

The Social Gospel Today

"A reappraisal that is creative and controversial. Veteran interpreters and newer voices convene a rich conversation about the legacy and the future of social Christianity in the changing American cultural context."

Dr. Ronald C. White Jr., Vice President for Academic Affairs, Dean of the Seminary, and Professor of Church History at San Francisco Theological Seminary. Author of Liberty and Justice for All: Racial Reform and the Social Gospel.

"The essays in this volume remind us of the importance of that movement in the shaping of twentieth-century Christianity, even as they help to refocus its genius in broader directions for the twenty-first century."

Dr. J. Philip Wogaman, Senior Minister, Foundry United Methodist Church, and Affiliated Professor of Christian Social Ethics at Wesley Theological Seminary, Washington, D.C.

"A sensible and well-balanced reevaluation of the social gospel delineating an enlarged, multilevel, and exciting response to the efforts church men and women have and can employ to relate the insights of the Christian faith to the salvation of American society. For them the social gospel is not only alive but growing and mutating in our postmodern era. The book is a valuable aid to the efforts of religious persons to overcome the emergent and changing needs of individuals and contemporary society."

Dr. Preston N. Williams, Houghton Professor of Theology and Contemporary Change at Harvard Divinity School

"As what has been known as the social gospel emerged in the late nineteenth century, it has proved to be an important, many-sided, changing, and often misunderstood movement. A dozen scholars have joined together in reinterpreting both pasts and presents of social Christianity in America. They have effectively brought together historical and theological skills in a readable way in this significant contribution that can not only enrich knowledge but can help to guide action."

Robert T. Handy, Henry Sloane Coffin Professor Emeritus of Church History at Union Theological Seminary in New York

Prominent theologians, religious historians, ethicists, and pastoral scholars here explore the enduring value of the social gospel tradition for the ministry and mission of contemporary, mainline Protestant churches.

Contributors include Christopher H. Evans, Susan Hill Lindley, Darryl M. Trimiew, Melanie A. May, Rosemary Skinner Keller, Dianne Reistroffer, Gary Dorrien, Timothy Tseng, Janet Furness, Janet Forsythe Fishburn, Max L. Stackhouse, and Pamela D. Couture.

CHRISTOPHER H. EVANS is Associate Professor of Church History and Director of United Methodist Studies at Colgate Rochester Divinity School/Crozer Theological Seminary, Rochester, New York.

Social Gospel Today

Social Gospel Today:

The Presbyterian Pendulum Mark J. Englund-Krieger, 2010-02-01 The Presbyterian Pendulum is a study in mainline Protestant social ethics with a focus on the Presbyterian Church USA This book is written for the church with the hope that it will provide theological foundation and spiritual encouragement for our efforts to find unity despite the diversity of convictions and perspectives in our midst This is a historical study of the significant social and political issues to which the church responded throughout the twentieth century With a foundation in solid historical research this book offers the compelling thesis that the Presbyterian Church is at its best when the wild diversity of worldviews theological perspectives and convictions are encouraged Even more the book offers the spiritually rich thesis that it is in this wild diversity not despite of it that the providence of God is seen and known What is unique and compelling about this study is the guiding metaphor of the pendulum swinging The vast difference of opinion in the church around social issues has historically always been true is necessary today and itself points to a deeper truth about God's sustaining providence The church must discern and hold onto that deeper truth We must let the pendulum swing It is my hope that this book will be an encouragement for the church even as we continue to be mired in deep conflict The Social Gospel Today Christopher Hodge

