Sociology Estrangement Three Sociologists Of Imperial Germany

Gad Ya'ir, Michaela Soyer

Sociology Estrangement Three Sociologists Of Imperial Germany:

Sociology and Estrangement: Three Sociologists of Imperial Germany Arthur Mitzman, 1973 **German Incertitudes, 1914-1945** Klemens von Klemperer, 2001-03-30 The history of modern Germany has all too readily been seen in terms of an historical process that inevitably led to the horrors of National Socialism As there are no certitudes in life however so there are none in German history In this book historian Klemens von Klemperer focuses on what he terms the German Incertitudes namely the tensions between a realistic acceptance of disenchantment with the modern world and an insistence upon reenchantment Exploring this tension through a critical assessment of the ideas and writings of major German thinkers von Klemperer seeks to account for both the achievements and the failings of German thought society and politics as responses to the challenge of modernity in the first half of the 20th century In addition to individuals such as Nietzsche Weber Spengler J nger Bonhoeffer and Heidegger the author considers broader movements and ideas such as the concept of Gemeinschaft and the German expressionists all in the wider context of Western intellectual currents Rather than belaboring presumed German deviance from the European norms von Klemperer explores the reasons why the sense of crisis in the face of modernity was singularly acute among Germans he traces a spectrum of reactions extending from an acceptance of modern disenchantment to the quest for reenchantment which found an extreme manifestation in National Socialism *Rethinking German History (Routledge Revivals)* Richard J. Evans, 2015-08-11 In *Rethinking German History* first published in 1987 Richard J Evans argues for a social historical approach to the German past that pays equal attention to objective social structures and subjective values and experiences If German history has been seen as an exception to the normal development of Western society this is not least because historians have until recently largely failed to look beyond the world of high politics institutions organizations and ideologies to broader historical problems of German society and German mentalities By applying and adapting approaches learned from French and British social history as they have been developed over the last quarter of a century it is possible to achieve a rethinking of German history which does away with many of the textbook myths that have encrusted the historiography of Germany for so long This book will be valuable for students of German history and politics and brings together essays widely used in teaching Its broad coverage of social history will also be useful to all those interested in contemporary historiography or the comparative study of European history Transcending Capitalism Howard Brick, 2015-09-25 *Transcending Capitalism* explains why many influential midcentury American social theorists came to believe it was no longer meaningful to describe modern Western society as capitalist but instead preferred alternative terms such as postcapitalist postindustrial or technological Considering the discussion today of capitalism and its global triumph it is important to understand why a prior generation of social theorists imagined the future of advanced societies not in a fixed capitalist form but in some course of development leading beyond capitalism Howard Brick locates this postcapitalist vision within a long history of social theory and ideology He challenges the common view that American

thought and culture utterly succumbed in the 1940s to a conservative cold war consensus that put aside the reform ideology and social theory of the early twentieth century. Rather, expectations of the shift to a new social economy persisted and cannot be disregarded as one of the elements contributing to the revival of dissenting thought and practice in the 1960s. Rooted in a politics of social liberalism, this vision held influence for roughly a half century from its interwar origins until the right turn in American political culture during the 1970s and 1980s. In offering a historically based understanding of American postcapitalist thought, Brick also presents some current possibilities for reinvigorating critical social thought that explores transitional developments beyond capitalism.

Max Weber and the Dispute over Reason and Value Stephen P. Turner, Regis A. Factor, 2014-04-04 The problem of the nature of values and the relation between values and rationality is one of the defining issues of twentieth century thought and Max Weber was one of the defining figures in the debate. In this book, Turner and Factor consider the development of the dispute over Max Weber's contribution to this discourse by showing how Weber's views have been used, revised, and adapted in new contexts. The story of the dispute is itself fascinating for it cuts across the major political and intellectual currents of the twentieth century from positivism, pragmatism, and value-free social science through the philosophy of Jaspers and Heidegger to Critical Theory and the revival of Natural Right and Natural Law. As Weber's ideas were imported to Britain and America, they found new formulations and new adherents and critics and became absorbed into different traditions and new issues. This book was first published in 1984.

