Social Method And Social Life

Jeffrey C. Alexander

Social Method And Social Life:

Explaining Social Life John Parker, Hilary Stanworth, 2017-09-16 This distinctive text makes social theory accessible to and usable by students. Whereas social theory is often seen as abstract, esoteric and separate from our understanding of the social world, here it is shown to be a flexible and practical resource for anyone wanting to explain social phenomena. This expanded and updated second edition actively encourages readers to develop and practice their own capacities for social explanation. Providing readers with a powerful tool kit of five social theoretical concepts: Individuals, Nature, Culture, Action and Social Structure that are fundamental to social explanation. Drawing on a historically and geographically wide range of examples of social phenomena to show how these theoretical concepts operate and why they are important. Offering end of chapter questions that enable readers to put theory into practice and begin theorising for themselves. *Explaining Social Life* is ideal for anyone interested in social theory including students of sociology, anthropology and related social sciences, both those engaging with social theory for the first time and more advanced students looking to build upon their understanding.

Researching Social Life Nigel Gilbert, 2008-03-17 This new edition of this excellent guide maintains the standard of the original whilst taking full account of developments in both methodological discussion and the techniques of social research. The organization of the text around the research process is a great strength of the text. David Byrne, University of Durham. Preview the Third Edition's opening chapter and guide to its teaching and learning features designed to stimulate student engagement with the content here. The Third Edition of Nigel Gilbert's hugely successful *Researching Social Life* covers the whole range of methods from quantitative to qualitative in a down to earth and unthreatening manner. Gilbert's text offers the best coverage of the full scope of research methods of any of the leading textbooks in the field, making this an essential text for any student starting a research methods course or doing a research project. This thoroughly revised text is driven by the expertise of a writing team comprised of internationally renowned experts in the field. New to the Third Edition are chapters on Searching and Reviewing the Literature, Refining the Question, Grounded Theory and Inductive Research, Mixed Methods, Participatory Action Research, Virtual Methods, Narrative Analysis. A number of useful features such as worked examples, case studies, discussion questions, project ideas and checklists are included throughout the book to help those new to research to engage with the material. *Researching Social Life* follows the life cycle of a typical research project from initial conception through to eventual publication. Its breadth and depth of coverage make this an indispensable must-have textbook for students on social research methods courses in any discipline.

[The Drama of Social Life](#) T. R. Young, 2016-04-30 These essays explore the many ways theater and dramaturgy are used to shape the everyday experience of people in mass societies. Young argues that technologies combine with the world of art, music and cinema to shape consciousness as a commodity and to fragment social relations in the market as well as in religion and politics. He sees the central problem of post-modern society as how to live in a world constructed by human beings without nihilism on the one hand or repressive dogmatism on

the other Young argues that in advanced monopoly capitalism dramaturgy has replaced coercion as the management tool of choice for the control of consumers workers voters and state functionaries Young calls this process the colonization of desire Desire is colonized by the use of dramaturgy mass media and the various forms of art in order to generate consumers vesting desire in ownership and display rather than in interpersonal relationships with profound consequence for marriage kinship friendship and community While Young focuses his critique on capitalist societies undergoing great changes he insists that the same developments are to be found in bureaucratically organized socialist societies The Drama of Social Life is of interest to those who study theories of moral development cultural studies the uses of leisure politics or simply the uses of make believe It is intended for the informed lay public as much as for social psychologists *Discourse and Social Life* Srikant Sarangi, Malcolm Coulthard, 2014-06-11 This collection brings together for the first time in a single volume many of the major figures in contemporary discourse studies Each chapter is an original contribution which has been specifically commissioned for this book and together they document the wide range of concerns and techniques which characterise the discipline at the turn of the century Discourse and Social Life is concerned with a variety of different types of data talk text and interaction and covers research sites which range from the home setting through the health care setting and the courtroom to the public sphere The book not only provides a critical historical overview of different traditions of discourse analysis but also projects to some extent the possible developments of this field of study as other allied disciplines Philosophy Psychology Sociology Rhetoric and Communication Studies are taking a discursive turn Readers are invited to draw parallels between these different approaches to studying discourse in its social context The contributors are Sally Candlin Malcolm Coulthard Justine Coupland Nikolas Coupland Norman Fairclough Ruqaiya Hasan Robert Kaplan Geoff Leech Yon Maley Greg Myers Celia Roberts Srikant Sarangi Ron Scollon Theo van Leeuwen Henry Widdowson and Ruth Wodak Evolution and Social Life T. Ingold, 1986 This book examines evolution being handled in anthropology from the mid nineteenth century to the present

