Social Stratification In Contemporary Japan:

Social Stratification in Contemporary Japan Kenji Kosaka, 2013-09-05 First Published in 1994 The focus of this study is class and stratification in Japan There are a few papers on social stratification in Japan that are written in English and make use of the SSM research The present study uses the latest SSM data These were collected in 1985 and are themselves becoming out of date given that Japanese society has been experiencing rapid and radical change though they remain among the most recent available The authors are sociologists this book is intended for a general readership *Social Stratification in Contemporary Japan* Kenji Kōsaka, 1994 First Published in 1994 Routledge is an imprint of Taylor Francis an informal company Inequality Amid Affluence Junsuke Hara, Kazuo Seiyama, 2005 The two leading sociologists of social stratification in Japan argue that most Japanese have attained a level of income in which they no longer suffer from poverty and starvation a situation in which Japan has achieved an equalization of basic wealth Social Class in Contemporary Japan Hiroshi Ishida, David H. Slater, 2009-10-16 Post war Japan was often held up as the model example of the first mature industrial societies outside the Western economy and the first examples of middle mass society Today and since the bursting of the economic bubble in the 1990 s the promises of Japan Inc seem far away Social Class in Contemporary Japan is the first single volume that traces the dynamics of social structure institutional socialization and class culture through this turbulent period all the way into the contemporary neoliberal moment In an innovative multi disciplinary approach that include top scholars working on quantitative class structure policy development and ethnographic analysis this volume highlights the centrality of class formation to our understanding of the many levels of Japanese society The chapters each address a different aspect of class formation and transformation which stand on their own Taken together they document the advantages of putting Japan in the broad comparative framework of class analysis and the enduring importance of social class to the analysis of industrial and post industrial societies Written by a team of contributors from Japan the US and Europe this book will be invaluable to students and scholars of Japanese society and culture as well as those interested in cultural anthropology and social class alike *Class Structure in Contemporary Japan* Kenji Hashimoto, 2003 Based on data collected in 1995 by the Japanese Sociological Association this book investigates four major classes new old middle capitalist and working and their characteristics and mobility patterns in terms of income work social network leisure activity gender relations and voting behaviour **Social Stratification in an Aging Society with Low Fertility** Sawako Shirahase, 2022-08-31 This edited book empirically discusses stratification in contemporary Japanese society It is unique for its examination of social inequality in relation to declining fertility and an aging population Japan is the most aged society in the world according to the Statistics Bureau of Japan people who are aged 65 and above comprised 29.1% of the country's total population in 2021 Meanwhile the fertility rate has continuously declined since the mid 1970s Japan experienced a dramatic change in its demographic structure in a short period of time Such fast change could be a major factor that

generated social stratification In her industrialization Japan was thought to share a pattern of social stratification similar to that of developed European and North American countries but with a low degree of socio economic inequality and a high degree of homogeneity There is no clear support for this description of Japan although the country does share a pattern and degree of social stratification similar to that observed in Europe and North America The social stratification theory has been developed in close relationship to the labor market however it is necessary to further examine the social stratification of very aged societies in which a substantial number of the population namely retired persons no longer have any ties to the labor market In this book the contributors explore the pattern of social stratification at three life stages young middle aged and elderly Included are discussions of various aspects of stratification such as education work wealth marriage family gender generation and social attitudes *Modern Japanese society / edited by Josef Kreiner, Ulrich Hohwald and Hans Dieter Ölschleger*. Josef Kreiner,Ulrich Mèohwald,Hans Dieter Ölschleger,2004 Is Japanese society essentially different from other modern industrialized societies or not This survey work with contributions from the leading scholars in this complicated field presents a full overview of the most important aspects of Japanese society which may lead the reader to find an answer to these two often asked questions Japanese society defined as those institutions shaping the life of individuals and groups as well as being responsible for the dynamics of social development is shown to be as modern as any other industrialized society definitely distinct though are the ways in which institutions are defined and organised as a result of different social and historical roots of the process of modernization **Intimacy and Reproduction in Contemporary Japan** Genaro