Evans, 2001-01-01 The contributors explore how the theological tradition of the Social Gospel born within the social and cultural dislocations of late 19th century America relates to the dislocations of the current American scene The contributors argue that America's only indigenous theological tradition remains powerfully relevant to mainline churches and to the scholars who work out of these institutions **Spiritual Socialists** Vaneesa Cook, 2019-10-25 Refuting the common perception that the American left has a religion problem Vaneesa Cook highlights an important but overlooked intellectual and political tradition that she calls spiritual socialism Spiritual socialists emphasized the social side of socialism and believed the most basic expression of religious values caring for the sick tired hungry and exploited members of one's community created a firm footing for society Their unorthodox perspective on the spiritual and cultural meaning of socialist principles helped make leftist thought more palatable to Americans who associated socialism with Soviet atheism and autocracy In this way spiritual socialism continually put pressure on liberals conservatives and Marxists to address the essential connection between morality and social justice Cook tells her story through an eclectic group of activists whose lives and works span the twentieth century Sherwood Eddy A J Muste Myles Horton Dorothy Day Henry Wallace Pauli Murray Staughton Lynd and Martin Luther King Jr spoke and wrote publicly about the connection between religious values and socialism Equality cooperation and peace they argued would not develop overnight and a more humane society would never emerge through top down legislation Instead they believed that the process of their vision of the world had to happen in homes villages and cities from the bottom up By insisting that people start treating each other better in everyday life spiritual socialists transformed radical activism from projects of political policy making to grass roots organizing For Cook

contemporary public figures such as Senator Bernie Sanders Pope Francis Reverend William Barber and Cornel West are part of a long standing tradition that exemplifies how non Communist socialism has gained traction in American politics

Religion, Theology, and Class J. Rieger, 2015-12-11 This important collection of essays addresses the question of why scholars can no longer do without class in religious studies and theology and what we can learn from a renewed engagement with the topic This volume discusses what new discourses regarding notions of gender ethnicity and race might add to developments on notions of class

Religion and Twentieth-Century American Intellectual Life Michael James Lacey, 1991-06-28 This volume studies the persistence complexity and fragility of religious thought in the intellectual environment of the modern period

God in Government Ray Harker, 2010-08 Voting is an opportunity to promote protect and preserve godly government Passing up this opportunity means allowing those who would degrade the name of Christ to have their way in our lives The Bible is clear Everyone must submit himself to the governing authorities for there is no authority except that which God has established Romans 13 1 Since the Bible commands that we are to submit to

government we must ask ourselves to what type of government do we want to submit God in Government compellingly answers this question and covers other related subjects often from a historical perspective The book s emphasis is on how and why the United States has gone from being a Christian nation to a culture of secular humanism How events like the Industrial Revolution and the Great Depression continue to impact our worldview and the way we vote The reader will discover the true differences between the political parties and why groups like labor unions school teachers and the media tend to align themselves with a particular party Among other topics we examine the Christian roots of capitalism and the truth behind the separation of church and state The book covers social issues like legalized abortion gay rights and welfare programs and gives solutions and suggestions as to what Christians can do to get our nation back on track RAY HARKER is an ideological activist and founder of God in Government a conservative grassroots movement for which this book is the manual Both the organization and the book are designed to educate and assist Evangelical Christians in the areas of civic responsibility and political ideology The outreach provides lectures and seminars for churches and other interested groups To learn more visit www.godgov.org

Louisiana Women Janet Allured, Judith F. Gentry, 2009 Moving chronologically from the colonial period to the present this collection of seventeen biographical essays provides a window into the social cultural and geographic milieu of women s lives in the state Within the context of the historical forces that have shaped Louisiana the contributors look at ways in which the women they profile either abided by prevailing gender norms or negotiated new models of behavior for themselves and other women Louisiana Women concludes with an essay that examines women s active responses to problems that emerged in New Orleans after Hurricane Katrina The women whose absorbing life stories are collected here include Marie Therese Coincoin who was born a slave but later became a successful entrepreneur and Oretha Castle Haley civil rights activist and leader of the New Orleans chapter of CORE From such well known figures as author

