Social Health Insurance Systems In Western Europe:

EBOOK: Decentralization in Health Care: Strategies and Outcomes Richard Saltman, Ana Rico, Wienke Boerma, 2004-09-16 What is the best way to structure primary care services How can coordination between primary care and other parts of health care systems be improved How should new technologies be integrated into primary care There is considerable agreement among national policy makers across Europe that in principle primary care should be the linchpin of a well designed health care system This agreement however does not carry over into the organizational mechanisms best suited to pursuing or achieving this common objective Across western central and eastern Europe primary care is delivered through a wide range of institutional financial professional and clinical configurations This book is a study of the reforms of primary care in Europe as well as their impacts on the broader co ordination mechanisms within European health care systems It also provides suggestions for effective strategies for future improvement in health care system reform Primary Care in the Driver s Seat is key reading for students studying health policy health economics public policy and management as well as health managers and policy makers Contributors Richard Baker University of Leicester Sven Eric Bergman Bergman and Dahlb ck AB Stockholm Sweden Wienke Boerma Netherlands Institute of Health Services Research NIVEL in Utrecht Netherlands Mats Brommels University of Helsinki and Karolinska Institute in Stockholm Sweden Michael Calnan University of Bristol Diana Delnoij Netherlands Institute of Health Services Research NIVEL in Utrecht Netherlands Anna Dixon London School of Economics and Political Science Carl Ardy Dubois University of Montreal Canada Joan Gen Badia Catalan Institute of Health in Barcelona Spain Bernhard Gibis National Association of Statutory Health Insurance Physicians KBV Berlin Germany Stefan Gre Institute of Health Care Management of the University of Duisburg Essen in Essen Germany Peter Groenewegen Netherlands Institute of Health Services Research NIVEL and Utrecht University in Utrecht Netherlands Jan Heyrman Catholic University Leuven KULeuven in Leuven Belgium Jack Hutten Ministry of Health Welfare and Sports The Hague Netherlands Michael Kidd University of Sydney Australia M rten Kvist Laitila Pyh ranta Health Centre in Laitila Finland Miranda Laurant Centre for Quality of Care Research of the Universities of Nijmegen and Maastricht in Nijmegen Netherlands Margus Lember University of Tartu in Tartu Estonia Martin Marshall University of Manchester Alison McCallum National Research and Development Centre for Welfare and Health STAKES in Helsinki Finland and Karolinska Institute in Stockholm Sweden Toomas Palu Europe and Central Asia Development Department of the World Bank in Washington DC USA Ana Rico University of Oslo Norway Ray Robinson London School of Economics and Political Science Valentin Rusovich Department of General Practice of the Belarussian Medical Academy for Continuous Medical Education BelMAPO Department of General Practice in Minsk Belarus Richard B Saltman Emory University Atlanta USA Anthony Scott University of Aberdeen Rod Sheaff Manchester University Igor Svab University of Ljubljana Slovenia Bonnie Sibbald University of Manchester Hrvoje Tiljak Andrija tampar School of Public Health Zagreb Croatia Michel Wensing Centre for Quality of Care

Research of the Universities of Nijmegen and Maastricht in Nijmegen Netherlands Social Health Insurance Systems In Western Europe Saltman, Richard, Rico, Ana, Boerma, Wienke, 2004-09-01 This title explores the nature of the pressures social health insurance systems confront to be more efficient more effective and more responsive *National Health Services of Western Europe* Guido Giarelli, Mike Saks, 2023-08-14 This book draws on research within neo Weberian and neo institutionalist perspectives to critically analyse National Health Services NHSs in Western Europe Exploring the challenges posed by neo liberal policies it also looks at the impact of the role of the state the medical profession the public and the medical industrial complex in their development Bringing together a top line range of expert international contributors this book includes national studies from three European macro regions Britain Scandinavia and the Mediterranean In the first part the NHSs of each country considered are examined historically and in a contemporary context in face of emerging challenges from cost containment to governance The second part looks across the macro regions at the influence of the main actors involved in their evolution and sustainability Comparing and contrasting the NHSs of Western Europe the book ends with a discussion of future directions This book makes a vital contribution at a time when health services globally have been under great pressure in the wake of the COVID 19 pandemic It is written for academics and advanced students of healthcare management public policy social policy and sociology in addition to health professionals and policymakers *EBOOK: Purchasing to Improve Health Systems Performance* Josep Figueras, Ray Robinson, Elke Jakubowski, 2005-03-16 Purchasing is championed as key to improving health systems performance However despite the central role the purchasing function plays in many health system reforms there is very little evidence about its development or its real impact on societal objectives This book addresses this gap and provides A comprehensive account of the theory and practice of purchasing for health services across Europe An up to date analysis of the evidence on different approaches to purchasing Support for policy makers and practitioners as they formulate purchasing strategies so that they can increase effectiveness and improve performance in their own national context An assessment of the intersecting roles of citizens the government and the providers Written by leading health policy analysts this book is essential reading for health policy makers planners and managers as well as researchers and students in the field of health studies Contributors Toni Ashton Philip Berman Michael Borowitz Helmut Brand Reinhard Busse Andrea Donatini Martin Dlouhy Antonio Duran Tam s Evetovits Andr P van den Exter Josep Figueras Nick Freemantle Julian Forder P ter Ga l Chris Ham Brian Hardy Petr Hava David Hunter Danguole Jankauskiene Maris Jesse Ninel Kadyrova Joe Kutzin John Langenbrunner Donald W Light Hans Maarse Nicholas Mays Martin McKee Eva Orosz John vretveit Dominique Polton Alexander S Preker Thomas A Rathwell Sabine Richard Ray Robinson Andrei Rys Constantino Sakellarides Sergey Shishkin Peter C Smith Markus Schneider Francesco Taroni Marcial Velasco Garrido Miriam Wiley *Social Health Insurance for Developing Nations* R. Paul Shaw, 2007-01-01 Specialist groups have often advised health ministers and other decision makers in developing countries on the use of social health insurance