Castro-Vazquez,2016-07-01 This book presents an ethnographic investigation of intimate and reproductive behaviour in current Japanese society grounded in the viewpoints of a group of Japanese mothers It adopts a new approach in studying the decreasing fertility rates which are contributing to the ageing population in modern Japan Based on the accounts of 57 married Japanese women it employs symbolic interactionism as a framework to examine the various factors affecting decision making on childbirth The influence of Assisted Reproductive Technologies ARTs abortion and contraception in the daily interactions and experiences of the mothers are analysed to offer a new perspective on the Japanese demographic conundrum With strong contextual information as the foundation the book contributes fresh insight into how Japanese women perceive the idea of childbirth in a modernized society and also assists our understanding of the factors causing Japan s ageing population Further it places the mothers experiences within current global debates to highlight the salience of the Japanese case As the first book to provide an in depth examination of the social process underpinning the decision to become a mother in Japan it will appeal to students and scholars of Japanese culture and society Gender Studies and Sociology **Beyond Common Sense: Sexuality And Gender In Contemporary Japan** Wim Lunsing,2015-12-22 First published in 2001 This volume is based on the author s visit to Japan in Summer 1986 on his findings about some of the questions he was asked whilst there He was 25 and these questions centred around asking if he was married or had a

girlfriend when in his homeland of the Netherlands he openly identified as gay This research is an investigation of how gay and lesbian people women s and men s liberationaists singles and other people such as transsexuals transvestites and hermaphrodites whose ideas feelings or lifestyles are at variance with Japanese constructions of marriage and inherently the construction of life live in Japan

An Introduction to Japanese Society Yoshio Sugimoto,2014-09-24 An Introduction to Japanese Society is a provocative insightful and highly accessible book comprehensively examining contemporary Japanese society It provides an analysis of the view that Japan is characterised by groupism and homogeneity

Men and Masculinities in Contemporary Japan James E. Roberson,Nobue Suzuki,2005-06-29 This book is the first comprehensive account of the changing role of men and the construction of masculinity in contemporary Japan The book moves beyond the stereotype of the Japanese white collar businessman to explore the diversity of identities and experiences that may be found among men in contemporary Japan including those versions of masculinity which are marginalized and subversive The book makes a significant contribution to our understanding of contemporary Japanese society and identity

A Companion to Japanese History William M. Tsutsui,2009-07-20 A Companion to Japanese History provides an authoritative overview of current debates and approaches within the study of Japan s history Composed of 30 chapters written by an international group of scholars Combines traditional perspectives with the most recent scholarly concerns Supplements a chronological survey with targeted thematic analyses Presents stimulating interventions into individual controversies

Difference & Modernity John Clammer,2012-10-12 First Published in 1995 The question of postmodernity that has swept Western academic and intellectual circles raises critical comparative questions Do societies that have not experienced the same historical development as the West pass inevitably through modernity into postmodernity or can they skip such stages altogether Japan the only non Western society to develop independently a fully fledged capitalist industrialist economy poses such fundamental questions to social theory Is Japan in fact unique and as such is it a society which escapes the net of conventional sociological abstractions The book questions how special Japanese society really is the limitations of Western social theory in grasping the fullness of this dynamic and a complex Asian society and inquires as to how Japan in turn may speak to social theory and deepen and broaden the principles on which social theory attempts to explore and categorize the social and cultural worlds

Key Texts for Japanese Sociology Hideo Nakazawa,2024-12-18 Though rich diverse unique and engaging Japan s sociological outputs have been internationally underrepresented In its thoughtful translation and curation of key Japanese sociological texts this book redresses this imbalance and treads exciting new ground Comprising 17 chapters spanning 7 decades this text introduces you to fundamental themes from classical studies in post war Japan to contemporary sociological issues like migration politics social mobility and gender based violence Key Texts for Japanese Sociology is an original much needed resource empowering a foundational confident understanding of the national regional and local traditions of Japanese sociology from the latter half of the last century to today

A Sociology of Japanese Youth Roger

Goodman, Yuki Imoto, Tuukka Hannu Ilmari Toivonen, 2012 Over the past thirty years whilst Japan has produced a diverse set of youth cultures which have had a major impact on popular culture across the globe it has also developed a succession of youth problems which have led to major concerns within the country itself Drawing on detailed empirical fieldwork the authors of this volume set these issues in a clearly articulated social constructionist framework and put forth a sociology of Japanese youth problems which argues that there is a certain predictability about the way in which these problems are discovered defined and dealt with The chapters include case studies covering issues such as Returnee children kikokushijo Compensated dating enjo k sai Corporal punishment taibatsu Bullying ijime Child abuse jid gyakutai The withdrawn youth hikikomori and NEETs not in education employment or training By examining these various social problems collectively A Sociology of Japanese Youth explains why particular youth problems appeared when they did and what lessons they can provide for the study of youth problems in other societies This book will be of huge interest to students and scholars of Japanese society and culture the sociology of Japan Japanese anthropology and the comparative sociology of youth studies

