times
