Socialist Register 1979 A Survey Of Movements And Ideas

Marie Campbell, Ann Manicom

Socialist Register 1979 A Survey Of Movements And Ideas:

Understanding social welfare movements Jason Annetts,Alex Law,Wallace McNeish,Gerry Mooney,2009-07-08

Contemporary social policy has never been more vigorously contested Issues range from single issue campaigns over housing social care hospital closures through to organised movements around disability environment health and education However the historical and contemporary role played by social movements in shaping social welfare has too often been neglected in standard social policy texts Understanding social welfare movements is the first text to bring together social policy and social movement studies Using actual case studies and written in an accessible and engaging style it will attract a wide readership of undergraduate and postgraduate students higher education teachers and researchers stakeholders and activists

Introductory chapters examine the historical and theoretical relationship between state welfare and social movements

Subsequent chapters outline the historical contribution of various social movements to the creation of the welfare state relating to Beveridge s five giants of idleness ignorance squalor illness and want The book then examines the contemporary challenge posed by new social movements in relation to the family discrimination environment and global social justice The book provides a timely and much needed overview of the changing nature of social welfare as it has been shaped by the demands of social movements

Working-Class America Michael H Frisch,Daniel J Walkowitz,2023-02-03 At the time of its original publication Working Class America represented the new labor history par excellence A roster of noteworthy scholars in the field contribute original essays written during a pivotal time in the nation s history and within the discipline Moving beyond historical sociological analyses the authors take readers inside the lives of the real men and women behind the statistics The result is a classic collection focused on the human dimensions of the field one valuable not only as a resource for historiography but as a snapshot of workers and their concerns in the 1980s

Vulture Capitalism Grace Blakeley,2024-03-12 This timely manifesto from an acclaimed journalist illustrates how corporate and political elites have used planned capitalism to advance their own interests at the expense of the rest of us and how we can take back our economy for all It s easy to look at the state of the world around us and feel hopeless We live in an era marked by war climate crisis political polarization and acute inequality and yet many of us feel powerless to do anything about these profound issues Tracing over a century of neoliberal planning and backdoor bailouts Blakeley takes us on a deeply reported tour of the corporate crimes political manoeuvring and economic manipulation that elites have used to enshrine a global system of vulture capitalism planned capitalist economies that benefit corporations and the uber wealthy at the expense of the rest of us at every level from states to empires Blakeley exposes the cracks already emerging within capitalism lighting a path forward for how we can democratize our economy not just our politics to ensure true freedom for all

In Spies We Trust Rhodri Jeffreys-Jones,2013-06-13 In Spies We Trust reveals the full story of the Anglo American intelligence relationship ranging from the deceptions of World War I to the mendacities of 9 11 for the first time Why did we ever start trusting spies It all

started a hundred years ago First we put our faith in them to help win wars then we turned against the bloodshed and expense and asked our spies instead to deliver peace and security By the end of World War II Britain and America were cooperating effectively to that end At its peak in the 1940s and 1950s the special intelligence relationship contributed to national and international security in what was an Anglo American century But from the 1960s this special relationship went into decline Britain weakened American attitudes changed and the fall of the Soviet Union dissolved the fear that bound London and Washington together A series of intelligence scandals along the way further eroded public confidence Yet even in these years the US offered its old intelligence partner a vital gift congressional attempts to oversee the CIA in the 1970s encouraged subsequent moves towards more open government in Britain and beyond So which way do we look now And what are the alternatives to the British American intelligence relationship that held sway in the West for so much of the twentieth century Rhodri Jeffreys Jones shows that there are a number the most promising of which astonishingly remain largely unknown to the Anglophone world *The Routledge Companion to Media Industries* Paul McDonald, 2021-10-04 Bringing together 49 chapters from leading experts in media industries research this major collection offers an authoritative overview of the current state of scholarship while setting out proposals for expanding re thinking and innovating the field Media industries occupy a central place in modern societies producing circulating and presenting the multitude of cultural forms and experiences we encounter in our daily lives The chapters in this volume begin by outlining key conceptual and critical perspectives while also presenting original interventions to prompt new lines of inquiry Other chapters then examine the impact of digitalization on the media industries intersections formed between industries or across geographic territories and the practices of doing media industries research and teaching General ideas and arguments are illustrated through specific examples and case studies drawn from a range of media sectors including advertising publishing comics news music film television branded entertainment live cinema experiences social media and music video Making a vital and significant contribution to media research this volume is essential reading for students and academics seeking to understand and evaluate the work of the media industries Chapter 10 of this book is freely available as a downloadable Open Access PDF under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license available at <http://www.taylorfrancis.com>