Routledge Handbook of Contemporary Japan Hiroko Takeda, Mark Williams, 2020-09-21 The Routledge Handbook of Contemporary Japan presents a synthesized interdisciplinary study of contemporary Japan based on up to date theoretical models designed to provide readers with a comprehensive and full understanding of the dynamics of contemporary Japan In order to achieve this the Handbook is organized into two parts Part I Foundations clarifies the state of contemporary Japan topic by topic by referring to the latest theoretical developments in the relevant disciplinary fields of politics international relations economy society culture and the personal Part II Issues then offers a series of concrete analyses building upon the theoretical discussions introduced in Part I to help undergraduate and postgraduate students learn how to conduct independent analysis Locating Japan in a comparative and interdisciplinary perspective this Handbook is an essential resource for students and scholars interested in Japanese studies Asian studies and global studies **Modern Japan** Harold

R. Kerbo, John A. McKinstry, 1998 This sociology text which focuses on modern Japan establishes a historical and cultural context then presents coverage of institutions stratification problems and social change It provides cross cultural and global material for students with no prior knowledge of Japan or sociology **Images Of Japanese Society Hb** Ross

Mouer, Yoshio Sugimoto, 2013-10-28 The popular image of Japanese society is a stereotypical one that of a people characterised by a coherent set of thought and behaviour patterns applying to all Japanese and transcending time Ross Mouer and Yoshio Sugimoto found this image quite incongruous during their research for this book in Japan They ask whether this stereotype of the Japanese is not only generated by foreigners but by the Japanese themselves This is likely to be a controversial book as it does not contribute to the continuing mythologising of Japan and the Japanese The book examines contemporary images of Japanese society by surveying an extensive sample of popular and academic literature on Japan After tracing the development of holistic theories about the Japanese commonly referred to as the group model

attention is focused on the evaluation of that image Empirical evidence contrary to this model is discussed and methodological lacunae are cited A sociology of Japanology is also presented In pursuit of other visions of Japanese society the authors argue that certain aspects of Japanese behaviour can be explained by considering Japanese society as the exact inverse of the portrayal provided by the group model The authors also present a multi dimensional model of social stratification arguing that much of the variation in Japanese behaviour can be understood within the framework as having universal equivalence

Civic Engagement in Contemporary Japan Henk Vinken, Yuko Nishimura, Bruce L. J. White, Masayuki Deguchi, 2010-03-25 Civic engagement is a concept of action that has become part of common vocabulary not only in the West but also in many other regions of the world as well A growing yet still small number of scholarly works has recently emerged showing how in Japan citizen activism volunteering and social action for a public cause are developing This present volume is another and in my view important addition to the body of knowledge on civic engagement in Japan The majority of books on related issues in Japan take on the perspective of organized civic life in nongovernmental organizations NGOs or nonprofit organizations NPOs we know quite a number of things about the quantitative trends in these organizations on their positioning on their difficulties and on the institutional contexts in which they have to work We know relatively little except for a small number of topical qualitative case studies on broad issues that relate to civic engagement in Japan inside or outside these formal organizations This volume is the first to offer a wide scope of broad variety of forms of civic engagement in contemporary Japan The volume is quite forceful in counterbalancing oversimplified ideas on an ideal civil society in which state market and civil society organizations are interdependent and at best take on oppositional stances

Japanese Perceptions of Foreigners Shunsuke Tanabe, 2013 Originally published in English in 2013 by Trans Pacific Press Title page verso

Unveiling the Magic of Words: A Report on "**Social Stratification In Contemporary Japan**"

In some sort of defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their ability to kindle emotions, provoke contemplation, and ignite transformative change is actually awe-inspiring. Social Stratification In Contemporary Japan Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Social Stratification In Contemporary Japan PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong

learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Social Stratification In Contemporary Japan PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Social Stratification In Contemporary Japan free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Social Stratification In Contemporary Japan Books

What is a Social Stratification In Contemporary Japan PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Social Stratification In Contemporary Japan PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Social Stratification In Contemporary Japan PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Social Stratification In Contemporary Japan PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Social Stratification In Contemporary Japan PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for

working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
