Spazio E Spazialita Poetica Nella Poesia Italiana Del Novecento:

Spazio e spazialità poetica nella poesia italiana del Novecento Mario Moroni, 2005 Nell'esperienza quotidiana il termine spazio indica livelli diversi di referenza dallo spazio astrale allo spazio abitativo ma la consapevolezza dell'esistenza dello spazio nasce dalla percezione sensoriale dell'alterità e determina le nostre modalità di comprensione e classificazione di oggetti persone e avvenimenti Spazialità è un modo di organizzarsi definirsi e definire che non può prescindere da valenze storiche filosofiche religiose socio culturali e così via La spazialità ingloba lo spazio della Storia e quello del Linguaggio racchiudendo in sé i sistemi di segni e di simboli che parlano del mondo La poesia vive in questa spazialità che non è una dimensione fisica ma una struttura emotiva di cui i versi sono l'espressione Il libro raccoglie una serie di saggi che analizzano il concetto di spazio e spazialità nella poesia italiana del Novecento con contributi di Laura Incalcaterra McLoughlin Erminia Passannanti Thomas Peterson Fabrizio Podda Mario Moroni Marco Sonzogni Mirella Scriboni Mapping Leopardi Emanuela Cervato, Mark Epstein, Giulia Santi, 2019-02-25 Are you curious about the private laboratory of Giacomo Leopardi Italy's greatest modern lyrical poet Interested in using expert maps to explore it while deepening your acquaintance with one of the most creative materialist thinkers This collection of essays makes very original use of the new translation of Leopardi's *Zibaldone* di pensieri and investigates its connections to all his other works Whether your primary interest lies in Italian literature and criticism linguistics and poetics the origins of genres such as the fantastic or in philosophical queries regarding materialism and hedonism this collection offers original research that will challenge the reader to view this outstanding intellectual in a new light Offering some of the earliest reflections against anthropocentrism championing the artist's interest in the natural sciences and questioning humanity's purpose in this world Leopardi's work is presented in this volume as an indispensable tool to understand the complexity of Italy's cultural transformations between the 18th and the 19th centuries **Twentieth-Century Poetic Translation** Daniela Caselli, Daniela La Penna, 2008-07-01 *Twentieth Century Poetic Translation* analyses translations of Italian and English poetry and their roles in shaping national identities by merging historical cultural and theoretical perspectives Focusing on specific case studies within the Italian English and North American literary communities spanning from authoritative translations of poets by poets to the role of dialect poetry and anthologies of poetry the book looks at the role of translation in the development of poetic languages and in the construction of poetic canons It brings together leading scholars in the history of the Italian language literary historians and translators specialists in theory of translation and history of publishing to explore the cultural dynamics between poetic traditions in Italian and English in the twentieth century Figlie del sé Marzia D'Amico, 2023-10-06T00:00:00+02:00 Il libro presenta i termini letterari entro i quali possibile identificare Amelia Rosselli 1930 1996 e Patrizia Vicinelli 1943 1991 come primi esempi di scrittura epica moderna in lingua italiana prodotta da donne Questa ricerca contribuisce alla discussione letteraria in prospettiva di genere intorno al Novecento italiano Tramite il focus sulle autrici citate si rileva come

le similitudini risiedano innanzitutto nella ricerca e nell'attuazione di una poetica situata. L'originalità dei contributi di Rosselli e Vicinelli si manifesta attraverso la sperimentazione della forma lunga poemetto e della rivoluzionaria costruzione di un soggetto poetico eroico femminile. Il volume sviluppa argomentazioni filosofiche e meccanismi letterari che dimostrano l'intenzione di revisione e ricostituzione del genere letterario al servizio dell'identità di genere formulando nuove teorie e pratiche di lettura che facciano da ponte tra gender e genere.

Carta poetica del Sud Simone Giorgino, 2022-07-01

Nel Discorso sulla poesia 1953 Salvatore Quasimodo scriveva: Faremo un giorno una carta poetica del Sud e non importa se toccher la Magna Grecia ancora il suo cielo sopra le immagini imperturbabili d'innocenza e di sensi accecanti. L' forse sta nascendo la permanenza della poesia. Lavorando sulle relazioni che intercorrono fra letteratura e geografia e ciò su un'idea di spazio geografico inteso come veicolo di interpretazione testuale e insieme su un'idea di spazio letterario inteso come strumento per comprendere l'identità plurale di un territorio, questo libro prende spunto proprio dall'intuizione di Quasimodo per proporre una mappatura e un approfondimento delle più significative esperienze poetiche contemporanee che si sono sviluppate nell'Italia meridionale, cioè in un'area tradizionalmente trascurata dal dibattito critico più influente, con l'obiettivo di isolare attraverso l'analisi di alcuni testi esemplari le caratteristiche essenziali di un immaginario legato al luogo.

Strumenti critici, 2009 *Il senso della scena* Fabrizio Podda, 2008 **L'ospite ingrato**, 2005 **Humanisms, Posthumanisms, & Neohumanisms** Massimo Lollini, 2008 *AdI*, 1983

Spazio E Spazialita Poetica Nella Poesia Italiana Del Novecento Book Review: Unveiling the Power of Words
