Slavery And The Literary Imagination:

Slavery and the Literary Imagination Deborah E. McDowell, Arnold Rampersad, 1989-08 Seven noted scholars examine slave narratives and the topic of slavery in American literature from Frederick Douglass's Narrative 1845 treated in chapter by James Olney and William L. Andrews to Sherley Anne Williams's Dessa Rose 1984 Among the contributors Arnold Rampersad reads W. E. B. DuBois's classic work The Souls of Black Folk 1903 as a response to Booker T. Washington's Up from Slavery 1901 Hazel V. Carby examines novels of slavery and novels of sharecropping and questions the critical tendency to conflate the two thereby also conflating the nineteenth century with the twentieth the rural with the urban Although works by Afro American writers are the primary focus the authors also examine antislavery novels by white women Hortense J. Spillers gives extensive attention to Harriet Beecher Stowe's Uncle Tom's Cabin in juxtaposition with Ishmael Reed's Flight to Canada Carolyn L. Karcher reads Lydia Maria Child's A Romance of the Republic as an abolitionist vision of America's racial destiny In a concluding chapter Deborah E. McDowell's reading of Dessa Rose reveals how slavery and freedom dominant themes in nineteenth century black literature continue to command the attention of contemporary authors

Slavery and the Roman Literary Imagination William Fitzgerald, 2000-03-09 This book explores the presence of slaves and slavery in Roman literature and asks particularly what the free imagination made of the experience of living with slave beings who both were and were not fellow humans As a shadow humanity slaves furnished the free with other selves and imaginative alibis as well as mediators between and substitutes for their peers As presences that witnessed their owners' most unguarded moments they possessed a knowledge that was the object of both curiosity and anxiety The book discusses not only the ideological relations of Roman literature to the institution of slavery but also the ways in which slavery provided a metaphor for a range of other relationships and experiences and in particular for literature itself It is arranged thematically and covers a broad chronological and generic field

The Black Butterfly Marcus Wood, 2019 The Black Butterfly focuses on the slavery writings of three of Brazil's literary giants Machado de Assis, Castro Alves, and Euclides da Cunha These authors wrote in the late nineteenth and early twentieth centuries as Brazil moved into and then through the 1888 abolition of slavery Assis was Brazil's most experimental novelist Alves was a Romantic poet with passionate liberationist politics popularly known as the poet of the slaves and da Cunha is known for the masterpiece Os Sertões The Backlands a work of genius that remains strangely neglected in the scholarship of transatlantic slavery Wood finds that all three writers responded to the memory of slavery in ways that departed from their counterparts in Europe and North America where emancipation has typically been depicted as a moment of closure He ends by setting up a wider literary context for his core authors by introducing a comparative study of their great literary abolitionist predecessors Luís Gonzaga Pinto da Gama and Joaquim Nabuco The Black Butterfly is a revolutionary text that insists Brazilian culture has always refused a clean break between slavery and its aftermath Brazilian slavery thus emerges as a living legacy subject to continual renegotiation and

Lewis,2024-03-18 Telling Narratives analyzes key texts from nineteenth and early twentieth century African American literature to demonstrate how secrets and their many tellings have become slavery s legacy By focusing on the ways secrets are told in texts by Jessie Fauset Charles W Chesnutt Pauline Hopkins Frederick Douglass and others Leslie W Lewis suggests an alternative model to the feminist dichotomy of breaking silence in response to sexual violence This fascinating study also suggests that masculine bias problematically ignores female experience in order to equate slavery with social death In calling attention to the sexual behavior of slave masters in African American literature Lewis highlights its importance to slavery s legacy and offers a new understanding of the origins of self consciousness within African American experience **New Essays on the African American Novel** L. Slavery in American Children's Literature, 1790-2010 Paula T. Connolly, 2013-07-01 Long seen by writers as a vital political force of the nation children's literature has been an important means not only of mythologizing a certain racialized past but also because of its intended audience of promoting a specific racialized future Stories about slavery for children have served as primers for racial socialization This first comprehensive study of slavery in children's literature *Slavery in American Children's Literature 1790-2010* also historicizes the ways generations of authors have drawn upon antebellum literature in their own re-creations of slavery It examines well known canonical works alongside others that have ostensibly disappeared from contemporary cultural knowledge but have nonetheless both affected and reflected the American social consciousness in the creation of racialized images Beginning with abolitionist and proslavery views in antebellum children's literature Connolly examines how successive generations reshaped the genres of the slave narrative abolitionist texts and plantation novels to reflect the changing contexts of racial politics in America From Reconstruction and the end of the nineteenth century to the early decades of the twentieth century to the civil rights era and into the twenty first century these antebellum genres have continued to find new life in children's literature in among other forms neoplantation novels biographies pseudoabolitionist adventures and neo slave narratives As a literary history of how antebellum racial images have been re-created or revised for new generations *Slavery in American Children's Literature* ultimately offers a record of the racial mythmaking of the United States from the nation's beginning to the present day