SHI as a way of mobilizing revenue for health reforming health sector performance and providing universal coverage This book reviews the specific design and implementation challenges facing SHI in low and middle income countries and presents case studies on Ghana Kenya Philippines Colombia and Thailand EU Health Systems and Distributive Justice Danielle Da Costa Leite Borges, 2016-07-01 EU Health Systems and Distributive Justice uses theories of distributive justice to examine tensions created by the application of the Internal Market rules to the provision of health care services within the European Union Using the concepts and principles embedded in the theories of egalitarianism and libertarianism this book analyses the impact of the Internal Market rules on common values and principles shared by European health systems such as universality accessibility equity and solidarity This analysis is conducted using the specific issue of cross border health care This book makes innovative contributions to the study of the relationship between EU health systems and the Internal Market it encompasses the analysis of all principles recognised by EU institutions as guiding principles of European health systems it integrates human rights law and practice into the discussion of the EU Court of Justice s approach to patient mobility cases and it assesses the potential impact of the Internal Market over EU health systems through the lens of distributive justice looking at the underlying principles of these systems that are mostly concerned with social justice Ultimately this is not a book on EU law and health care but it is a book on distributive justice health care and the principles and policies guiding European health systems *Regional Comparisons in Comparative Policy Analysis Studies* Iris Geva-May, B. Guy Peters, Joselyn Muhleisen, 2020-06-29 Volume Three of the Classics of Comparative Policy Analysis contains chapters concerned with Regional Comparisons and Policy Analysis one of the most prevailing approaches in comparative public policy Through the prism of inter jurisdiction comparisons of similarities and variations they address comparisons in specific policy sectors governance or institutional constructs and political regimes The foci are nevertheless on those comparisons between countries or regions which help to lesson draw by identifying and understanding the variation in policy analysis and policy making that exists within or across regions One benefit of regional comparisons is that it often allows studies to hold constant many variables ranging from colonial legacy to federal systems or from language to specific traditions and more effectively isolate dependent variables Regional organizations like the Organization for Economic Co operation and Development OECD or European Union are also considered as catalysts for regional policy approaches and harmonization and occupy a major role in this volume The chapters address a broad and diverse number of countries and geographical areas Latin America North America East Asia Southeast Asia Southern Africa the Baltic states the Nordic states Western Europe Central Europe Eastern Europe and Europe as a whole Regional Comparisons and Policy Analysis will be of great interest to scholars and learners of public policy and social sciences as well as to practitioners considering what can be learned or facilitated through methodologically and theoretically sound approaches The chapters were originally published as articles in the Journal of Comparative Policy Analysis which in the last two decades has pioneered the development of

comparative public policy The volume is part of a four volume series the Classics of Comparative Policy Analysis including Theories and Methods Institutions and Governance Regional Comparisons and Policy Sectors Each volume showcases a different new chapter comparing domains of study interrelated with comparative public policy political science public administration governance and policy design authored by the JCPA co editors Giliberto Capano Iris Geva May Michael Howlett Leslie A Pal and B Guy Peters

