

The background of the book cover is an abstract, colorful composition. It features a mix of wavy, horizontal lines in shades of blue, green, and red, suggesting water or a topographical map. Overlaid on these are various geometric shapes and a faint, stylized cityscape with buildings and a bridge. The colors are vibrant and layered, creating a complex, textured effect.

open ended exploration of what sociology includes and excludes from its agenda and asks how engagement with Jung might shift the centre of gravity of a heterogeneous discipline Psyche Science and Society will be of interest to academics and students working in the fields of analytical psychology and sociology as well as psychoanalysis anthropology feminism environmentalism comparative religion and the history of science