Knowledge, Experience, and Ruling Marie Campbell, Ann Manicom, 1995-12-15 Dorothy Smith is considered one of the most original sociologists and theorists of our time and her writings have attracted much attention in Europe and the US as well as in Canada This collection of original essays written by scholars who worked or studied with Smith exemplifies Smith's approach to social analysis Each author takes an empirical approach Some analyse texts the maps and documents of land use planning photographs an influential history of British India reports of a task force on battered women some draw on interviews with clerical workers with Japanese corporate wives while others an AIDS activist a teacher of adult literacy a social worker reflect on personal experiences In each case we are introduced to specific themes in Smith's approach The

essays put Smith's method to work in diverse ways and in the process offer intriguing insights into their topics. This tribute to Smith's empowering contribution as a thinker and teacher reveals how empirical studies can illuminate concepts usually presented in the abstract. As the first compilation of applications of Smith's methodology, this is a landmark work in the developing field of the social organization of knowledge. *At Penpoint* Monica Popescu, 2020-08-14

In *At Penpoint* Monica Popescu traces the development of African literature during the second half of the twentieth century to address the intertwined effects of the Cold War and decolonization on literary history. Popescu draws on archival materials from the Soviet-sponsored Afro-Asian Writers Association and the CIA-funded Congress for Cultural Freedom alongside considerations of canonical literary works by Ayi Kwei Armah, Ngũgĩ wa Thiong'o, Ousmane Sembène, Pepetela, Nadine Gordimer, and others. She outlines how the tensions between the United States and the Soviet Union played out in the aesthetic and political debates among African writers and intellectuals. These writers decolonized aesthetic canons even as superpowers attempted to shape African cultural production in ways that would advance their ideological and geopolitical goals. Placing African literature at the crossroads of postcolonial theory and studies of the Cold War, Popescu provides a new reassessment of African literature, aesthetics, and knowledge production. *Marxism and Literary Theory* Anand Prakash, 1994

The Economics of Military Spending Adem Yavuz Elveren, 2019-05-17

The *Economics of Military Spending* offers a comprehensive analysis of the effect of military expenditures on the economy. It is the first book to provide both a theoretical and an empirical investigation of how military spending affects the profit rate, a key indicator of the health of a capitalist economy. The book presents a general discussion on the economic models of the nexus of military spending and economic growth, as well as military Keynesianism and the military industrial complex. Including an account of the Marxist crisis theories, it focuses on military spending as a counteracting factor to the tendency of the rate of profit to fall. Using a range of econometric methods and adopting a Marxist perspective, this book provides comprehensive evidence on the effects of military spending on the rate of profit for more than thirty countries. The findings of the book shed light on the complex linkages between military spending and the profit rate by considering the role of countries in the arms trade. Offering a Marxist perspective and an emphasis on quantitative analysis, *The Economics of Military Spending* will be of great interest to students and scholars of defence and peace economics, as well as Marxist economics.

Unravelling Gramsci Adam David Morton, 2007-02-20

Powerful and clarifying, the book's combination of careful argument and cogent illustration will make this a landmark volume in Gramscian studies. John Agnew, University of California, Los Angeles, and author of *Hegemony: The New Shape of Global Power*. Morton draws upon an impressive knowledge of Gramsci's writings to provide new insights into key processes in today's world order. Anne Showstack Sassoon, Emeritus Professor, Kingston University and Visiting Professor, Birkbeck College, University of London. *Unravelling Gramsci* makes extensive use of Antonio Gramsci's writings, including his much overlooked pre-prison journalism, prison letters, as well as his prison notebooks, to provide a fresh approach to

