The Emotional Lives of Teenagers Almost everything about puberty has changed since today's adults went through it. It starts on average two years earlier and stretches through high school and for some beyond. Gen Z and Alpha are also contending with a whole host of thorny issues that parents didn't experience in their own youth but nonetheless need to understand everything from social media and easy access pornography to gender identities and new or newly potent drugs. Talking about any of this is like puberty itself: awkward. But it's also critical for the health, happiness, and safety of today's kids. Bewildered adults have begged for reliable and relatable information about the modern adolescent experience. This Is So Awkward answers their call. Written by a pediatrician and a puberty educator together the hosts of a lively and popular podcast on puberty and moms to six teens between them this is the handbook everyone has been searching for and includes pointed advice about how to talk to kids about almost anything: acne, body odor, growth spurts, eating disorders, mood swings, sexuality, and more. Science-based explanations for all of puberty's physical, emotional, and social changes including the many ways hormones affect kids both above and below the neck. What adults need to know about today's teen culture, their mental health drivers, the ungendering of body image issues, the ways they think about sexual orientation, and more. Invaluable commentary straight from young adults just out the other side of adolescence that highlights what they wish the adults in their lives had known or done differently. Eye-opening and reassuring. This Is So Awkward will help adults understand the turbulent pubescent decade and become confident guides for today's kids.

Six Ways to Keep the "Little" in Your Girl
Dannah Gresh, 2010-09-01 Bestselling author, speaker, and founder of the Secret Keeper Girl conferences, Dannah Gresh shares with moms the secret to helping today's girls grow up confident, grace-filled, and strong in their faith. Studies show that the foundation for an emotionally healthy teen girl is built between the ages of 8-12, and that a good relationship with mom is one of the most important factors. So when the world wants girls to grow up too fast, how does a mother help her young daughter navigate the stormy waters of boy-craziness, modesty, and body image, media, Internet safety, and more? With a warm, transparent style, Dannah Gresh shares six ways a mom can help protect and guide her daughter, including help her celebrate her body in a healthy way, unbrand her when the world tries to buy and sell her, unplug her from a plugged-in world, dream with her about her prince, and more. This wonderful resource also provides moms a Connection IQ Inventory to test their mom-daughter relationship, creative and fun activities to do together, and Scriptures for the mom to pray for her daughter.