Georg Simmel and German Culture Efraim Podoksik, 2021-07-15 The significance of the German philosopher and social thinker Georg Simmel (1858-1918) is only now being recognised by intellectual historians. Through penetrating readings of Simmel's thought, taken as a series of reflections on the essence of modernity and modern civilisation, Efraim Podoksik places his ideas within the context of intellectual life in Germany and especially Berlin under the Kaiserreich. Modernity, characterised by the growing differentiation and fragmentation of culture and society, was a fundamental issue during Simmel's life, underpinning central intellectual debates in Imperial Germany. Simmel's thought is depicted here as an attempt at transforming the complexity of these debates into a coherent worldview that can serve as an effective guide to understanding their main parameters. Paying particular attention to the genealogy and usage of the concepts of *Bildung*, culture, and civilisation in Germany, this study offers contextual analyses of Simmel's philosophies of culture, society, art, religion, and the feminine, as well as his interpretations of Dante, Kant, Nietzsche, Schopenhauer, Goethe, and Rembrandt.

The Anthem Companion to Ferdinand Tönnies Christopher Adair-Toteff, 2016-06-19 The Companion is a collection of articles covering noted German sociologist Ferdinand Tönnies' full range of thinking. Topics include Tönnies and the development of sociology; Tönnies on community; on globalization; on gender and the family; and on crime and law. They also include Tönnies' views on politics, on public opinion, as well as on Tönnies as a Hobbes scholar and his relation to Georg Simmel. Each of the essays is written in a clear manner and will be understandable to the non-specialist. Each essay is comprehensive and will be useful to the

specialist The Companion is a welcome and significant contribution to our understanding of this noted sociologist and political thinker

Marriage Discourses Jowan A. Mohammed, Frank Jacob, 2021-11-22 Marriage was historically not only a romantic ideal but a tool of exploitation of women in many regards Women were often considered commodities and marriage was far away from the romantic stereotypes people relate to it today While marriages served as diplomatic tools or means of political legitimization in the past the discourses about marital relationships changed and women expressed their demands more openly Discourses about marriage in history and literature naturally became more and more heated especially during the long 19th century when marriages were contested by social reformers or political radicals male and female alike The present volume provides a discussion of the role of marriage and the discourses about in different chronological and geographical contexts and shows which arguments played an important role for the demand for more equality in marital relationships It focuses on marriage discourses may they have been legal or rather socio political ones In addition the disputes about marriage in literary works of the 19th and 20th centuries are presented to complement the historical debates

The Golem in German Social Theory Gad Ya'ir, Michaela Soyer, 2008-01-01 The Golem in German Social Theory provides an innovative and bold interpretation of German social theory Authors Gad Yair and Michaela Soyer argue that the mythological story of the Golem rising over its master provides the basic code which animated German social theory from the 19th century until the 21st century Yair and Soyer illustrate how the Golem run mad narrative permeates the history of modern German social thought and how it now provides a convenient literary tool for re reading German critiques of the Enlightenment modernity capitalism and progress The Golem in German Social Theory points out a family resemblance that unites German theorists enhancing interpretation of their writings and understanding of their moral vehemence

The Jews and Modern Capitalism Werner Sombart, 2017-09-04 Since its first appearance in Germany in 1911 Jews and Modern Capitalism has provoked vehement criticism As Samuel Z Klausner emphasizes the lasting value of Sombart's work rests not in his results most of which have long since been disproved but in his point of departure Openly acknowledging his debt to Max Weber Sombart set out to prove the double thesis of the Jewish foundation of capitalism and the capitalist foundation of Judaism Klausner placing Sombart's work in its historical and societal context examines the weaknesses and strengths of Jews and Modern Capitalism

Robert Michels, Socialism, and Modernity Andrew G. Bonnell, 2022-12-22 Robert Michels 1876-1936 is best known for his 1911 book Political Parties which is still a standard reference in political science debates Michels work sought to prove an iron law of oligarchy that governs the organisational evolution of democratic political parties The work was closely informed by Michels engagement with the German Social Democratic Party in the early 1900s his involvement in radical politics in France and Italy in this period and by his interest in a range of intellectual and social movements including feminism nationalism racial theory and the emerging disciplines of sociology and political science Using archival and printed sources hitherto overlooked in work on Michels this new study contests previous arguments which

have sought to explain Michels as a disillusioned adherent of ideas of direct democracy or as an extremist moving from revolutionary syndicalism to fascism The biographical and intellectual influences on Michels are shown to be more complex and more transnational than such schematic explanations have allowed Andrew Bonnell sheds new light on Michels relationship with the German Social Democratic Party and on his understanding of his own role as an intellectual in a workers party Bonnell also analyses Michels problematical relationship with revolutionary syndicalism in France and Italy Michels was connected to a possibly uniquely diverse network of intellectual and political contacts in pre 1914 Europe This transnational intellectual history illuminates the intellectual worlds in which Michels moved and presents a new interpretation of his shift from the radical left of the spectrum to Italian fascism an intellectual itinerary which has intrigued many historians

