Social Work With People With Dementia:

Social Work Practice with People with Dementia Peter Scourfield, 2022-07-08 Social Work Practice with People with Dementia critically discusses the cultural and discursive contexts in which social work with dementia takes place This is because how we think about dementia influences how we treat people living with the condition The book also explains the demographic context that has made dementia a global public health priority in recent years The different forms of dementia are discussed in a way that is accessible to a non medical readership The book discusses the different settings and circumstances in which social work with people with dementia and their carers takes place and examines the chief elements of the social work role In doing this it explains the professional knowledge skills and values that social workers need in order to practice effectively in this area of growing importance Part of this is appreciating how approaches to dementia care have evolved over time In this context the book discusses how the dominant bio medical model has been challenged by person centred and rights based approaches As a key part of social work is to offer people choices the book provides information about a wide range of health social care and other services that are available whilst also highlighting the gaps that exist for different groups and in different areas Case studies and activities help the reader apply theory to practice Social Work Practice with People with Dementia will be of particular interest to social work students and early career social workers primarily in a UK context However it contains much relevant information about dementia and dementia practice for anyone involved with adult health and social care both in the UK and around the world **Dementia** Alan Chapman, 1993 This book explores the new skills needed in multidisciplinary work These include counselling creative use of the past groupwork empowerment family therapy care management and network analysis The book is intended to build on what readers already know while exploring new dimensions of work in the field *Social Work and Dementia* David Moore, Kirsty Jones, 2012-06-22 This practical book enables those already practicing or joining social work to consider the various ways that people can be supported to live well with dementia Areas focused on include how the personalisation agenda is changing services through self directed support re enablement and telecare how risk can be managed while choice and independence are maintained and how safeguarding of people with dementia can be positively practiced The authors present information on essential new developments in the field of dementia care including changes in legislation and Government policy as well as providing examples of positive practice from around the country Social Work with Older People Ann McDonald, 2010-03-08 Social Work with Older People provides an authoritative and practical guide to working with older people in a range of settings It addresses the complexities of individual work with older people as well as work with families groups and the wider community and is not afraid to tackle the challenges as well as opportunities of practice in this area The book begins by explaining the demographic changes that have led to a greying of the general population It goes on to discuss the diversity in experiences of ageing across society and the range of issues which confront older people and those

who wish to work proactively with them Clear attention is paid to the processes of assessment care planning and review with readers encouraged to reflect on developing good practice through case studies and exercises Although it has a strong practical emphasis the book also stresses the value of theoretical perspectives with insights from fields such as sociology and psychology woven throughout the book Clear links are also made to policy guidelines and organizational standards without losing sight of the deeper often more complex issues that arise when working with older people Social Work with Older People will be essential reading for social work students and practitioners but also for others who are interested in the development of practice with older people as citizens and service users

Social Work With Older People: Approaches To Person-Centred Practice Hall, Barbara, Scragg, Terry, 2012-03-01 This text fills a gap for an accessible textbook which takes a person centred approach to working with older people by providing readers with a basic knowledge of policy legislation theory and research

Social Work and People with Dementia Marshall, Mary, Tibbs, Margaret-Anne, 2006-11-08 One in ten of us will suffer from dementia and as a result the increasing numbers of older people needing assistance mean that all social workers must be up to date in their knowledge skills and attitudes towards people with dementia and their carers

Social Work with Adults Martin Brett Davies, 2012-03-20 This best selling book explores the crucial role of social workers in securing a better future for vulnerable and disadvantaged adult service users Tackling the problems most common to this branch of social work it focuses on four major themes personalization mental health substance use and old age Edited by the highly respected Martin Davies and with contributions from some of the leading names in the field Social Work with Adults provides a clear map and guidance to help navigate between the different elements of social work knowledge and practice Whether a student on an undergraduate degree taking a module on working with adults or a qualified professional wanting to ensure they are providing the very best service they can this is essential reading The breadth and depth of coverage makes this text a perfect handbook for students of adult social work

Social Work Practice with Older People Rory Lynch, 2013-11-13 Older people are the biggest service user group for social workers and an increasing proportion of the population In this refreshingly positive and practical textbook Rory Lynch draws on years of practice and teaching experience to show how to achieve best social work practice with older adults He takes a person centred approach which fosters respect by valuing the fact that elderly people have more lived experience than others Exploring the key theoretical approaches and methods of intervention this book helps social workers to identify understand and facilitate their service users wishes for well being and a fulfilling older age Chapters are practice driven containing case studies drawn from a range of care settings reflective questions and exercises Mapping directly onto the key modules on the social work degree this is essential reading for all student social workers especially as they prepare to go on their practice placement It is also valuable reading for qualified social workers Rory Lynch is Lecturer in Social Work at Robert Gordon University

Critical Issues in Social Work With Older People Mo G. Ray, Miriam Bernard, Judith Phillips, 2018-06-26 This timely text highlights the importance

of informed and critical practice in social work with older people With an emphasis on reflection throughout it argues for the need to rethink how social workers support some of the most vulnerable people in society The text begins with an exploration of the relationship between gerontology the study of aging and social work and demonstrates that a gerontological approach has long been missing from social work practice The central chapters consider key issues affecting older people and social work practice such as Risk of poverty Memory loss and dementia Palliative and end of life care Loss and bereavement Moving into a care home Bringing together theoretical and research insights this agenda setting text provides a sound base for creative practice with older people All those looking to make a positive and discernible difference to older people will find this text rewarding reading

