Protecting Canadian Democracy Canadian Centre for Management Development, 2003 In recent years Canada's Senate Parliament's chamber of sober second thought has often been the subject of controversy and calls for reform Protecting Canadian Democracy examines the history role and evolution of the Senate places it in the context of other federal systems and contrasts its role with that of provincial governments Contributors analyse the Senate's use of its legislative powers comparing it with the House of Commons and assess the Senate's contribution to public policy development and review showing how the upper chamber functions as a forum within Parliament for the representation of Canada's diverse regional linguistic cultural and socio-economic interests contending that the Senate should be improved by means that do not require formal amendments to the Constitution The authors identify possibilities for reform the institution within the current constitutional framework addressing the Senate's veto power its appointment process and its legislative independence A valuable appendix of charts and statistics on the composition and operation of the Senate is also provided

Between Education and Catastrophe George Buri, 2016-12-01 A detailed account of the educational debate that raged between progressives and traditionalists in postwar Manitoba

The Canadian Senate in Bicameral Perspective David E. Smith, 2017-06-22 The Canadian Senate in Bicameral Perspective is the first scholarly study of the Senate in over a quarter century and the first analysis of the upper house as one chamber of a bicameral legislature David E. Smith's aim in this work is to demonstrate the interrelationship of the two chambers and the constraints this relationship poses for Senate reform He analyses past literature on the Senate and current proposals for reform such as a Triple E Senate and compares Canada's upper chamber with those of Australia the United States Germany and the United Kingdom noting a revival of interest in Canada and abroad in upper chambers and bicameralism Drawing on parliamentary debates and committee reports as well as a range of broad secondary sources The Canadian Senate in Bicameral Perspective examines the Canadian Senate within the international context shedding light on its role as a political institution and arguing for a renewed investigation into its future

Harm's Way Anthony W. Rasporich, Maxwell Foran, 2004 The stories told in this collection though tragic for many illustrate the steadfast determination and courage of people in the face of misfortune and extreme distress From the lesser known weed outbreaks and tornadoes to the world-wide influenza outbreak in 1918 that devastated many Calgary families these stories focus on the human side of these disasters It may be a heroic individual or the collective response of a community but what is truly remarkable in these stories is the human response to the world being turned upside down by famine and disease by flood fire or rock slide by wind and cold by dynamite or gas explosions or even by the seemingly mundane threat of weeds upon crops It is the resolution to continue to fight and the persistence of the human spirit and its adaptability to challenges that is the true story of a century of development in western Canada

Smith,2023-04-13T00:00:00Z Until 1969 the City of Winnipeg had undertaken only two public housing projects even though the failure of the market to provide adequate housing for low income Winnipeggers had been apparent since the beginning of the century By 1919 providing housing was a significant issue in municipal politics that was embraced by civic officials professionals reformers labour leaders and social democratic politicians It also became a proxy issue for refighting the 1919 General Strike at city hall However Winnipeg s business community proved effective opponents of public housing The struggle for public housing was also a struggle for democracy Up until the 1960s public housing required approval by a referendum in which only the city s property owners could vote This rule deprived close to half the city s voters and virtually everyone who might qualify to live in public housing of the right to vote Over decades that barrier to democracy was whittled away An NDP provincial government elected in 1969 added 11 144 units of public housing to the existing 568 units Today public housing is once more under attack Rather being treated as valued public assets they are considered embarrassing encumbrances that should be sold as part of a process of turning public housing over to the private sector The struggle to protect and expand the provision of non profit housing is undermined by the rupture in political memory of the long struggle to build public housing and the current political situation