Weber, Schumpeter and Modern Capitalism John Love, 2017-07-20 This book provides the groundwork for a general theory of modern capitalism by reinterpreting Max Weber's work on the origins and institutional underpinnings of modern capitalism and Joseph Schumpeter's thought on the mechanisms and functioning of the capitalist economy Focusing on the lesser known works of both figures particularly in the case of Weber whose writings on economics and economic history are frequently overlooked the author contends that a combination of Schumpeter's and Weber's theoretical schemas incorporating their many valuable insights provides the basis of a unified overall theory of modern capitalism that is comprehensive coherent and persuasive With attention to the important theoretical connections between Weber and Schumpeter and the respective contributions of both with regard to the nature and workings of capitalism the author explores the compatibility of the two approaches arguing that the full significance of the contributions of the two writers has not been adequately appreciated A systematic and sympathetic comparison and synthesis of the contributions of two of the central figures in social and economic theory which highlights the enduring relevance of their work in times of political and economic crisis Weber Schumpeter and Modern Capitalism will appeal to scholars across the social sciences with interests in social and economic theory classical sociology and economic history

Anti-Judaism David Nirenberg, 2013-02-04 A powerful history that shows anti Judaism to be a central way of thinking in the Western tradition This incisive history upends the complacency that confines anti Judaism to the ideological extremes in the Western tradition With deep learning and elegance David Nirenberg shows how foundational anti Judaism is to the history of the West Questions of how we are Jewish and more critically how and why we are not have been churning within the Western imagination throughout its history Ancient Egyptians Greeks and Romans Christians and Muslims of every period even the secularists of modernity have used Judaism in constructing their visions of the world The thrust of this tradition construes Judaism as an opposition a danger often from within to be criticized attacked and eliminated The intersections of these ideas with the world of power the Roman destruction of the Second Temple the Spanish Inquisition the German Holocaust are well known The ways of thought underlying these tragedies can be found at the very foundation of Western history *The*

Melancholy Science Gillian Rose, 2014-01-28 The *Melancholy Science* is the first and foundational work from the celebrated philosopher Gillian Rose and a classic critique of critical theory

The Crisis of Reason John Wyon Burrow, 2000-01-01 Burrow examines the impact of science and social thought on European intellectual life prior to World War I He considers ideas in physics social evolution and social Darwinism and anxieties about modernity and personal identity

Reformers, Critics, and the Paths of German Modernity Kevin Repp, 2000 Modernity was an inescapable fact of life for the first generation to come of age in the German Empire Even the most extreme political opponents saw the chaotic transformation of all spheres of life in the wake of industrial capitalism as the central problem facing young men and women at the fin de siècle This fresh look at Wilhelmine perceptions of modernity challenges both the traditional emphasis on anti modernism as a peculiarly German response that led to the rise of National Socialism and the more recent post Foucauldian studies on the pathologies of modernity which point instead to an unreflective faith in science and efficiency on the part of German progressives Shifting the focus away from radical extremes on either side Kevin Repp explores the more moderate agendas of hundreds of mainstream intellectuals and activists from diverse social backgrounds who sought to surmount the human costs of industrialization without relinquishing its positive potential Repp combines detailed case studies of Adolf Damaschke Gertrud B umer and Werner Sombart with an innovative prosopography of their milieu to show how leading reformers enlisted familiar tropes of popular nationalism eugenics and cultural pessimism in formulating pragmatic solutions that would be at once modern and humane Easily obscured by radical voices on right and left this quiet search for alternatives nevertheless succeeded in building a nationwide network of educational centers associative ties and institutions that substantially altered the landscape of Wilhelmine political culture in the decades before the First World War

