

THE SOCIALIST NOVEL IN BRITAIN

An illustration of an elderly lighthouse keeper with a white beard, wearing a dark cap and a heavy, dark coat. He is leaning forward, holding a large lantern that emits a bright beam of light. The background is a dark, stormy sea with white-capped waves crashing against the lighthouse structure. The overall tone is dramatic and atmospheric.

Socialist Novel In Great Britain:

The Socialist Novel in Britain H. Gustav Klaus, 1982 *The Socialist Novel in Britain* H. Gustav Klaus, 2018-01-31 This pioneering work traces the history of the socialist novel covering 150 years of creative writing. It spans the hopes and aspirations of the Chartist writers in Britain and the modern variety of ideological and literary positions of socialist intellectuals. The major conceptual and individual developments are carefully analysed and the work brings together essays by such distinguished writers as Raymond Williams, John Goode, Raymond L. Pez Ortega and Marsha Vicinus. It provides a framework for wider discussion situating the socialist novel in the overall framework of English literature. Contents: New and original Editor's Introduction, Martha Vicinus, Chartist fiction and the development of a class-based literature, J. M. Rignall, Between Chartism and the 1880s, J. W. Overton and E. Lynn Linton, John Goode, Margaret Harkness and the socialist novel, Jack Mitchell, Early harvest: three anti-capitalist novels published in 1914, H. Gustav Klaus, Silhouettes of revolution: some neglected novels of the early 1920s, Raymond Williams, Working-class proletarian socialist problems in some Welsh novels, Raymond L. Pez Ortega, The language of the working-class novel of the 1930s, Ingrid von Rosenberg, Militancy, anger and resignation: alternative moods in the working-class novel of the 1950s and early 1960s, Kiernan Ryan, Socialist fiction and the education of desire, Mervyn Jones, Raymond Williams, John Berger, Index.

British Working-Class Fiction Roberto del Valle Alcalá, 2016-02-11 British Fiction and the Struggle Against Work offers an account of British literary responses to work from the 1950s to the onset of the financial crisis of 2008. Roberto del Valle Alcalá argues that throughout this period working-class writing developed new strategies of resistance against the social discipline imposed by capitalist work. As the latter becomes an increasingly pervasive and inescapable form of control and as its nature grows abstract, diffuse and precarious, writing about it acquires a new antagonistic quality, producing new forms of subjective autonomy and new imaginaries of a possible life beyond its purview. By tracing a genealogy of working-class authors and texts that in various ways defined themselves against the social discipline imposed by post-war capitalism, this book analyses the strategies adopted by workers in their attempts to identify and combat the source of their oppression. Drawing on the work of a wide range of theorists including Deleuze and Guattari, Giorgio Agamben and Antonio Negri, Alcalá offers a systematic and innovative account of British literary treatments of work. The book includes close readings of fiction by Alan Sillitoe, David Storey, Nell Dunn, Pat Barker, James Kelman, Irvine Welsh, Monica Ali and Joanna Kavenna.

Class in Late-Victorian Britain: The Narrative Concern with Social Hierarchy and its Representation Kevin Swafford, 2007 *Class Fictions* Pamela Fox, 1994-11-21 Many recent discussions of working-class culture in literary and cultural studies have tended to present an oversimplified view of resistance. In this groundbreaking work, Pamela Fox offers a far more complex theory of working-class identity, particularly as reflected in British novels of the late nineteenth and early twentieth centuries. Through the concept of class shame, she produces a model of working-class subjectivity that understands resistance in a more accurate and useful way as a complicated kind of refusal directed at both

dominated and dominant culture With a focus on certain classics in the working class literary canon such as *The Ragged Trousered Philanthropists* and *Love on the Dole* as well as lesser known texts by working class women Fox uncovers the anxieties that underlie representations of class and consciousness Shame repeatedly emerges as a powerful counterforce in these works continually unsettling the surface narrative of protest to reveal an ambivalent relation toward the working class identities the novels apparently champion Class Fictions offers an equally rigorous analysis of cultural studies itself which has historically sought to defend and value the radical difference of working class culture Fox also brings to her analysis a strong feminist perspective that devotes considerable attention to the often overlooked role of gender in working class fiction She demonstrates that working class novels not only expose master narratives of middle class culture that must be resisted but that they also reveal to us a need to create counter narratives or formulas of working class life In doing so this book provides a more subtle sense of the role of resistance in working class culture While of interest to scholars of Victorian and working class fiction Pamela Fox s argument has far reaching implications for the way literary and cultural studies will be defined and practiced

The Femme Fatale in Victorian Literature Jennifer Hedgecock,2008 examines the changing social and economic status of women from the 1860s through the 1880s and rejects the stereotypical mid Victorian femme fatale portrayed by conservative ideologues critiquing popular fiction by Wilkie Collins Mary Elizabeth Braddon Honore de Balzac and William Makepeace Thackeray In these book reviews the female protagonist is simply minimized to a dangerous woman Refuting this one dimensional characterization this book argues that the femme fatale comes to represent the real life struggles of the middle class Victorian woman who overcomes major adversities such as poverty abusive