understanding his contemporary relevance in the current neoliberal world order Adam Morton examines in detail the themes of hegemony passive revolution and uneven development to provide a useful way of analysing the contemporary global political economy the project of neoliberalism processes of state formation and practices of resistance The book explores the theoretical and practical limitations of how Gramsci's ideas can be used today offering a broad insight into state formation and the international factors shaping hegemony within a capitalist framework **Socialist Register 1983** Ralph Miliband, John Saville, 1983 *The Core-Periphery Divide in the European Union* Rudy Weissenbacher, 2020-01-29 This book revisits the forgotten history of the European Dependency School in the 1970s and 1980s explores core periphery relations in the European integration process and the crises of the contemporary European Union from a dependency perspective and draws lessons for alternative development paths Was disintegration of the European Union foretold With the benefit of hindsight the critical analysis of the European integration process by researchers from the European Dependency School is most timely The current framework of the European Union seems to be haunted by issues that had been very familiar to the researchers of the European Dependency School such as a lack of a common and balanced industrial policy How do the situations compare What lessons can be learnt for alternative development policies in contemporary Europe Weissenbacher tackles these issues which are of relevance to all interested in political economy political science development studies and regional development *Performing the Cold War in the Postcolonial World* Christopher B. Balme, 2023-07-20 This volume explores how the Cultural Cold War played out in Africa and Asia in the context of decolonization Both the United States and the Soviet Union as well as East European states undertook significant efforts to influence cultural life in the newly independent postcolonial world The different forms of influence are the subject of this book The contributions are grouped around four topic headings Networks and Institutions looks at the various ways Western style theatre became institutionalized in the decolonial world especially Africa Cultural Diplomacy focuses on the activities of the Soviet Union in India in the late 1950s and 1960s in the very different arenas of book publishing and the circus Artists and Agency explores how West African filmmakers Ousmane Sembène and Abderrahmane Sissako and European authors Brecht and Ibsen were harnessed for different kinds of Cold War strategies Finally Cultures of Things investigates how everyday objects such as books and iconic theatre buildings became suffused with affect nostalgia and ideology This book will be of interest for students of the Cold War postcolonial studies theatre film and literature Chapters 1 4 8 and 11 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license Funded by the European Research Council Project Developing Theatre

Routledge Library Editions: The Labour Movement Various, 2021-07-28 This set of 44 volumes originally published between 1924 and 1995 amalgamates a wide breadth of research on the Labour Movement including labour union history the early stages and development of the Labour Party and studies on the working classes This collection of books from some of

the leading scholars in the field provides a comprehensive overview of the subject how it has evolved over time and will be of particular interest to students of political history The Socialist Register John Saville,1987 **The British Labour Movement and Film, 1918-1939** Stephen G. Jones,2018-12-07 First published in 1987 Using a wealth of primary sources Stephen Jones investigates the role played in cinema affairs by the Labour Movement stressing the important contributions made by the Labour Party Communist Party and trade unions in the production and presentation of film He gives us a rare and important insight into the British film industry examining the cinema in its wider economic political and cultural context He explores the ideological influence of film the nature of film work state intervention and Sunday entertainment as reflected in the policies and attitudes of organized labour Also discussed are the growth and impact of independent working class film organization **Law, Government, and Politics in the Pacific Island States** Yash P. Ghai,1988 Social Cleavages and Political Change Jeff Manza,Clem Brooks,1999-09-23 What social groups support which political party and how that support has changed over time are central questions in the sociology of political behaviour This study provides the first systematic book length reassessment and restatement of the sociological approach to American politics in more than 20 years It challenges widespread arguments that the importance of social cleavages have declined precipitously in recent years in the face of post industrial social and economic changes The book reconceptualizes the concept of social cleavages and focus on four major cleavages in American society class religion gender and race arguing a that a number of important changes in the alignments of the groups making up these four cleavages have occurred The book examines the implications of these changes for the Democratic and Republican Parties The findings of the book are examined in light of the central dilemmas facing the two major parties in the contemporary political environment **American Book Publishing Record Cumulative, 1950-1977** R.R. Bowker Company. Department of Bibliography,1978 Economic Restructuring And Social Exclusion Canterbury. Phillip Brown; Rosemary Crompton both of the University of Kent,2020-04-03 This book is intended for undergraduate and postgraduate courses in social structure and political sociology as well as academic sociologists and libraries It should have significant appeal to researchers and students in European studies and others interested in European integration