Health Politics in Europe Ellen M. Immergut, Karen M. Anderson, Camilla Devitt, Tamara Popic, 2021-06-02 Health Politics in Europe A Handbook is a major new reference work which provides historical background and up to date information and analysis on health politics and health systems throughout Europe In particular it captures developments that have taken place since the end of the Cold War a turning point for many European health systems with most post communist transition countries privatizing their state run health systems and many Western European health systems experimenting with new public management and other market oriented health reforms Following three introductory stage setting chapters the handbook offers country cases divided into seven regional sections each of which begins with a short regional outlook chapter that highlights the region s common characteristics and divergent paths taken by the separate countries including comparative data on health system financing healthcare access and the political salience of health Each regional section contains at least one detailed main case followed by shorter treatments of the other countries in the region Country chapters feature a historical overview focusing on the country s progression through a series of political regimes and the consequences of this history for the health system an overview of the institutions and functioning of the contemporary health system and a political narrative tracing the politics of health policy since 1989 This political narrative the core of each country case examines key health reforms in order to understand the political motivations and dynamics behind them and their impact on public opinion and political legitimacy The handbook s systematic structure makes it useful for country specific cross national and topical research and analysis

Health Care Spending in the New EU Member States Mukesh Chawla, 2007-01-01 Following the transition from central planning toward market based economies the formerly communist states of Central and Eastern Europe introduced a number of reforms in the finance management and organization of the health sector While health sector reforms in these countries have involved deep structural changes they have generally been less successful in improving efficiency enhancing equity in healthcare financing and delivery and managing clinical quality of health services Total health expenditures have increased in almost all countries especially in recent years and with revenues not keeping pace huge debts have accumulated in the health sector Efficiency gains have been few and far between and with the dynamic nature of technology and demographic changes increasing the complexity of health services and the health marketplace further reforms are becoming even more difficult This report takes stock of recent trends in health expenditure aggregates in the public sector and identifies specific areas of health expenditure reform consistent with the objectives of stabilizing the fiscal situation in these countries the Czech Republic Estonia Hungary Latvia

Lithuania Poland Slovakia and Slovenia without adversely affecting the production delivery and utilization of health services

Purchasing To Improve Health Systems Performance Figueras, Josep, Robinson, Ray, Jakubowski, Elke, 2005-03-01 Purchasing is championed as key to improving health systems performance However despite the central role the purchasing function plays in many health system reforms there is very little evidence about its development or its real impact on societal objectives This book addresses this gap and provides A comprehensive account of the theory and practice of purchasing for health services across Europe An up to date analysis of the evidence on different approaches to purchasing Support for policy makers and practitioners as they formulate purchasing strategies so that they can increase effectiveness and improve performance in their own national context An assessment of the intersecting roles of citizens the government and the providers Written by leading health policy analysts this book is essential reading for health policy makers planners and managers as well as researchers and students in the field of health studies Contributors Toni Ashton Philip Berman Michael Borowitz Helmut Brand Reinhard Busse Andrea Donatini Martin Dlouhy Antonio Duran Tam s Evetovits Andr P van den Exter Josep Figueras Nick Freemantle Julian Forder P ter Ga l Chris Ham Brian Hardy Petr Hava David Hunter Danguole Jankauskiene Maris Jesse Ninel Kadyrova Joe Kutzin John Langenbrunner Donald W Light Hans Maarse Nicholas Mays Martin McKee Eva Orosz John vretveit Dominique Polton Alexander S Preker Thomas A Rathwell Sabine Richard Ray Robinson Andrei Rys Constantino Sakellarides Sergey Shishkin Peter C Smith Markus Schneider Francesco Taroni Marcial Velasco Garrido Miriam Wiley **Poverty and Inequality in Middle Income Countries** Einar Braathen, Julian May, Marianne Ulriksen, Gemma C. Wright, 2016-04-15 This collection offers a timely reassessment of viable ways of addressing poverty across the globe today The profile of global poverty has changed dramatically over the past decade and around three quarters of the poor now live in middle income countries making inequality a major issue This requires us to fundamentally rethink anti poverty strategies and policies as many aspects of the established framework for poverty reduction are no longer effective Featuring contributions from Latin America Africa and Asia this much needed collection answers some of the key questions arising as development policy confronts the challenges of poverty and inequality on the global national and local scale in both urban and rural contexts Providing poverty researchers and practitioners with valuable new tools to address new forms of poverty in the right way Poverty and Inequality in Middle Income Countries shows how a radical switch from aid to redistribution based social policies is needed to combat new forms of global poverty **Financing High Medical Risks** Companje, 2025-10-01 Across the European Union common problems and challenges have arisen related to the accessibility quality and financial sustainability of long term healthcare services which represent a new social and medical risk This book compares national policies in Norway Germany and the Netherlands and how these countries approach issues such as old age insurance home help programs and mental healthcare The contributors look at different paths of policy development identify problems faced by public and private parties and ultimately discuss possible solutions New Social