Social Trust Liu Weiping, 2023-06-19 This book explores how social trust impacts the Chinese economy Due to the profound social changes brought by rapid urbanization China's traditional social trust system gradually weakens How to rebuild and enhance social credit remains as a key and difficult project Exploring case studies from the real estate market private banking and urban financing this book explores the value of informal social links to the economic functions of a society and how to rebuild them when they erode This is of interest to scholars of China's economy and society **Anthony Giddens and Modern Social Theory** Kenneth Tucker, 1998-09-24 Anthony Giddens is widely recognized as one of the most important sociologists of the post war period This is the first full length work to examine Giddens social theory It guides the reader through Giddens early attempt to overcome the duality of structure and agency He saw this duality as a major failing of social theories of modernity His attempt to resolve the problem can be regarded as the key to the development of his landmark structuration theory The book is the most complete and thorough assessment of Giddens work currently available

It incorporates insights from many different perspectives into his theory of structuration his work on the formation of cultural identities and the fate of the nation state This far reaching work also touches on issues such as the transformation of modern intimacy and sexuality and the fate of politics in late modern society **Social Research Methods** Clive Seale,2004

Bringing together many of the core classic and contemporary works in social and cultural research methods this book gives students direct access to methodological debates and examples of practical research across the qualitative quantitative divide The book is designed to be used both as a collection of readings and as an introductory research methods book in its own right Topics covered include research methodology research design data collection and preparation analyzing data mixing qualitative and quantitative methods validity and reliability methodological critique postmodernism post structuralism and critical ethnography political and ethical aspects of research philosophy of social science reporting research Each section is preceded by a short introduction placing the readings in context This reader text also includes features such as discussion questions and practical exercises **Social Life** Matthias Benzer,Kate Reed,2019-09-02 In Social Life the authors highlight explain and scrutinize socio theoretical analyses of contemporary social relations and conditions put forward by eight modern social theorists and analyse how these have informed sociological inquiries into people s lives in today s social world The book discusses the works of the following social theorists Anthony Giddens Pierre Bourdieu Bruno Latour Donna Haraway Zygmunt Bauman Jean Francois Lyotard Michel Foucault Jean Baudrillard In each chapter the authors identify the key components of each theorist s conception of society and apply the theories outlined to specific modern phenomena This connection with modern day phenomena allows for a critical interrogation of issues in contemporary society including Inequality and Capital Power Fear and Terrorism Immune System Discourse Suffering and Climate Change Essential reading for all sociology students studying social theory and the works of modern social theorists **The Meanings of Social Life** Jeffrey C. Alexander,2003 Presents an approach to how culture works in societies Exposing our everyday myths and narratives in a series of empirical studies that range from Watergate to the Holocaust this work shows how these unseen cultural structures translate into concrete actions and institutions **Doing Good Social Science** Christopher R. Matthews,2025-04-09 Doing Good Social Science takes readers on a personal and thought provoking journey and empowers readers to become unshakeable free thinking scholars Drawing from nearly two decades of experience in research and mentorship this book shares insights gained from creating immersive moments to challenge conventional methodology and social theory In doing so it integrates ideas from classical and contemporary scholarship across various disciplines bringing them to life through engaging field notes interviews and often humorous examples The book outlines how to cultivate disciplined and systematic scholarship on complex topics while critiquing the wonky practices that often pervade modern academia Part One advocates for a more scientific approach to social science offering guiding principles for scholars striving to understand social life Part Two deepens and complicates these arguments by examining the philosophical foundations of

