Rust, 2018-05-08 Originally published in 1984 This annotated bibliography is a comprehensive record of English language materials which focus on Education in the Federal Republic of Germany FRG and the German Democratic Republic GDR It provides an excellent resource to scholars beginning with a long introductory chapter about the role of education formal and non formal in the two Germanies The socio historical context is presented but also the authors offer discussion of educational research trends The bibliography is structured in useful thematic chapters and within the categories then split into those relating to East and West Germany Routledge Library Editions: Comparative Education Various, 2021-06-23 Reissuing works originally published between 1962 and 1995 this collection is made up of volumes that examine insights and data from the practises and situation in one country or area when considering educational practice elsewhere Many important educational questions are examined from this international and comparative perspective in these volumes Countries represented here include Russia the Caribbean Latin America Australia and New Zealand China France Japan Israel Italy Germany the United Kingdom and the United States Many of the volumes look at the whole area of comparative education and its methods and theories while one looks at the Unesco literacy program **Marx and Education in Late Capitalism** R. F. Price, 1986-01-01 The major premise of this book is that efforts to construct a Marxist analysis of education centered on schools and schooling are misdirected Instead the author contends that explorations of education must more importantly focus on the valuable learning experiences that occur outside the classroom Using Marx s own writings as a guide to interpreting past and present events the author explores how education should be conceptualized in order to liberate working people He identifies those aspects of education linked with the specifically capitalist nature of our societies and those that give hope of the cooperative responsible society that Marx anticipated **Social Studies in Other Nations** Howard D. Mehlinger, Jan L. Tucker, 1979 Discusses teaching social studies in the Federal Republic of Germany Thailand Japan Nigeria England and the United States **Bulletin - National Council for the Social Studies** National Council for the Social Studies, 1978 **The Social Sciences and International Education** Mario D. Zamora, 1989 The book is published for four reasons 1 to introduce our students to the social sciences 2 to show the importance of the social sciences especially anthropology and geography to international education 3 to give our readers an idea of some of the vital issues confronting non Western societies such as the Philippines and 4 to provide a listing of selected publications in the social sciences Pref *Bulletin* , 1936 **The Anthropology of Peace** Vivian J. Rohrl, M. E. R. Nicholson, Mario D. Zamora, 1992 **Social Education** Erling Messer Hunt, 1979 Includes section Book reviews *Bibliographic Guide to Education* , 1979
