Plasticity in Motion Robert M. Foschia, 2022-09-23 Plasticity in Motion Sport Gender and Biopolitics argues that sport has a transformative power that when engaged with habitually can create bodies with the athletic ability to succeed at the incredible performances that captivate modern sports audiences Robert M Foschia draws heavily from the influential and extensive work of Catherine Malabou on plasticity the ability to shape and form and similarly argues that transformation is not always positive or infinite with the potential for accidents injuries and excommunications However sport as a discursive space often precludes any mention of these negative transformations asserting itself as pure potential and becoming often to the exclusion of the feminine What occurs if the feminine enters into this space Foschia intentionally integrates the feminine back into hypermasculine discussions of sport opening a new realm of possible transformations to the ways we play watch and think about sports Scholars of communication media studies gender studies rhetoric and sports will find this book particularly useful

Globe , 2000 Break Point Sheri Brenden, 2022-12-27 How two teenage girls in Minnesota jump started a revolution in high school athletics Peggy Brenden a senior played tennis Toni St Pierre a junior was a cross country runner and skier All these two talented teenagers wanted was a chance to compete on their high school sports teams But in Minnesota in 1972 the only way on the field with the boys ran through a federal court so that was where

the girls went Break Point tells the story for the first time of how two teenagers took on the unequal system of high school athletics setting a legal precedent for schools nationwide before the passage of Title IX As Peggy s younger sister author Sheri Brenden is uniquely positioned to convey the human drama of the case the stakes and the consequences for two young women facing the legal machinery of the state in court and in school In an account that begins with Peggy painstakingly typing her appeal to the Minnesota Civil Liberties Union and concludes with a long view of what Brenden v Independent School District 742 set in motion Sheri Brenden summons the salient details of this landmark case as it makes its way through the courts Peggy and Toni coaches administrators and experts testify before Judge Miles Lord whose decision upheld in a precedent setting appeal would change these girls lives and open up athletic opportunities for innumerable others Grounded in newspaper coverage court records and interviews Brenden s deeply researched scrupulously reported book is at heart the story of two talented teenage girls whose pluck and determination and often heartache led to a victory much greater than any high school championship

Equality Unfulfilled James N. Druckman, Elizabeth A. Sharrow, 2023-07-20 The year 1972 is often hailed as an inflection point in the evolution of women s rights Congress passed Title IX of the Education Amendments of 1972 a law that outlawed sex based discrimination in education Many Americans celebrate Title IX for having ushered in an era of expanded opportunity for women s athletics yet fifty years after its passage sex based inequalities in college athletics remain the reality Equality Unfulfilled explains why The book identifies institutional roadblocks including sex based segregation androcentric organizational cultures and overbearing market incentives that undermine efforts to achieve systemic change Drawing on surveys with student athletes athletic administrators college coaches members of the public and fans of college sports it highlights how institutions shape attitudes toward gender equity policy It offers novel lessons not only for those interested in college sports but for everyone seeking to understand the barriers that any marginalized group faces in their quest for equality

International Sport Richard William Cox, 2004 There has been an explosion in the quantity of sports history literature published in recent years making it increasingly difficult to keep abreast of developments The annual number of publications has increased from around 250 to 1 000 a year over the last decade This is due in part to the fact that during the late 1980s and 90s many clubs leagues and governing bodies of sport have celebrated their centenaries and produced histories to mark this occasion and commemorate their achievements It is also the result of the growing popularity and realisation of the importance of sport history research within academe This international bibliography of books articles conference proceedings and essays in the English language is a one stop for the sports historian to know what is new

Boxing, Narrative and Culture Sarah Crews, P. Solomon Lennox, 2023-10-16 Boxing Narrative and Culture Critical Perspectives is the first interdisciplinary response to the dominant boxing narratives that are produced performed and circulated in commercial boxing culture This collection includes global perspectives on boxing It highlights the diverse range of bodies and communities that engage with boxing practices but are oftentimes overlooked and

overwritten by popular narrative tropes and misconceptions of the sport These interdisciplinary and global perspectives engage with boxing's shared narrative resources offering new readings and insights on how and what boxing performs and for whom The contributors to this collection are academics artists amateur boxers and or coaches who provide a culture critique of boxing The work shows how boxing practices are performed and channelled by individuals and communities who access and utilise boxing culture as a means of physical enquiry political statement and community building These contributions challenge the notion that boxing is a sport reserved for masculine bodies adorned as heroes warriors or victims of the sport Exploring key themes in socio cultural studies including gender race community media and performance this book is fascinating reading for anybody with an interest in physical culture sport studies cultural studies gender studies cultural geography critical race theory labour studies performance studies or media studies

Nationalism

Eric Storm, 2024-10-29 A global perspective on the nature and evolution of nationalism from the early modern era to the present The current rise of nationalism across the globe is a reminder that we are not after all living in a borderless world of virtual connectivity In *Nationalism* historian Eric Storm sheds light on contemporary nationalist movements by exploring the global evolution of nationalism beginning with the rise of the nation state in the eighteenth century through the revival of nationalist ideas in the present day Storm traces the emergence of the unitary nation state which brought citizenship rights to some while excluding a multitude of others and the pervasive spread of nationalist ideas through politics and culture Storm shows how nationalism influences the arts and humanities mapping its dissemination through newspapers television and social media Sports and tourism too have helped fashion a world of discrete nations each with its own character heroes and highlights Nationalism saturates the physical environment not only in the form of national museums and patriotic statues but also in efforts to preserve cultural heritage create national parks invent ethnic dishes and beverages promote traditional building practices and cultivate native plants Nationalism has even been used for selling cars furniture and fashion By tracing these tendencies across countries Storm shows that nationalism's watershed moments were global He argues that the rise of new nation states was largely determined by shifts in the international context that the relationships between nation states and their citizens largely developed according to global patterns and that worldwide intellectual trends influenced the nationalization of both culture and environment Over the centuries nationalism has transformed both geopolitics and the everyday life of ordinary people

Sport and the Color Line Patrick B. Miller,David K. Wiggins,2004-06-01 The year 2003 marks the one hundredth anniversary of W E B Du Bois Souls of Black Folk in which he declared that the color line would be the problem of the twentieth century Half a century later Jackie Robinson would display his remarkable athletic skills in baseball s great experiment Now Sport and the Color Line takes a look at the last century through the lens of sports and race drawing together articles by many of the leading figures in Sport Studies to address the African American experience and the history of race relations The history of African Americans in sport is not simple and it certainly did not begin in 1947 when Jackie

Robinson first donned a Brooklyn Dodgers uniform The essays presented here examine the complexity of black American sports culture from the organization of semi pro baseball and athletic programs at historically black colleges and universities to the careers of individual stars such as Jack Johnson and Joe Louis to the challenges faced by black women in sports What are today s black athletes doing in the aftermath of desegregation or with the legacy of Muhammad Ali s political stance The essays gathered here engage such issues as well as the paradoxes of corporate sport and the persistence of scientific racism in the athletic realm
