Specialist British Sports/Racing Cars of the Fifties and Sixties Anthony Pritchard, **Specialist British Sports/racing Cars of the Fifties & Sixties** Anthony Pritchard, 1986 The Chequered Past David Anderson Charters, 2007-01-01 In the forty year period between 1951 and 1991 Canadian sports car competition underwent a massive change transforming itself from an amateur recreational pastime to a commercialized profession and from an individual sport to a spectacle for mass consumption The Chequered Past is the story of the struggle over power and purpose within the Canadian auto sport that led to this transformation The first comprehensive history of sports car racing and rallying in Canada The Chequered Past traces the efforts of the national governing body the Canadian Auto Sport Clubs CASC to bring its sports car competition up to a world class level and to manage the consequences of those efforts in the second half of the twentieth century David Charters traces the social origins of the sport and the major trends that shaped it professionalism technological change rising costs and the influence of commercial sponsors Charters argues that while early enthusiasts set the sport on a course toward professionalism that would eventually produce world class Canadian events and racers that course would also ultimately change the purpose of the sport from personal recreation to mass entertainment As technological innovations drove up the costs of competing at the top ranks racers were forced to rely on sponsors who commercialized and ultimately gained control of the sport The end result Charters argues was the marginalization of the amateur competitor and of the CASC itself Based on extensive research into the CASC s records and dozens of interviews with former competitors and officials The Chequered Past opens a window into the rich but virtually unknown history of the auto sport and claims for it a place in Canadian sports history **British Sports Cars of the 1950s and '60s** James Taylor, 2014-05-10 E type Jaguar Triumph Spitfire MGA Austin Healey nobody built sports cars like British manufacturers in the 1950s and 60s There was something very special about the combination of low slung open two seater bodywork and spartan interior a slick sporting gearchange and a throaty exhaust note This was wind in the hair motoring and it was affordable by the average young man at least until he got married and had a family MG and Triumph stood out as the market leaders but many other c companies thrived from luxury manufacturers like Jaguar and even daimler to other more affordable marques This colourfully illustrated history tells the exciting story of the British sports car in the 1950s and 60s Cars & Parts , 2003-07 Classic Jaguar XK Brian Laban, 2016-08-31 There have been other generations of Jaguar XK since but the definitive incarnation is the family of 6 cylinder sports cars that stretch from the late 1940s to the mid 1970s from XK120 to the E Type On road on track and on rally stage they built the foundations of Jaguar s sporty image and giant killing reputation not to mention its commercial roots especially in America By any definition the 6 cylinder XKs are at the heart of everything that Jaguar grew into This is the complete story of the whole 6 cylinder XK generation the circumstances the people and the events that created it and made it a sports car legend and guaranteed that forever after in Jaguar s
