Sky Over El Nido C. M. Mayo, 1999-04-01 Mother rescued the three zebras that escaped from the London zoo so begins the first story in this whirlwind collection by C M Mayo Though Mayo s characters ricochet around the globe in search of diversion money enlightenment cachet and escape she sets many of the stories in Sky Over El Nido in Mexico This is not the gringo s Mexico of margaritas mariachis and inscrutable house servants but a fin de si cle world where a Mexican boy who guards tourists cars for small change wears a T shirt that says Six Flags Over Georgia Mayo s strangely beautiful yet disturbing stories reveal characters who envision the solutions to their lives in a world where nothing is stable nothing can be nailed down and we are all suddenly dizzyingly faced with sharing the same pitiless sky **Short Story Index** ,1999

Hurricanes and Carnivals Lee Gutkind, 2007 In Mexico writes Ilan Stavans in the introduction to this provocative new collection on Mexican culture and politics the essay is embraced as passionately as a sport While the American essay may be personal and confessional or erudite and academic it is presumed to be truthful By contrast the Mexican essay pushes the boundaries between fact and fiction as writers seek to make their opinions heard in literary journals in newspapers and even on cereal boxes What is real and what isn t in a Mexican essay only God knows concludes Stavans In Hurricanes and Carnivals Lee Gutkind a pioneer in the teaching of creative nonfiction brings together fifteen essays by Mexican Mexican American and Latin American writers that push the boundaries of style and form showing that navigating truth is anything but clear cut Although creative nonfiction is widely thought to be an American art form this collection proves otherwise By blending fact and fiction story and fantasy history and mythology these writers and others push the bounds of the essay to present a vision of Mexico rarely seen from this side of the border Addressing topics that include immigration politics ecology violence family and sexuality they take literary license on a whirlwind adventure C M Mayo shows us Mexico City as seen through the eyes of her pug Picadou Juan Villoro examines modern Mexico through the lens of demography Homero Aridjis uses the plight of nesting sea turtles to document a slowly changing Mexican attitude toward natural resources and Sam Quinones documents the decline of beauty queen addiction in Mazatl n and tells us about the flower festivals where according to lore only two things matter hurricanes and carnivals For readers interested in a literary view of contemporary Mexico as well as students of the creative nonfiction genre this volume is essential *The Green Tiger* Barbara Goldoftas, 2006 The Philippines was once famous for the beauty of its reef ringed islands white beaches and lush forests In less than a half century its forests were felled its oceans over fished and its coral reefs destroyed The rapid harvest of once abundant resources has brought droughts deadly flash floods and the collapse of vital fisheries As the rural economy weakened and millions migrated to cities they overwhelmed the urban infrastructure Today the Philippines stands as an example of the profound and sweeping consequences of ecological decline In *The Green Tiger* Barbara Goldoftas documents this tragic trajectory But hers is not a story of hopelessness and inevitable defeat In lyrical unflinching prose she traces the

struggle for conservation in the Philippines from isolated villages to large cities and in the process illustrates the surprising ways in which conservation and economic growth can effectively co exist Spinning Away from the Center Ethan Laughman,2019-09-01 These stories offer layered perceptive takes on what home means to us The people we meet in these stories are often traveling to and from home thinking about where they have come from where they are headed and how that journey will impact their futures Although the stories approach homecoming and homesickness through varied moods and styles they all come around to confronting a shared need a place to call home *The Virginia Quarterly Review* ,1996

Mayo, 2010-05-01 The Last Prince of the Mexican Empire is a sweeping historical novel of Mexico during the short tragic at times surreal reign of Emperor Maximilian and his court Even as the American Civil War raged north of the border a clique of Mexican conservative exiles and clergy convinced Louis Napoleon to invade Mexico and install the Archduke of Austria Maximilian von Habsburg as Emperor A year later the childless Maximilian took custody of the two year old half American Prince Agustín de Iturbide y Green making the toddler the Heir Presumptive Maximilian's reluctance to return the child to his distraught parents even as his empire began to fall and the Empress Carlota descended into madness ignited an international scandal This lush grand read is based on the true story and illuminates both the cultural roots of Mexico and the political development of the Americas But it is made all the more captivating by the depth of Mayo's writing and her understanding of the pressures and influences on these all too human players *Love, in Theory* E.