social science focusing specifically on the in between aspects of the human condition and our social nature The writing and thinking in the book are distinctive passionate and brave This book is a compelling read for advanced students early career researchers and any academic seeking to develop a more liberated inventive approach to methods **The SAGE Handbook of Social Research Methods** Pertti Alasuutari,Leonard Bickman,Julia Brannen,2008-02-25 The SAGE Handbook of Social Research Methods is a must for every social science researcher It charts the new and evolving terrain of social research methodology covering qualitative quantitative and mixed methods in one volume The Handbook includes chapters on each phase of the research process research design methods of data collection and the processes of analyzing and interpreting data The volume maintains that there is much more to research than learning skills and techniques methodology involves the fit between theory research questions research design and analysis The book also includes several chapters that describe historical and current directions in social research debating crucial subjects such as qualitative versus quantitative paradigms how to judge the credibility of types of research and the increasingly topical issue of research ethics The Handbook serves as an invaluable resource for approaching research with an open mind This volume maps the field of social research methods using an approach that will prove valuable for both students and researchers **Research Interviewing** Elliot George MISHLER,Elliot George Mishler,2009-06-30 Interviews hold a prominent place among the various research methods in the social and behavioral sciences This book presents a powerful critique of current views and techniques and proposes a new approach to interviewing At the heart of Elliot Mishler s argument is the notion that an interview is a type of discourse a speech event it is a joint product shaped and organized by asking and answering questions This view may seem self evident yet it does not guide most interview research In the mainstream tradition the discourse is suppressed Questions and answers are regarded as analogues to stimuli and responses rather than as forms of speech questions and the interviewer s behavior are standardized so that all respondents will receive the same stimulus respondents social and personal contexts of meaning are ignored While many researchers now recognize that context must be taken into account the question of how to do so effectively has not been resolved This important book illustrates how to implement practical alternatives to standard interviewing methods Drawing on current work in sociolinguistics as well as on his own extensive experience conducting interviews Mishler shows how interviews can be analyzed and interpreted as narrative accounts He places interviewing in a sociocultural context and examines the effects on respondents of different types of interviewing practice The respondents themselves he believes should be granted a more extensive role as participants and collaborators in the research process The book is an elegant work of synthesis clearly and persuasively written and supported by concrete examples of both standard interviewing and alternative methods It will be of interest to both scholars and clinicians in all the various fields for which the interview is an essential tool **Digital Methods for Social Science** Steven Roberts,Helene Snee,Christine Hine,Yvette Morey,Hayley Watson,2016-01-26 This timely book inspires researchers to deploy relevant

effective innovative digital methods It explores the relationship of such methods to mainstream social science interdisciplinarity innovations in digital research tools the opportunities and challenges of digital methods in researching social life and digital research ethics

Mixed Methods Social Networks Research Silvia Domínguez, Betina Hollstein, 2014-06-30 This edited volume demonstrates the potential of mixed methods designs for the research of social networks and the utilization of social networks for other research Mixing methods applies to the combination and integration of qualitative and quantitative methods In social network research mixing methods also applies to the combination of structural and actor oriented approaches The volume provides readers with methodological concepts to guide mixed method network studies with precise research designs and methods to investigate social networks of various sorts Each chapter describes the research design used and discusses the strengths of the methods for that particular field and for specific outcomes

Ethnographic Fieldwork Antonius C. G. M. Robben, Jeffrey A. Sluka, 2012-01-24 Newly revised Ethnographic Fieldwork An Anthropological Reader Second Edition provides readers with a picture of the breadth variation and complexity of fieldwork The updated selections offer insight into the ethnographer's experience of gathering and analyzing data and a richer understanding of the conflicts hazards and ethical challenges of pursuing fieldwork around the globe Offers an international collection of classic and contemporary readings to provide students with a broad understanding of historical methodological ethical reflexive and stylistic issues in fieldwork Features 16 new articles and revised part introductions with additional insights into the experience of conducting ethnographic fieldwork Explores the importance of fieldwork practice in achieving the core theoretical and methodological goals of anthropology Highlights the personal and professional challenges of field researchers from issues of professional identity fieldwork relations activism and the conflicts hazards and ethical concerns of community work

