SPENSER'S FORMS OF HISTORY

Bart van Es

Spensers Forms Of History Elizabethan Poetry And The State Of Present Time

Andrew Zurcher

Spensers Forms Of History Elizabethan Poetry And The State Of Present Time:

Spenser's Forms of History Bart Van Es,2002 Bart van Es presents a study of the ways in which Edmund Spenser utilized a number of forms of history chronicle antiquarian discourse secular typology political prophecy and others in both his poetry and his prose and assesses their collective impact on Elizabethan poetry **Edmund Spenser's 'The Faerie Queene'** Andrew Zurcher,2011-05-16 Introduces a Renaissance masterpiece to a modern audience **Imagining Early Modern Histories** Elizabeth Ketner,Allison Kavey,2016-07-15 Interpreting textual mediations of history in early modernity this volume adds nuance to our understanding of the contributions fiction and fictionalizing make to the shape and texture of versions of and debates about history during that period Geographically the scope of the essays extends beyond Europe and England to include Asia and Africa Contributors take a number of different approaches to understand the relationship between history fiction and broader themes in early modern culture They analyze the ways fiction writers use historical sources fictional texts translate ideas about the past into a vernacular accessible to broad audiences fictional depictions and interpretations shape historical action and the ways in which nonfictional texts and accounts were given fictional histories of their own intentionally or not through transmission and interpretation By combining the already contested idea of fiction with performance action and ideas ideology this collection provides a more thorough consideration of fictional histories in the early modern period It also covers more than two centuries of primary material providing a longer perspective on the changing and complex role of history in forming early modern national gendered and cultural identities *Spenser's Forms of History* Bart Van Es,2002 In Spenser s Forms of History Bart van Es describes six modes through which Early Modern England addressed the past chronicle chorography antiquarian discourse euhemerism typology and prophecy By setting this material alongside the works of Edmund Spenser the book explores allusive strategies ranging in effect from eulogy to polemic Key Spenserian texts including *The Faerie Queene* *The Sheperdes Calendar* and *A View of the Present State of Ireland* are read against Elizabethan cultural documents extending from popular print to restricted manuscripts Over the course of six chapters each focusing on a single form the book shows Spenser to have been an exceptional historical thinker Drawing on recent studies of nationhood the study not only offers a new picture of the English Poet Historical but also makes an innovative contribution to current debates concerning the relationship between literature and history **Custom, Common Law, and the Constitution of English Renaissance Literature** Stephanie Elsky,2020-09-17 Custom Common Law and the Constitution of English Renaissance Literature argues that ironically custom was a supremely generative literary force for a range of Renaissance writers Custom took on so much power because of its virtual synonymy with English common law the increasingly dominant legal system that was also foundational to England s constitutionalist politics The strange temporality assigned to legal custom that is its purported existence since time immemorial furnished it with a unique and paradoxical capacity to make new and foreign forms familiar This volume shows that during a time when novelty

was suspect even insurrectionary appeals to the widespread understanding of custom as a legal concept justified a startling array of fictive experiments This is the first book to reveal fully the relationship between Renaissance literature and legal custom It shows how writers were able to reimagine moments of historical and cultural rupture as continuity by appealing to the powerful belief that English legal custom persisted in the face of conquests by foreign powers Custom Common Law and the Constitution of English Renaissance Literature thus challenges scholarly narratives in which Renaissance art breaks with a past it looks back upon longingly and instead argues that the period viewed its literature as imbued with the aura of the past In this way through experiments in rhetoric and form literature unfolds the processes whereby custom gains its formidable and flexible political power Custom a key concept of legal and constitutionalist thought shaped sixteenth century literature while this literature in turn transformed custom into an evocative mythopoetic

Forthcoming Books Rose Arny,2003 Time and the Calendar in Edmund Spenser's Poetical Works Emilien Mohsen,2005 *Architectonics of Imitation in Spenser, Daniel, and Drayton* David Ian Galbraith,2000-01-01 Exploring the boundaries between poetry and history on three of England's epic literary works Galbraith argues that they enter into a dialogue with classical and contemporary predecessors with implications for understanding the English Renaissance The Oxford History of Poetry in English Catherine Bates,Patrick Cheney,2022 A history of the birth moment of modern English poetry from Skelton to Spenser that studies a range of poets from Wyatt Surrey and Isabella Whitney to Raleigh Drayton and Mary Herbert

Edmund Spenser, a Reception History David Hill Radcliffe,1996 This book considers four centuries of Spenser criticism locating critics in ongoing discussions of Spenser's poetry and the cultural contexts of their time
