The Routledge Companion to Mergers and Acquisitions Annette Risberg, David R. King, Olimpia Meglio, 2015-06-19 Mergers and acquisitions MAs are events that attract considerable interest from academics and practitioners and much research has been conducted into their impact on individuals organizations and societies Yet despite all the existing research and the varied theoretical and methodological approaches employed there remains more to learn about MAs The Routledge Companion to Mergers and Acquisitions takes a detailed look at this multifaceted subject using a novel framework of four domains substantive issues contextual issues methodological issues and conceptual issues Drawing on the expertise of its international team of contributors the volume surveys the state of the field including emerging and cutting edge areas such as social network analysis and corporate branding This Companion will be a rich resource for students researchers and

practitioners involved in the study of MAs and organizational and strategic studies more widely

Capital Claims: Power and Global Finance Benjamin Braun, Kai Koddenbrock, 2022-12-23 Capital Claims Power and Global Finance analyses how global financialized capitalism operates and reproduces itself exploring the remarkable ability of the financial sector to maintain its dominance through even the most severe economic crises The book defines international financialization as a process by which the number and value the tradability and the enforceability of cross border financial claims increase and are successfully defended against competing social or political agendas By focusing on financial claims the volume develops a conceptual toolkit for the study of the political economy of global finance and the inequalities it sustains The book brings together leading researchers whose work is geared towards opening the black box of cross border finance The authors suggest shifting the analytical focus from capital flows to capital claims credit debt relations between identifiable actors embedded in social and political institutions and infused with power and hierarchy They show how financial actors wield leverage power infrastructural power and enforcement power both vis vis other private actors and vis vis the state This book will be of great interest to students teachers and researchers of international political economy critical political economy and international relations as well as those in the fields of finance capitalism studies activism policymaking and advocacy An Online Appendix for Chapter 11 is available at www.routledge.com/9781032111193

NASCAR, Sturgis, and the New Economy of Spectacle Daniel Krier, William J. Swart, 2016-09-27 NASCAR Sturgis and the New Economy of Spectacle maps the structure of economies of spectacle in stock car racing and large displacement motorcycle rallying The book traces the historical development of economic spectacles and models the structural components and moving parts that sustain them Economies of spectatorship emerge when activities and legends in the cultural commons are privatized or enclosed as immaterial property Once privatized a spectacular diegesis supports a triple circuit of profit spectatorship markets payments to see sponsorship markets payments to be seen and trophy markets payments to be seen enjoying Vivid illustrations of legendary action in NASCAR and carnivalesque displays at Sturgis reveal how spectator events function as intensive sites of profit making in contemporary capitalism

Capitalism's Future, 2016-05-30 Capitalism's Future Alienation Emancipation and Critique frames 21st century economic and social possibilities in a dialogue between two forms of critical social theory Marx's critique of political economy that analyzes capitalism and the critique of political psychology that analyzes authoritarianism Contributions from social theorists in sociology philosophy and cultural studies are brought together to dissect and critique capitalist crises left liberalism left Thatcherism resistance to risk pooling idealist philosophy undemocratic social character status wages and authoritarian spectacles Throughout Marx's centrality to critical social theory is confirmed both alone and in in powerful combination with Adorno Durkheim Dubois Lacan Veblen Weber and others This book outlines conjoined critiques of commodity fetishism and authority fetishism as the emancipatory agenda of 21st century critical theory Contributors are Kevin S Amidon Graham Cassano Tony A Feldmann Daniel Krier Christian Lotz

Patrick Murray David Norman Smith Tony Smith William J Swart and Mark P Worrell *The Social Ontology of Capitalism*
Daniel Krier, Mark P. Worrell, 2016-11-25 This book addresses core questions about the nature and structure of contemporary capitalism and the social dynamics and countervailing forces that shape modern life From a robust and self consciously sociological framework it analyzes and interrogates such issues as the nature of the social the power of the sacred the nature of authority the problem of representation reification alienation utopia and collective resistance Historical materialism reveals that the scope of productive functions is broader than the crude realism of economism Marx s critical theory of the commodity and his analysis of the capitalist regime of accumulation remain as vital as ever and serve as a guiding light for the continued exploration of the philosophical underpinnings of critical inquiry and praxis *Globalization, Critique and Social Theory* Harry F. Dahms, 2015-11-16 In recent years under the impression and the burden of globalization and neoliberalism debates about the relationship between the theory and practice of progress including the theory and practice of social critique have gone through an unexpected and momentous revival renewal and rejuvenation