Social Work Intervention Trevor Lindsay, 2013-03-19 Since launching in 2003 Transforming Social Work Practice has become the market leading series for social work students These books use activities and case studies to build critical thinking and reflection skills and will help social work students to develop good practice through learning Social workers need to have a sound working knowledge of intervention as they are often balancing complex and sometime stressful circumstances with the individual needs of the service users Also as there are a wide range of social work interventions in current practice students will benefit from knowing the advantages and disadvantages of each model and approach This book on effective social work intervention will help students apply and integrate this knowledge in practice to critically evaluate different methods and to choose the most effective in any particular set of circumstances Fully revised to include new material on value based practice and direct links to the new Professional Capabilities Framework for Social Work this second edition is essential reading for all social work students

Countering Discrimination in Social Work Bogdan Lesnik, 2017-07-05 Discrimination Isn't there enough talk about discrimination Yes indeed That is why we have to begin countering discrimination We need strategies that will make it inoperative or at least limit its scope But first we need to think how discrimination works and identify it where it works It concerns far more than mere procedural hitches for which a few legal provisions will do Countering Discrimination Volume 1998 of International Perspectives in Social Work yearbook brings papers that analyse mechanisms of social discrimination in a variety of such locations and bring proposals for counter strategies This is essential in social work if causes rather than manifestations of the problems it is concerned with are to be addressed But it is also essential that everybody who opposes discrimination recognise its subtle and dispersed ways of operation in the human services regardless of their own basic field of work In this respect the book will be useful to a very wide audience

The Social Workers' Toolbox Herman de Mönnink, 2017-09-19 The Social Workers Toolbox aims to bring order to the diversity of tools which are so characteristic of social work assessment tools practice tools and outcome measurement tools The tools described in this Toolbox can be directly put into practice and adapted to the social workers personalized approach with their individual clients and their environments The underlying meta theory for Sustainable Multimethod Social Work is the PIE Empowerment Theory This theory defines social work practice in terms of the partnership between social worker and client and is aimed at enhancing quality of life through systematically and sustainably addressing human needs and human rights The multimethod model promotes the flexible combination of well written evidence and practice based tools Packed full of useful checklists the Toolbox is ideal reading for both inexperienced and more practiced social workers The book provides a solid basis through the use of practical examples For the more experienced social worker it offers a substantial resource and the means to legitimize a chosen course of action and social work intervention Schools of social work will be able to use the book as an easily accessible resource for social work assessments interventions and quality social work management

Social Work and Human Development Janet

Walker, Nigel Horner, 2024-04-09 Social work engages with people across the life course and social workers are expected to work with groups of people at very different stages of their life. Developing a thorough understanding of human growth to encompass the whole of the life course is therefore a central part of all qualifying social work training and practice. A clear favourite among students and lecturers, this bestselling book introduces the main theoretical models in a clear and accessible way before applying them to various stages of the life course. From infants to older adults, the authors use case studies and practice examples to bring social work methods, skills and principles to life. *Social Work and Mental Health* Malcolm Golightley, Robert Goemans, 2020-02-06 With 1 in 4 people experiencing a mental health problem in any given year, mental health is a more important part of social work training than ever before, and all successful social workers need to understand the core values, skills and knowledge that underpin excellent practice in a modern mental health system. Written as an accessible introduction to the complex issues around mental health, this book has become a classic in its field. Law and policy are clearly outlined, while the authors give space to important ethical considerations when working with the most vulnerable in society. There are clear links between policy, legislation and real life practice, as well as a wealth of learning features.

Social Work and Disadvantage Peter Burke, Jonathan Parker, 2007 Providing key messages for practice, they outline a range of protection measures against disability by association to reduce the risk of stigma and victimisation. **Social care** Great Britain: Parliament: House of Commons: Health Committee, 2012-02-08 Additional written evidence is contained in Volume 3 available on the Committee website at www.parliament.uk/healthcom. *Mental Health Social Work in Context* Nick Gould, 2016-06-10 This new edition of *Mental Health Social Work in Context* continues to be an authoritative evidence-based introduction to an area of specialism chosen by many social work students. Grounded in the social models of mental health, particularly relevant to qualifying social workers, but also familiarising students with social aspects of medical perspectives, this core text helps to prepare students for practice and to develop their knowledge around promoting the social inclusion of people with mental health problems, the changing context of multidisciplinary mental health services, an integrated evidence base for practice working with people with mental health problems across the life course. In this new edition, the author has reflected on the impact of the global recession and austerity policies both on the mental health of the population but also the much sharper conditions and reduced services within which social workers are now operating. This fully updated 2nd edition is an essential textbook for all social work students taking undergraduate and postgraduate qualifying degrees and will also be invaluable for practitioners undertaking post-qualifying awards in mental health social work.
