

The Invisible Way A Time To Love A Time To Die

Marco Cascella

The Invisible Way A Time To Love A Time To Die:

The Invisible Way Reshad Feild, 1993-08 In this sequel to *The Last Barrier* a Sufi Journey the author takes readers from a dramatic encounter with shamans in Mexico to the peace of the Welsh countryside It tells of Feild's search for truth and aims to provide insights into the mystery of the unfolding matrix of life the womb of the moment and the many aspects of the archetypal feminine It is also a love story about the need to know that we are loved and about love that faces death **Here**

to Heal Reshad Feild, 1985 Reshad brings healing techniques that apply to our own lives into a framework which is applicable to everyone and is easy to understand *The Book of Enlightened Masters* Andrew Rawlinson, 1997 This is the definitive and complete book about a phenomenon which did not exist a hundred years ago but is now growing rapidly and dramatically changing Western culture the rise of Western mostly American teachers who fill the role of guru or master A few books have appeared on some narrow aspects of this astounding phenomenon this is the first book to survey the entire field Encyclopedic in its scope *The Book of Enlightened Masters* includes biographical essays on 140 spiritual teachers giving their life stories and an account of their teachings Yet it is also a user friendly introduction with a survey of the teachers and their teachings a historical narrative of how and when the movement developed and an evaluation of the issues raised by it A century ago there were no Western masters no Westerners who were for instance Hindu swamis Zen roshis or Sufi sheikhs Now there are many such teachers with millions of followers Starting from scratch the West has produced its own spiritual teachers in traditions that until recently were utterly alien And in the last quarter century a number of independent teachers have appeared who belong to no single identifiable tradition The Western masters have not merely transplanted the Eastern spiritual traditions to the West they have transformed these traditions by their distinctively Western approach innovative entrepreneurial and combining elements from previously unconnected Eastern traditions The new teachers are changing Western culture by making available a view of the human condition which is new in the West but very attractive to large and growing numbers of Westerners an approach Dr Rawlinson calls spiritual psychology Spiritual psychology holds that human beings are best understood in terms of consciousness and its modifications that consciousness can be changed by spiritual practice and that there are enlightened masters who have done this and can teach others **The New Beacon**, 1989