Imagining Grace Kimberly Rae Connor, 2000 In this subtle and illuminating study Kimberly Rae Connor surveys examples of contemporary literature drama art and music that extend the literary tradition of African American slave narratives Revealing the powerful creative links between this tradition and liberation theology's search for grace she shows how these artworks profess a liberating theology of racial empathy and reconciliation even if not in traditionally Christian or sacred language From Frederick Douglass's autobiographical writings through Richard Wright's imaginative reconstruction of slavery to Ernest Gaines's *Autobiography of Miss Jane Pittman* and the candescent novels of Toni Morrison slave narratives exhort the reader to step into the experience of the dispossessed Connor underscores the broad influence of the slave narrative by considering nonliterary as well as literary works including Glenn Ligon's introspective art Anna Deavere Smith's one woman performance pieces and Charlie Haden's politically engaged *Liberation Music Orchestra* Through these works readers listeners and viewers imagine grace on two levels as the liberation of the enslaved from oppression and as their own liberation from prejudice and willed innocence Calling to task a complacent white society that turns a blind eye to deep seated and continuing racial inequalities *Imagining Grace* shows how these creative endeavors embody the search for grace seeking to expose racism in all its guises and lay claim to political intellectual and spiritual freedom

Audience, Agency and Identity in Black Popular Culture Shawan M. Worsley, 2009-09-10 *Audience Agency and Identity in Black Popular Culture* analyses black cultural representations that

appropriate anti black stereotypes Using examples from literature media and art Worsley examines how these cultural products do not rework anti black stereotypes into seemingly positive images Rather they present anti black stereotypes in their original forms and encourage audiences not to ignore but to explore them Shifting critical commentary from a need to censor these questionable images Worsley offers a complex consideration of the value of and problems with these alternative anti racist strategies in light of stereotypes persistence This book furthers our understanding of the historical circumstances that are influencing contemporary representations of black subjects that are purposefully derogatory and documents the consequences of these images

The Real Negro Shelly Eversley,2004-03-29 In this book Shelly Eversley historicizes the demand for racial authenticity what Zora Neale Hurston called the real Negro in twentieth century American literature Eversley argues that the modern emergence of the interest in the real Negro transforms the question of what race an author belongs into a question of what it takes to belong to

Black Mothers and the National Body Politic Andrea Powell Wolfe,2020-10-14 Black Mothers and the National Body Politic The Narrative Positioning of the Black Maternal Body from the Civil War Period through the Present focuses on the struggles and triumphs of black motherhood in six works of narrative prose composed from the Civil War period through the present Andrea Powell Wolfe examines the functioning of the black maternal body to both define and undermine ideal white womanhood the physical scarring of the black mother and the reclamation of the black maternal body as a site of subversion and nurturance as well as erotic empowerment and the construction of oppressive discourses surrounding black female bodies and reproduction and the development of resistance to these types of discourses These tensions undergird a multifaceted discussion of the narrative positioning of the black maternal body within and in relationship to the national body politic an inherently exclusionary and restrictive metaphorical entity constructed and socially contracted over time by an already politically empowered citizenry Ultimately close analysis of the texts under study suggests that the United States as a figurative body complete with imagined parts that perform separate functions from intelligence to labor ingestion to expulsion has simultaneously used and cast off the black maternal body over the course of centuries