Kate Chopin and Voodoo priestess Marie Laveau to lesser known women such as Cajun musician Cleoma Breaux Falcon this volume reveals a compelling cross section of historical figures The women profiled vary by race class political affiliation and religious persuasion but they all share an unusual grit and determination that allowed them to turn trying circumstances into opportunity Lively yet rigorous these essays introduce readers to the courageous dedicated and inventive women who have been an essential part of Louisiana s history Historical figures included Marie Th r se Coincoin The Baroness Pontalba Marie Laveau Sarah Katherine Kate Stone Eliza Jane Nicholson Kate Chopin Grace King Louisa Williams Robinson Her Daughters and Her Granddaughters Clementine Hunter Dorothy Dix True Methodist Women Cleoma Breaux Falcon Caroline Dormon Mary Land Rowena Spencer Oretta Castle Haley Louisiana Women and Hurricane Katrina Towards a Politics of Compassion Emeka Christian Obiezu,2008 Wise beyond his years Johnny Black Hawk takes pride in his mixed heritage believing in the inherent good of both the Indians and whites Then the Civil War brings unbearable grief and suffering Amid troubles triumphs deception and daring Johnny struggles to follow his father s teachings about honor Emotions long dormant are revealed as he discovers decency in a person long considered evil and the miraculous faith of another once thought a fool Then the white mans broken promises and greed bring death and destruction to the Indian people and he must learn to listen with his heart to an ancient sacred voice But will he ever understand the meaning of his gift from the Grandfathers

Dictionary of Modern American Philosophers John R. Shook,2005-01-01 The Dictionary of Modern American Philosophers includes both academic and non academic philosophers anda large number of female and minority thinkers whose work has been neglected It includes those intellectualsinvolved in the development of psychology pedagogy sociology anthropology education theology politicalscience and several other fields before these disciplines came to be considered distinct from philosophy in the late nineteenth century Each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading While all the major post Civil War philosophers are present the most valuable feature of this dictionary is its coverage of a huge range of less well known writers including hundreds of presently obscure thinkers In many cases the Dictionary of Modern American Philosophers offers the first scholarly treatment of the life and work of certain writers This book will be an indispensable reference work for scholars working on almost any aspect of modern American thought *Encountering Modernity* Albert L. Park,David K. Yoo,2014-03-31 The story of Catholicism and Protestantism in China Japan and Korea has been told in great detail The existing literature is especially rich in documenting church and missionary activities as well as how varied regions and cultures have translated Christian ideas and practices Less evident however are studies that contextualize Christianity within the larger economic political social and cultural developments in each of the three countries and its diasporas The contributors to *Encountering Modernity* address such concerns and collectively provide insights into Christianity s role in the development of East Asia and as it took shape among East Asians in the United States The work brings together studies of

Christianity in China Taiwan Korea and Japan and its diasporas to expand the field through new angles of vision and interpretation Its mode of analysis not only results in a deeper understanding of Christianity but also produces more informed and nuanced histories of East Asian countries that take seriously the structures and sensibilities of religion broadly understood and within a national and transnational context It critically investigates how Protestant Christianity was negotiated and interpreted by individuals in Korea China with a brief look at Taiwan and Japan starting in the nineteenth century as all three countries became incorporated into the global economy and the international nation state system anchored by the West People in East Asia from various walks of life studied and in some cases embraced principles of Christianity as a way to frame and make meaningful the economic political and social changes they experienced because of modernity *Encountering Modernity* makes a significant contribution by moving beyond issues of missiology and church history to ask how Christianity represented an encounter with modernity that set into motion tremendous changes throughout East Asia and in transnational diasporic communities in the United States *Countercultural Conservatives* Axel R. Schäfer, 2011-12-13 In the mid twentieth century far more evangelicals supported such liberal causes as peace social justice and environmental protection Only gradually did the conservative evangelical faction win dominance allying with the Republican Party of Ronald Reagan and eventually George W Bush In *Countercultural Conservatives* Axel Sch fer traces the evolution of a diffuse and pluralistic movement into the political force of the New Christian Right In forging its complex theological and political identity evangelicalism did not simply reject the ideas of 1960s counterculture Sch fer argues For all their strict Biblicism and uncompromising morality evangelicals absorbed and extended key aspects of the countercultural worldview Carefully examining evangelicalism s internal dynamics fissures and coalitions this book offers an intriguing reinterpretation of the most important development in American religion and politics since World War II **Contesting the Body of Christ** Myles Werntz, 2025-08-05 The church changed tremendously in the twentieth century with new churches emerging and old churches being renewed This period encompassed the birth of the World Council of Churches the rise of American evangelicalism the Second Vatican Council the coming of age of charismatic Christianity and more In this book Myles Werntz explores the landscape of twentieth century ecclesiology and shows how the four marks of the church were remade contested and reaffirmed in surprising and innovative ways in the course of this turbulent century Werntz asks what it means to say that the church is one holy catholic and apostolic amid so many diverse alternatives He explains how the many dynamics of the twentieth century posed both theological and ethical challenges for confessing the marks of the church but also what promise comes from expanding our vision of how God might be at work across traditions Werntz shows that the four marks of the church can help us see what the last century brought and what we might learn from it now He also provides guidance for the future of the twenty first century church The book includes a foreword from Ephraim Radner