Policy Agendas for Europe and Asia Katherine Marshall, Olivier Butzbach, 2003 The East Asia crisis of 1997-98 highlighted the need for new models for social policy A joint project between European and Asian governments brought together over a two year period the experience of social policy experts from Europe and Asia This project was financed by the ASEM Asia Europe Meeting This document looks at a wide range of issues social security reform links between macroeconomics and social policy labour market policies gender relations and cross border migration Inspired by European experience in similar fields and focusing on ideas and knowledge exchange the project worked to develop papers and seminars to produce this book

Policy Sectors in Comparative Policy Analysis Studies Iris Geva-May, B. Guy Peters, Joselyn Muhleisen, 2020-06-09 Volume Four of the Classics of Comparative Policy Analysis Policy Sectors in Comparative Policy Analysis Studies contains chapters concerned with comparison within disciplinary policy sectors The volume contains detailed analyses of policies within six major policy sectors and illustrates the important differences that exist across policies healthcare environment education social welfare immigration and science and technology The reader will find some common aspects and dimensions theoretical or methodological across all policy domains as well as differences dictated by the characteristics of the discipline or the locus in which the policy point at issue takes place Indeed some scholars have argued that the differences and similarities that exist across and within policy sectors can transcend the differences or similarities across political systems Policy Sectors in Comparative Policy Analysis Studies will be of great interest to scholars and learners of public policy and social sciences as well as to practitioners considering what can be reliably contextualized learned facilitated or avoided through lesson drawing The chapters were originally published as articles in the Journal of Comparative Policy Analysis which in the last two decades has pioneered the development of comparative public policy The volume is part of a four volume series the Classics of Comparative Policy Analysis including Theories and Methods Institutions and Governance Regional Comparisons and Policy Sectors Each volume showcases a different new chapter comparing domains of study interrelated with comparative public policy political science public administration governance and policy design authored by the JCPA authored by the JCPA co editors Giliberto Capano Michael Howlett Leslie A Pal and B Guy Peters *Global Health Watch* 4 People's Health Movement, Medact, Medico International, Third World Network, Health Action International, Asociación Latinoamericana de Medicina Social, Health Poverty Action, 2014-11-13 *Global Health Watch* now in its fourth edition is widely perceived as the definitive voice for an alternative discourse on health and healthcare It covers a range of issues that currently impact on health including the present political and economic architecture in a fast changing and globalized world a political assessment of the drive towards Universal Health Coverage broader determinants of health such as gender based violence and access to water stories of struggles actions and change and a scrutiny of a range of global institutions and processes It integrates rigorous analysis alternative proposals and stories of struggle and change to present a compelling case for a radical transformation of the way we approach actions and policies on health **Health System**

Performance Comparison: An Agenda For Policy, Information And Research Papanicolas, Irene, Smith, Peter, 2013-06-01 This book seeks to identify the current state of the art of health system comparison identifying data and methodological issues and exploring the current interface between evidence and practice Health and Social Change in Russia and Eastern Europe William C. Cockerham, 2002-05-03 For the first time life expectancy is declining in an industrialized society In this pioneering work William C Cockerham examines the social causes of the decline in life expectancy beginning in the 1960s including Russia Poland Hungary Romania Bulgaria the Czech Republic and East Germany Health and Social Change in Russia and Eastern Europe argues that the roots of this change are mainly social rather than biomedical the result of poor policy decisions stress and an unhealthy diet Cockerham presents a theory of postmodern social change that goes beyond the borders of Eastern Europe **Borders across Healthcare** Nina Sahraoui, 2020-06-11 Examining which actors determine undocumented migrants access to healthcare on the ground this volume looks at what happens in the daily interactions between administrative personnel healthcare professionals and migrant patients in healthcare institutions across Europe Borders across Healthcare explores contemporary moral economies of the healthcare migration nexus The volume documents the many ways in which borders come to disrupt healthcare settings and illuminates how judgements of a health related deservingness become increasingly important producing hierarchies that undermine a universal right to healthcare **The Oxford Handbook of Comparative Health Law** David Orentlicher, Tamara K. Hervey, 2021 The Oxford Handbook of Comparative Health Law addresses some of the most critical issues facing scholars legislators and judges today When matters of life and death literally hang in the balance it is especially important for policymakers to get things right Comparative analysis has become an essential component of the decision making process and The Oxford Handbook of Comparative Health Law is the only resource available that provides such an analysis in health law **Primary Care In The Driver'S Seat?** Saltman, Richard, Bankauskaite, Vaida, Vrangbaek, Karsten, 2005-12-01 Primary Care in the Driver s Seat studies the reforms of primary care in Europe as well as their impacts on the broader co ordination mechanisms within European health care systems