The Contribution of Life Cycle Analyses and Circular Economy to the Sustainable Development Goals Luciana Brandli, Francisco Dalla Rosa, Rudi Petrorius, Lucas Veiga Avila, Walter Leal Filho, 2025-07-01 This book offers a comprehensive review of life cycle assessment LCA circular economy CE and sustainable development exploring their achievements and progress across the world The book also emphasizes the significant contribution of LCA and CE to achieving the Sustainable Development Goals SDGs demonstrating how these frameworks can drive progress toward global sustainability targets The main topics covered include the environmental and economic assessment of building materials the life cycle of agricultural and bio based products the role of venture businesses in promoting CE and the impact of CE on sustainable development Additionally the book discusses energy optimization in supply chains the nexus between comparative advantage and the bio based economy and the use of CE frameworks in energy management for educational institutions Key chapters highlight the valorization of waste materials for bioethanol production the evolution of LCA studies on electric vehicle batteries and the implementation of EDGE certification in Brazilian public schools The book also explores the integration of LCA and CE in architectural education the challenges and barriers to CE adoption in Nigeria and the role

of public policy in advancing CE in Brazil These topics are critically important as they address the pressing need for sustainable practices in various industries The integration of LCA and CE principles is crucial for minimizing environmental impacts optimizing resource use and fostering innovation in sustainable development The book aims to solve the problem of how to effectively incorporate these principles into practice providing methodological approaches case studies and policy perspectives that illustrate successful implementations and identify areas for improvement The target audience for this book includes researchers policymakers industry professionals and students interested in sustainability environmental science and circular economy practices By offering in depth analysis and practical insights this book serves as a valuable resource for anyone seeking to understand and apply LCA and CE principles to achieve sustainable development goals

Social Life Cycle Assessment Subramanian Senthilkannan Muthu,2014-12-31 This book details the primary concepts of Social Life Cycle Assessment S LCA integration of social aspects in product life cycles quantification of social impacts in S LCA impact categorization in S LCA methodological aspects of S LCA and detailed case studies As the societal implications of producing a product are coming to take on a new importance the concept of Social Life Cycle Assessment has recently been developed and is becoming increasingly prominent However S LCA is still in its infancy and its impact categories for many industrial segments are still under development

Research Methods in the Social Sciences Jean-Frédéric Morin,Christian Olsson,Ece Özlem Atikcan,2021 Research Methods in the Social Sciences is a comprehensive yet compact A Z for undergraduate and postgraduate students undertaking research across the social sciences featuring 71 entries that cover a wide range of concepts methods and theories Each entry begins with an accessible introduction to a method using real world examples from a wide range of academic disciplines before discussing the benefits and limitations of the approach its current status in academic practice and finally providing tips and advice for readers on when and how to apply the method in their own research Wide ranging and interdisciplinary the text covers both well established concepts and emerging ideas such as big data and network analysis for qualitative and quantitative research methods All entries feature extensive cross referencing providing ease of navigation and pointing readers to related concepts and to help build their overall understanding of research methods

History at the End of the World Mark Levene,Rob Johnson,Penny Roberts,2010 The authors of this collection of essays propose that climate change means serious peril The approaches begin from archaeology literature religion psychology sociology philosophy of science engineering and sustainable development as well as straight history Our argument however is not about the science per se It is about us our deep and more recent history and how we arrived at this calamitous impasse With contributions from academic activists and independent researchers History at the End of the World challenges advocates of business as usual to think again But in its wide ranging assessment of how we transcend the current crisis it also proposes that the human past could be our most powerful resource in the struggle for survival

Social Method And Social Life: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the engaging narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Social Method And Social Life : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and gripping novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