God and Human Dignity Rufus Burrow Jr., 1992-01-31 Although countless books have been devoted to the life and work of

Martin Luther King Jr few if any have focused on King's appropriation of and contribution to the intellectual tradition of personalism Emerging as a philosophical movement in the early 1900s personalism is a type of philosophical idealism that has a number of affinities with Christianity such as a focus on a personal God and the sanctity of persons Burrow points to similarities and dissimilarities between personalism and the social gospel movement with its call to churchgoers to involve themselves in the welfare of both individuals and society He argues that King's adoption of personalism represented the fusion of his black Christian faith and his commitment not only to the social gospel of Rauschenbusch but most especially to the social gospelism practiced by his grandfather father and black preacher scholars at Morehouse College Burrow devotes much needed attention both to King's conviction that the universe is value infused and to the implications of this ideology for King's views on human dignity and his concept of the Beloved Community Burrow also sheds light on King's doctrine of God He contends that King's view of God has been uncritically and erroneously relegated by black liberation theologians to the general category of theistic absolutism and he offers corrections to what he believes are misinterpretations of this and other aspects of King's thought He concludes with an application of King's personalism to present day social problems particularly as they pertain to violence in the black community This book is a useful and fresh contribution to our understanding of the life and thought of Martin Luther King Jr It will be read with interest by ethicists theologians philosophers and social historians

Nurturing Happiness Robert Wuthnow, Oxford Editor, 2025 How does religious faith contribute to happiness The usual answer is that religious belief relieves the anxieties of ordinary life and that religious belonging provides emotional support But a growing body of literature suggests that happiness is more complicated than that Happiness is not only a feeling It is a practice that we engage in actively that we attempt to manage and that is in many ways managed for us by social norms and institutions In *Nurturing Happiness* Robert Wuthnow develops the concept of emotional practice and locates it in the sociological literature on practice theory He describes how American faith leaders at pivotal moments in their history attempted to nurture and control their adherents thoughts about happiness and their experiences of it He shows how religious authorities used their discursive power to draw moral distinctions among kinds of happiness and their institutional power to manage where it took place and how it was expressed And he demonstrates that religious authorities efforts to nurture happiness while not always effective played a crucial role in faith communities adaptation to changing social conditions This book describes these adaptations in colonial era arguments about heavenly joy and virtuous living nineteenth century revival meetings and festive events Progressive era advocacy for useful service recent efforts to link play with transcendence and to associate joyful spirituality with personal discipline and current responses to the fallout from illicit pursuits of happiness *Nurturing Happiness* is required reading for anyone interested in understanding how religious faith relates to happiness

