Committee on Oversight and Government Reform. Subcommittee on Government Operations, 2017 **ZAP** Gerard Casey, 2019-11-18 We re all in favour of free speech except when we re not Often it s a case of free speech for me but not for thee The regulation of speech is a matter that is typically dealt with arbitrarily without there being any obvious principled basis for the decisions that are made Is hate speech so called a form of free speech What of blasphemy in either its ancient or contemporary forms Should certain forms of speech be mandatory As with free speech we re all in favour of tolerance except when we re not Tolerance is increasingly coming to seem well intolerable and new and improved forms of intolerance are everywhere on the rise not least as embodied in the currently fashionable doctrines of diversity inclusion and equality In ZAP Gerard Casey presents a critical and unified approach to both free speech and tolerance based on the Zero Aggression Principle keeping the critical discussion topical and grounded by reference to current events *Reflective Democracy* Robert E. Goodin, 2003-02-13 Political disputes invariably mix facts with values making it important to listen to what people are saying rather than merely note how they are voting The great challenge is how to implement that deliberative ideal among millions of people at once This book proposes a solution to this problem Free Speech Defenders Cassia Vaughn, AI, 2025-04-03 Free Speech Defenders explores the compelling stories of individuals who championed free expression often at great personal and professional risk From historical battles against censorship to modern day debates about online speech and misinformation these legal defenders have shaped our understanding of civil rights and speech rights The book highlights legal battles and key court decisions revealing how activists challenging McCarthyism and lawyers defending civil rights protesters played pivotal roles The book progresses by first introducing the historical context of free speech struggles and the figures who laid the groundwork then moves into detailed case studies and finally analyzes current challenges like online censorship One intriguing insight is how the Sedition Act of 1798 set a precedent for challenging the boundaries of permissible expression By focusing on the biographies of these advocates Free Speech Defenders offers a unique and accessible perspective on the evolution of free speech jurisprudence making it a valuable resource for anyone interested in politics and the ongoing fight for free expression *Shit, Actually* Conrad Riker, 101-01-01 Tired of political correctness and emasculating ideology pushed down your throat Want to reclaim your masculinity and start living by the values that once made men great Then this book is for you In Shit Actually Conrad Riker offers a provocative guidebook for men who refuse to be victims of a society that seeks to destroy masculinity Join him as he explores the secrets to enduring