Charismatic Leadership and Social Movements Jan Willem Stutje, 2012-08-01 Much of the writing on charisma focuses on specific traits associated with exceptional leaders a practice that has broadened the concept of charisma to such an extent that it loses its distinctiveness and therefore its utility More particularly the concept s relevance to the study of social movements has not moved beyond generalizations The contributors to this volume renew the debate on charismatic leadership from a historical perspective and seek to illuminate the concept s relevance to the study of social movements The case studies here include such leaders as Mahatma Gandhi the architect of apartheid Daniel F Malan the heroine of the Spanish Civil War Dolores Ibarruri la pasionaria and Mao Zedong These charismatic leaders were not just professional politicians or administrators but sustained a strong symbiotic relationship with their followers one that stimulated devotion to the leader and created a real group identity

Age of Entanglement Kris Manjapra, 2014-01-06 *Age of Entanglement* explores the patterns of connection linking German and Indian intellectuals from the nineteenth century to the years after the Second World War Kris Manjapra traces the intersecting ideas and careers of philologists physicists poets economists and others who shared ideas formed networks and studied one another s worlds Moving beyond well rehearsed critiques of

colonialism this study recasts modern intellectual history in terms of the knotted intellectual itineraries of seeming strangers Collaborations in the sciences arts and humanities produced extraordinary meetings of German and Indian minds Meghnad Saha met Albert Einstein Stella Kramrisch brought the Bauhaus to Calcutta and Girindrasekhar Bose began a correspondence with Sigmund Freud Rabindranath Tagore traveled to Germany to recruit scholars for a new university and Himanshu Rai worked with Franz Osten to establish movie studios in Bombay These interactions Manjapra argues evinced shared responses to the hegemony of the British empire Germans and Indians hoped to find in one another the tools needed to disrupt an Anglocentric world order As Manjapra demonstrates transnational encounters are not inherently progressive From Orientalism to Aryanism to scientism German Indian entanglements were neither necessarily liberal nor conventionally cosmopolitan often characterized as much by manipulation as by genuine cooperation

The Ideological Origins of Nazi Imperialism Woodruff D. Smith, 1986 The author argues that the imperialist ideology and policies adopted by the Nazis must be seen as the result of a complex evolution of imperialist thinking in Germany which had its roots in the nineteenth century

The Werkbund Frederic J. Schwartz, 1996-01-01 During the period before World War I the German Werkbund tried to forge new theories of architecture and design in the light of the technological and economic developments of modernity This work explores the ideology and aesthetic positions in the debates among those who comprised the Werkbund

Reviewing **Sociology Estrangement Three Sociologists Of Imperial Germany**: Unlocking the Spellbinding Force of Linguistics

Sociology Estrangement Three Sociologists Of Imperial Germany Introduction

Sociology Estrangement Three Sociologists Of Imperial Germany Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Sociology Estrangement Three Sociologists Of Imperial Germany Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Sociology Estrangement Three Sociologists Of Imperial Germany : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Sociology Estrangement Three Sociologists Of Imperial Germany : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Sociology Estrangement Three Sociologists Of Imperial Germany Offers a diverse range of free eBooks across various genres. Sociology Estrangement Three Sociologists Of Imperial Germany Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Sociology Estrangement Three Sociologists Of Imperial Germany Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Sociology Estrangement Three Sociologists Of Imperial Germany, especially related to Sociology Estrangement Three Sociologists Of Imperial Germany, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Sociology Estrangement Three Sociologists Of Imperial Germany, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Sociology Estrangement Three Sociologists Of Imperial Germany books or magazines might include. Look for these in online stores or libraries. Remember that while Sociology Estrangement Three Sociologists Of Imperial Germany, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Sociology Estrangement Three Sociologists Of Imperial Germany eBooks for free, including popular titles. Online

Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Sociology Estrangement Three Sociologists Of Imperial Germany full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Sociology Estrangement Three Sociologists Of Imperial Germany eBooks, including some popular titles.

FAQs About Sociology Estrangement Three Sociologists Of Imperial Germany Books

What is a Sociology Estrangement Three Sociologists Of Imperial Germany PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Sociology Estrangement Three Sociologists Of Imperial Germany PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Sociology Estrangement Three Sociologists Of Imperial Germany PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Sociology Estrangement Three Sociologists Of Imperial Germany PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Sociology Estrangement Three Sociologists Of Imperial Germany PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or

various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