Encyclopedia of Women and Religion in North America, Set Rosemary Skinner Keller, Rosemary Radford Ruether, Marie Cantlon, 2006-04-19 A fundamental and well illustrated reference collection for anyone interested in the role of women in North American religious life *Sacred Places, Civic Purposes* E. J. Dionne, Ming Hsu Chen, 2004-05-13 Long before there was a welfare state there were efforts by religious congregations to alleviate poverty Those efforts have continued since the establishment of government programs to help the poor and congregations have often worked with government agencies to provide food clothing and care to set up after school activities provide teen pregnancy counseling and develop programs to prevent crime Until now much of this church state cooperation has gone on with limited opposition or notice But the Bush Administration s new proposal to broaden support for faith based social programs has heated up an already simmering debate What are congregations proper roles in lifting up the poor What should their relationship with government be *Sacred Places Civic Purposes* explores the question with a lively discussion that crisscrosses every line of partisanship and ideology The result of a series of conferences funded by the Pew Charitable Trusts and sponsored by the Brookings Institution this book focuses not simply on abstract questions of the promise and potential dangers of church state cooperation but also on concrete issues where religious organizations are leading problem solvers The authors experts in their respective fields and from various walks of life examine the promises and perils of faith based organizations in preventing teen pregnancy reducing crime and substance abuse fostering community development bolstering child care and assisting parents and children on education issues They offer conclusions about what congregations are currently doing how government could help and how government could usefully get out of the way Contributors include William T Dickens National Community Development Policy Analysis Network and the Brookings Institution John DiIulio White House Office of Faith Based and Community Initiatives and University of Pennsylvania Floyd Flake Allen AME Church and Manhattan Institute Bill Ga **Jesus** Richard Ravenbrook, 2025-02-01 For too long the teachings of Jesus have been selectively interpreted and utilized to reinforce existing power structures and conservative ideologies This book seeks to challenge those interpretations offering a fresh perspective rooted in historical context and a commitment to social justice It is not an attempt to rewrite the Gospels but rather to re engage with them through a lens informed by progressive values and a deep understanding of the historical and social realities of Jesus s time By examining Jesus s interactions with the marginalized his critique of wealth and power and his advocacy for the oppressed we can uncover a message that is far more radical and revolutionary than many traditional interpretations allow This work argues that a genuine understanding of Jesus requires a critical evaluation of how his words and actions resonate with contemporary issues of social justice It is a call to reconsider long held beliefs and to engage in a more thoughtful and honest examination of the implications of his teachings **Holistic Mission** Brian Woolnough, Wonsuk Ma, 2011-01-01 Holistic mission or integral mission implies God is concerned with the

whole person the whole community body mind and spirit Many Christians concentrate only on one aspect This book reaffirms that to be true to the Bible to follow the example of Jesus the church must address the whole person in all their needs It considers the meaning of the holistic gospel how it has developed and implications for the individual Christian for the local church for denominations and church groups for missionary societies for Christian NGOs and for theological training institutions It takes a global eclectic approach with 19 writers church leaders academics and practitioners all of whom have much experience in and commitment to holistic mission It addresses critically and honestly one of the most exciting challenging and important issues facing the church today To be part of God s plan for God s people the church must take holistic mission to the world

The Ballot and the Bible Kaitlyn Schiess, 2023-08-22 Pursue a Biblical Basis for Your Political Engagement How do Bible passages written thousands of years ago apply to politics today What can we learn from America s history of using the Bible in politics How can we converse with people whose views differ from our own In *The Ballot and the Bible* Kaitlyn Schiess explores these questions and more She unpacks examples of how Americans have connected the Bible to politics in the past highlighting times it was applied well and times it was egregiously misused Schiess combines American political history and biblical interpretation to help readers faithfully read Scripture talk with others about it apply it to contemporary political issues and to their lives A nuanced look at America s legacy of scriptural language Publishers Weekly starred review Christianity Today 2024 Book Award Finalist Politics and Public Life

The Enigmatic Realm of **Social Gospel Today**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing short of extraordinary. Within the captivating pages of **Social Gospel Today** a literary masterpiece penned by a renowned author, readers set about a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting effect on the hearts and minds of those that partake in its reading experience.
